

ASTRONOMICAL CLOCKS

MAJOR CELESTIAL EVENTS

Occurrences for 2015

'This, then, is how you should pray: Our Father in Heaven, Holy is your Name, Your Kingdom come, Your will be done, on Earth as it is in Heaven.' – Matthew 6:9-10

The purpose of this chapter with accompanying charts is to illustrate the major celestial occurrences that took place in 2015. The most notable events were the peculiar 3rd and 4th total lunar eclipses of the Blood Moon Tetrad. The total solar eclipse of the Spring Equinox of March 20, 2015 was very significant if not prophetic. There were several planetary alignments and conjunctions, most notably the Retrograde of Mercury in-between the Horns of Taurus that culminated in the Summer Solstice.

One occurrence in particular that of the triple Planetary Alignment of Regulus-Jupiter-Mercury in Leo on August 6, 2015 will be highlighted in the chart. This will illustrate the divine principle of 'reflection' between Heaven and Earth on an astronomical scale of the celestial movements that occurs '*As Above, So Below*.' Jesus Christ warned His Disciples of what would accompany the End of Days, that such signs in the Sun, Moon and Stars were directly linked to the 'Last Generation' just before His Return; it behooves His Church and Humanity to take note of them.

To have an appreciation of the synchronicity of such celestial 'signs' or movements, several concepts of celestial time will be depicted by various types of Celestial Clocks. Such will illustrate how the Sun and Moon in particular are divinely set to 'clock' the dimension of Time. According to the Bible in the book of Genesis YHWH exclaimed that such celestial bodies were specifically set for the benefit of Mankind to determine time, signs and divine appointments between the Creator and Humanity.

In very simplistic terms, the Sun is like the 'big hand' of a wall clock and the Moon is the 'small hand. Such Divine Appointments or Feasts were to be a 'dress rehearsal' that corresponded to its prophetic type that was and is still to be fulfilled in and by Jesus Christ. They also were to be kept especially by those having a Covenant Promise with YHWH through the Blood of the Lamb, the Messiah, Jesus the Son of David. The Bible declares that after the 1000 year reign of Jesus Christ as Sovereign on Earth from Jerusalem, He will make a new Heaven new Earth that thereafter no more time shall be.

Φ Moedim of YHWH

1. *Passover*

2. *Pentecost*

3. *Rosh HaShanah*

The Elements

The 4 basic Elements of Creation as far as Earth is concerned corresponds to the 4 main cardinal points of the several aspects of Creation; the Universe, the Cardinal Points, the 4 Stations of the Seasons and so on. The Elements of the Eons are the same Elements that make up the Metallic Messiah or Christ of Nebuchadnezzar's dream interpreted by the Prophet Daniel in the Bible. These 4 elements also are found in the making of the Tabernacle of Moses in the Wilderness and subsequent Temple in Mt. Zion, i.e., Temple of Solomon. These are also the elements depicting the 4 Beasts that are to rule the Earth until the Return of Jesus, the Messiah.

|-----------|--------------------------------------|
| 1. Gold | <i>The 1st Age (Age of Aquarius)</i> |
| 2. Silver | <i>The 2nd Age</i> |
| 3. Bronze | <i>The 3rd Age</i> |
| 4. Iron | <i>The 4th Age (Present Age)</i> |
| 5. ? | <i>The 5th Age (The Age to Come)</i> |

The 4 Eons of Time

6 Parts @ 25,920 = 4,320 years

4,320 years / 12 signs = AGES or Eons

A Celestial Day

From a northern hemispheric perspective, the 'Night' constellations correspond to the winter season. The 'Day' constellations thus correspond to the summer season. As the Sun traverses the Zodiac or Mazzaroth, the station or 'Sign' that the Sun is stationed at corresponds to the celestial time of the 'day' astronomically speaking. As there are only 12 hours in a day, thus only 12 stations or Zodiac are in a Celestial Day. In essence, the Sun as well as the Moon are indeed a 'clock' that keeps record of the dimension of Time.

4 Stages of a Day

1 Day = 1 Night and 1 Day

1 Day = 24 Hours

12 Hours each

60 Minutes = 1 Hour

60 Seconds = 1 Minute

2.4 Days = 144 Hours

24 Hours x 60 Minutes = 1440 Minutes

1. The Great Pyramid, Egypt - Man-Made Mountain

2. Mt. Zion, Israel

3. Mt. Sinai, Arabia

The Astronomical Schedule

The following is a list of the approximate time and date of major celestial occurrences for the year 2015. The retrogrades appear against the backdrop of the Zodiac Sign from Earth's perspective.

2015: Celestial Events

Jan 08, 2015 Conjunction: Venus-Mercury in Capricorn

Jan 21, 2015 Retrograde: Mercury in Capricorn (~1 month)

Feb 22, 2015 Conjunction: Venus-Mars in Pisces

Mar 14, 2015 Retrograde:

1. Saturn in Libra (~5 months) Apr-Aug 2015

2. Saturn in Scorpio (~5 months) Apr-Aug 2016

3. Saturn in Ophiuchus (~5 months) Apr-Aug 2017

Mar 20, 2015 Spring Equinox: Total Solar Eclipse in Pisces

Apr 4, 2015 Lunar Eclipse: 3rd Blood Moon of Tetrads-Passover

Apr 22, 2015 Conjunction: Mars-Mercury in Aries

May 19, 2015 Retrograde: Mercury in Taurus (~1 month)

Jun 12, 2015 Retrograde: Neptune in Aquarius

Jun 14, 2015 Conjunction: Sun-Mars at Taurus' Horns

Jun 20, 2015 Alignment: Mercury with Pleiades

Jun 22, 2015 Summer Solstice: Sun at Meridian with Mars

Jul 01, 2015 Conjunction: Venus-Jupiter at face of Leo

Jul 15, 2015 Conjunction: Mars-Mercury in Gemini

Jul 25, 2015 Retrograde: Venus in Leo (~1 month)

Jul 26, 2015 Retrograde: Uranus in Pisces

Aug 6, 2015 Alignment: Regulus-Jupiter-Mercury

Aug 23, 2015 Conjunction: Sun at Regulus

Sep 13, 2015 Partial solar eclipse on Rosh HaShanah

Sep 17, 2015 Retrograde: Mercury in Virgo (~1 month)

Sep 23, 2015 The Fall Equinox on Yom Kippur

Sep 25, 2015 Conjunction: Mars at Regulus in Leo

Sep 28, 2015 Lunar Eclipse: 4th Blood Moon of Tetrads-Sukkot

Oct 18, 2015 Conjunction: Jupiter-Mars in Leo

Oct 26, 2015 Conjunction: Jupiter-Venus in Leo

Oct 28, 2015 Conjunction: Venus-Mars-Jupiter

Oct 29, 2015 Alignment: Mercury 'birthed' out of Virgo

Nov 03, 2015 Conjunction: Mars-Venus in Virgo

Nov 11, 2015 Conjunction: Moon-Mercury in Libra-Sun in Libra

Nov 17, 2015 Conjunction: Sun-Mercury in Libra

Nov 29, 2015 Alignment: Venus 'birthed' out of Virgo

Dec 07, 2015 Conjunction: Moon-Venus

Dec 22, 2015 Winter Solstice: Mars 'birthed' out of Virgo

Retrogrades of Planets for 2015:

<i>Mercury</i>	3
<i>Venus</i>	1
<i>Mars</i>	0
<i>Jupiter</i>	1
<i>Saturn</i>	3

<i>Uranus</i>	1
<i>Neptune</i>	1

Super Moons

This phenomena occurs when a Full Moon is nearest to the Earth due to the Moon's elliptical orbit called Perigee. Most recently this happened on June 22, 2013 the same day the Star of David Alignment occurred. They are not necessarily rare occurrences and when they do occur, the Moon is 13% larger and 30% brighter.

The Super Moon occur on the last eclipse of the Tetrad on September 28, 2015. The next one is scheduled to occur on November 14, 2016 according to NASA. Super Moons also occur during the New Moon phase. The following is the combined types for 2015.

2015 (6)

1. <i>January</i>	20	<i>New</i>
2. <i>February</i>	18	<i>New</i>
3. <i>March</i>	20	<i>New</i>
4. <i>August</i>	29	<i>Full</i>
5. <i>September</i>	28	<i>Full (End of Tetrad)</i>
6. <i>October</i>	27	<i>Full</i>

As Above, So Below

The alignment of Regulus-Jupiter-Mercury approximated the angle of the Giza Pyramid complex in Egypt on August 6, 2015. This was just one of numerous celestial occurrences in 2015. What the significance of this alignment and date will remain to be seen. One possible correlation to the angle of the planetary alignment is that the angle correlates to the Giza angle toward Mt. Zion in Jerusalem, Israel. With this angle, the 3rd corner can be triangulated. This 3rd angle corresponds to the propertied real location of Mt. Sinai in Arabia.

It appears that the Great Pyramid was a sort of complimentary 'mountain' that was sacred to correspond to Mt. Zion and Mt. Sinai. In essence the Great Pyramid becomes the 3rd Mountain, man-made? What 'signs' will signify is up to interpretation but what is interesting about the triple Alignment at Regulus, Jupiter and Mercury on August 6, 2015 was that the 3 celestial bodies approximated the Giza complex angle of the Pyramids. The Giza Pyramid complex has been shown to be associated to Mt. Zion.

This study suggests that such an angle also determines the exact location of the real location of Mt. Sinai as all 3 sites are said to be 'Altars' of some sort according to the Bible. With Giza specifically, Isaiah 19 describes an 'altar' where the Great Pyramid sits on the edge and border of Egypt.

On Mt. Sinai and Mt. Zion, the Bible clearly describes times where Abraham and Moses constructed an altar unto the LORD as well. Perhaps such an alignment at Regulus will have to do with the Altar of the coming 3rd Temple in Jerusalem that will either be in effect, begun or commissioned in some form or fashion in the coming few years. The Altar will be the last piece to be in place for the Daily Sacrifices to commence.
