This event is free for members and their families/friends. You are encouraged to bring your favorite appetizer, salad, veggie, side dish, or desert to share, but it is not required. We will supply the pasta and sauces, plates/utensils as usual! And we will provide a few mixed soda flavors, coffee/tea, plus cups and some ice. Guests can also bring their own favorite beverage, including alcohol (drink and drive responsibly). RSVP to Marion at mgwe@pacbell.net with the number of people in your party.

If you have special diet needs regarding the spaghetti or sauce, please advise. For RSVP, special needs or questions, contact Marion at mgwe@pacbell.net

An Equinox is the time when the sun crosses the plane of the earth's equator, making night and day of approximately equal length all over the earth and occurring about March 20 (vernal equinox or spring equinox) and September 22 (autumnal equinox). Astronomically, the spring equinox marks the end of winter and the beginning of spring (vernal) in the Northern Hemisphere. Many cultures around the world hold feasts and celebrate festivals and holidays to mark the spring equinox.
