2017 Annual Meeting is History

The July 22, 2017 Annual Meeting was indeed a full house—standing room only!

While controversy was at a minimum, the meeting went on for at least 2 hours before attendees started to wander away.

Election Results

There were a record number of returned ballots this year. Thank you to all who returned their ballots. That participation is one that is critical to the health and well being of the community.

Congratulations to our new Board Member, **LARRY LARSON**, who was elected to a three year term. We all extend best wishes to him and the entire Board for the coming year. Thank you, Dennis White for your time and efforts given to the Board over the past years. Thank you, also, to our other candidates. We hope you will continue to participate in the park activities.

The measure to approve the hot tub proposal was defeated. I am sure we will hear more about this issue in the very near future. The membership did request more information about the pros and cons to the measure so a better informed membership could make an educated decision.

The amendment to the CC&R's was also defeated. It was voiced that the property owners had not received enough information to warrant a change. This is a critical issue if the property owners want the Board to be able to enforce our current CC&R's. More information and a re-vote will likely occur soon.

Result of the pool closure vote:

The pool will be closed from November 1 through April 1.

Environmental Committee

A lot of members inquired about the health of the trees in the park, and what we can do to protect them. There were several good suggestions and obviously this is an item of interest to all property owners. A hearty thank you goes to **Marion Wallace, Lot C22**, who agreed to become committee chairman for an Environmental Committee. Please contact Marion if you would like to participate in this committee.
