## How do I prepare my work for the Exhibitions?

- **ALL artwork should be ready for exhibition**, which means all 2-D artwork is *ready to hang and prepared properly for an exhibition*. In other words, you must provide a wire or other method for us to hang the work on the wall. (A plain piece of plywood is NOT ready to hang; it needs something to hang from) We have tabs for hanging if the piece is lightweight **ONLY**. **We may not hang work that is not prepared to hang.** *Make sure that the artwork is matted and presented in a professional manner.* Also, let us know which way the artwork is to be hung. If the work is oversized -- meaning larger than the Scholastic Guidelines --**we reserve the right not to hang it.** Please contact us if you think your piece may be too big.
- If you won an award for a **FILM & ANIMATION** we will prepare the video for you for exhibition.
- **ALL artwork needs to have the Scholastic Barcode attached to the back** -- if you can't find your paperwork, email us for a printable digital copy.
- **PLEASE DON'T FORGET: ALL artwork MUST have the student name, title, and school attached securely to the front of the piece.** This does not need to be something pretty -- it can be an index card or a taped-on scrap of paper. It seems silly, but with 500+ pieces of artwork, this tiny step can save us many hours. We will print the actual name tags for the exhibition.
- **If you won a key for an ART PORTFOLIO, you may only bring ONE selection from the portfolio for the exhibition.** Please circle which piece it is on the portfolio barcode paper on the back of your work.
- THANK YOU so much for your assistance!

## When is the Exhibition Opening and Awards Ceremony?
