PRESIDENT'S MESSAGE —Waskah Whelan

December is here and I would like to wish everyone a wonderful holiday season and a Merry Christmas, Happy Hanukkah and Happy New Year!

Republican Women of California – the Navajo Canyon members to be exact...remember, you are not just another pretty face. You are the voice of the Republican Party and our Republican candidates and what you say matters.

Our candidates talk about responsibility, preserving the American dream and saving the Constitution; Democrats never mention the word responsibility. They talk about grievance and blame and completely changing the rule of law, the banking system, the schools and the weather. Their purpose is to raise more taxes to make things *fair* and then redistribute the money to their left-wing voters.

The year 2021 has been remarkable for how many absurd changes have taken place so quickly in addition to the high number of grievances and wishes disguised now as *rights*. But the public seems to be catching on. The Republican Party is not on life support and is in fact doing very well in preparing for 2022. The Republicans have raised more overall this year than the Socialist-Democrats by nearly \$4 million. The Republican's fundraising success indicates the party is in a good position moving into 2022. The Republicans are looking to take back the House and even the Senate from Democrat control.

Next year, all 435 members in the House are up for reelection, and 16 Democrat members have already announced they are not running for their seat again. Nearly one-third of the members in the Senate are up for reelection, with many members announcing their retirement plans.

As the Republicans gain momentum trying to unseat Democrats and take back the House in the mid-terms, Kevin McCarthy has shown he is a fund-raising machine.

No matter how confused we sometimes we feel about the Republican Party...remember it is the only party we have. We need to stay involved and work to change what needs to be changed. Poll numbers have switched against Biden and the far-left because our side is fighting back and telling people what is going on.

You will be talking to many people over the month of December so please be the best ambassador you can be for the Republicans. Work to get the truth out about Republican candidates that believe in America-First. You can bring up all the stupid Biden-isms and Woke-isms floating around, but also talk facts, such as this...

"Summer Stephan spoke to Navajo Canyon RWC last month about the dangers George Soros backed District Attorneys in LA and San Francisco pose to the public when they refuse to prosecute criminals or put repeat offenders back on the streets without bail. Thank goodness we have such a strong DA here in San Diego. She's running for re-election, you know!" Anytime you hear "crime" mentioned in a conversation, bring up this fact!

WAYS AND MEANS—Diane Randolph

I'd like to take this time to thank all the members for your support throughout the year. You made my job easier and 2021 would not have been successful without your help.

Our theme for 2021 was **Republicans Roaring Through the 20's** and we definitely did in Virginia, New Jersey, Seattle and multiple places throughout the USA including some spots in California. We have a theme picked out for 2022 which Waskah will be announcing soon and hope you like it as much as I do.

If you would like to volunteer to be on the Ways and Means committee please send me an email. My email address is diane.randolph@att.net. I'd like to schedule a meeting in January to develop plans for the year as well as ideas for the fashion show.

In parting I'd like to wish you all a

CHAPLAIN—Ginny Wisley

*“For unto us a child will be born to us, a son will be given to us...
And His name will be called Wonderful Counselor, Mighty God, Eternal
Father, Prince of Peace.”
Isaiah 9:6*

I hope that you all had a great Thanksgiving. Now the Christmas season is upon us. This year has truly gone fast. It seems that I just typed the December 2020 issue of the newsletter, but that was 12 months ago.

We have in the past year gone through a pandemic (or remnants of), an election (or a replication of), an ending of a war (or a replication of), a horrid economy (nothing to compare that to!).

We have three years with the current government. But with this advent season that starts on 28th November, we start with Hope. That doesn't have to wait for three years. That can start NOW.

I pray that your season of love, be it Christmas or Hannukah, start from within your heart and resonate to your family and friends, and be filled with blessings and joy and that 2022 be happy and healthy.
