## Assumption of Risk, Waiver of Liability, and Indemnification Agreement

**Nature of the Activity:** Fun Slides Carpet Skatepark and Party Center LLC., (hereafter referred to as **Fun Slides**), provides an opportunity for clients to stay physically active and to challenge themselves in a fun carpeted environment. Fun Slides activity involves the use of carpet skating sports equipment on or around ramps, grind rails, slides, inclines, declines, steps, obstacles, fences, and more. Fun Slides activity is similar to other skate or skateboarding sports with the exception that the entire skating surface is carpeted and Fun Slides Carpet Skates are worn. Other activities include, but are not limited to, sitting or lying down while sliding on slide boards or other gliding equipment, dodgeball, bounce & slide inflatables, and a Super Ninja Course – a fun course that involve rails, stairs, ledges, rock-climbing handgrips, and more. All this, and more, is set in a blacklight environment with other participants.

Fun Slides can help both children and adults stay active and physically fit. It also increases self confidence, provides relaxation, allows competition, and is fun. Fun Slides offer an opportunity to compete with self and others; improves balance, agility, and coordination; and provides entertainment. Even though Fun Slides 1) has designed the facility with the goal of providing a safe experience, 2) provides instruction in some activities, 3) provides general supervision of activities, 4) has developed rules and policies that focus on safety, and 5) has greatly reduced the danger of falls through the use of carpeting, it is impossible to eliminate all risks or the possibility of injury in active activities such as those at Fun Slides. **Inherent Risks include**, but are not limited to: falls, collisions, low lighting, loss of balance, erratic bounces, striking hard surfaces, visual & audio distractions, slippery surfaces, strenuous exertion, being struck by objects or people, and unexpected equipment failure. Other inherent risks include failure of participants to follow safety rules, careless or negligent actions by participants, errors in judgment by staff or participants, and occasional lack of attention and the inability of patrons who accompany a minor to the facility to constantly supervise that minor or lack of attention or inability to observe every activity occurring in the entire facility by our staff. There are also **inherent risks of being an observer or spectator at Fun Slides**. Those risks include, but are not limited to, slip and fall accidents on the premises, falling over objects in low lighting, being struck by flying objects, colliding with a participant, as well as all participant risks if you skate without registering.

Three types of injuries can result from the inherent risks of vigorous activities such as Fun Slides. The first and most common injuries are minor in nature. Some of these include bruises, carpet burns, muscle strains, contusions, ankle sprains, lacerations, and muscle soreness. More serious injuries are less common, but can also occur in any vigorous activity. Some of these include broken bones, concussions, joint injuries, and internal injuries. The least common type of injury is the very rare instance of a catastrophic injury. These remote incidents, possible in any vigorous activity, can include stroke, heart attack, paralysis, and even death.

**Definitions: FS Client** – refers to a minor client, parent(s)/legal guardian(s), adult clients, spectators, & anyone on the premises.

**Participation** – refers to any activity on the premises, whether playing, competing, observing, snacking, or otherwise.

### Assumption of Inherent Risks:

I, the FS Client, have read the previous paragraphs and I know and understand the nature of the activities at Fun Slides and I appreciate the types of injuries that may occur as a result of participating at Fun Slides and their potential impact on my well-being and lifestyle. I hereby assert that my participation (and my minor client(s)) is voluntary and that I knowingly assume all inherent risks.

### Waiver of Liability for Ordinary Negligence:

In consideration of being permitted to enter any facility of Fun Slides Carpet Skatepark, or Fun Slides Carpet Skatepark & Party Center LLC or SIMTEC CO. (hereafter referred to collectively as Fun Slides) for any purpose, including but not limited to, my presence at a party or other outing, or also observation of or participation in Fun Slide activities today and on all future dates, I, the FS Client (on behalf of myself, my spouse, my heirs, personal representatives, and assigns), hereafter referred to as Releasing Parties, hereby release, discharge, and covenant not to sue Fun Slides, its respective administrators, directors, agents, officers, employees, volunteers, other participants, sponsoring agencies, sponsors, advertisers, and if applicable, the designers, builders, equipment manufacturer(s), owners and lessors of premises used to conduct the skating activities, along with their employees or agents (hereafter referred to as Protected Parties) from all liability, claims, demands, losses, or damages to person or property on my account (or my minor client(s) account), even if caused or alleged to have been caused in whole or in part by the Active or Passive Negligence or Fault of the Protected Parties.

This agreement applies to all claims whatsoever whether or not known or anticipated, including but not limited to 1) personal injury (including death) from incidents or illnesses arising from my presence or participation at Fun Slides (including, but not limited to, active participation, classes, observation, individual use of facilities or equipment, locker room area, rescue operations, supervision, maintenance or design, rental equipment, and use of all premises including the associated sidewalks and parking lots); 2) any and all claims resulting from the damage to, loss of, or theft of property; and 3) any claims that I (and my minor client(s)) now have against Fun Slides or may have in the future against Fun Slides.

### Indemnification:

I, the FS Client, also agree to hold harmless, defend, and indemnify Fun Slides and other Protected Parties (that is, defend and pay any judgment and costs, including investigation costs, attorney's fees, and related expenses) from any and all claims of Releasing Parties or others acting on my behalf (or my minor client(s) behalf), from participation in Fun Slides activities or presence on the
