**Snow Removal:** Snow removal is done by a company that the board has contracted with.

In the contract it states that the company will plow snow after two inches of accumulation. Removal will be done by 7:00am if snowfall ends by midnight. During a prolonged snowfall, removal will be done within eight hours of the first accumulation and then every twelve hours for the duration of the storm.

**During Severe Weather, this schedule may be altered.**

Shoveling of walks, porches and driveways is done first and will be plowed within an hour after done.
