

As a volunteer-driven organization, CASA is one of the most efficient ways to make a major difference in the lives of children and ultimately improve the communities in which we live and work.

By investing in the "I am for the Child" Guild, you will become a partner in the success of CASA of Southeast Texas while also providing an opportunity to bring positive change to the life of one or more children. Few, if any, causes have a more compelling appeal. In choosing to participate, you can feel good about helping to serve our community's most vulnerable population -- children in the child welfare system.

In addition, CASA also offers a unique volunteer opportunity. Many of our CASA Volunteers are the employees and associates of local companies. Volunteer programs give greater exposure in the local community, and employees become engaged in and supportive of their commitment to CASA.

Your individual gift will empower one or more abused and/or neglected children with a CASA volunteer. This CASA Volunteer will be the child's voice in court and a trusted friend. On average, it costs \$1,000 a year above current funding being received to serve a child. We hope you will consider a multi-year commitment to our children. A small price for such a big reward!
