AIR TRANSFER+ APP

This free program is used to transfer notes via Google Drive to an iPad or iPhone. Tutorial sessions offered to students on how to transfer files on a monthly basis

Download on the
 App Store

For iPhones, iPads, & Laptops

Mr. Ngo's Air Transfer+ Workshop

What is this program used for?

2

1. To transfer class notes and/or E-Book from Google Drive to your Laptop, iPhone, and/or iPad

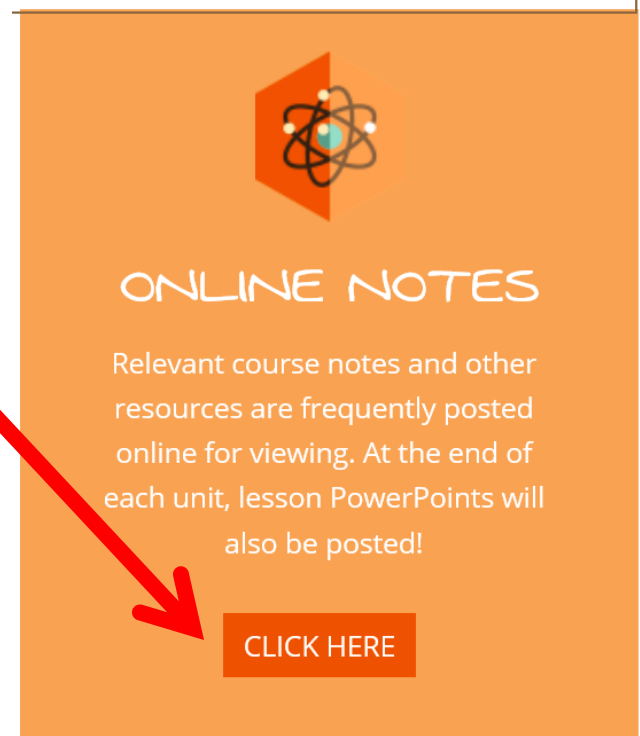

Directed to Physics students in Mr. Ngo's classes

If you are using the iPad and/or iPhone, download the app onto your phone by going to Mr. Ngo's Web Site (www.mrngolearning.com)

Step 1: Downloading Files onto your Computer

3

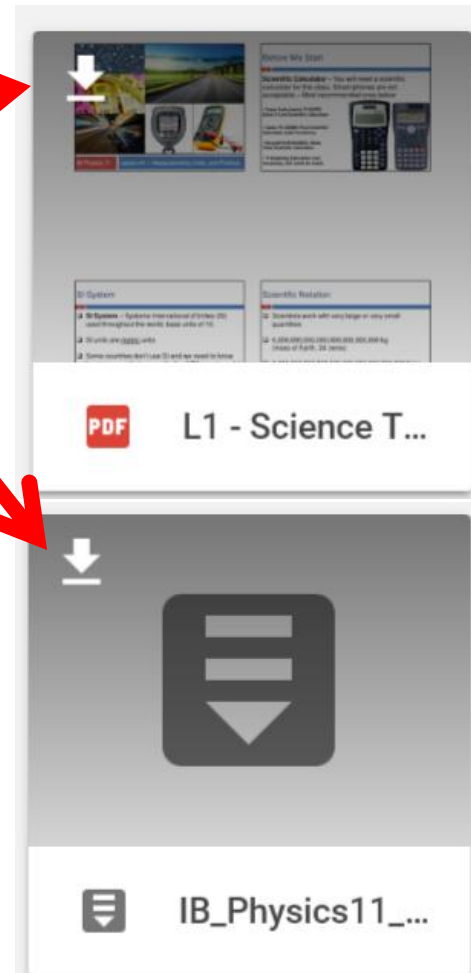

- Go to www.mrngolearning.com and click class notes
- Next, go to an appropriate folder and download your notes onto your computer

Step 1: Downloading Files onto your Computer

4

- Most of the time, you'll see this icon if you scroll on top of the button. Depending on what you want to download, push that button

Step 1: Downloading Files onto your Computer

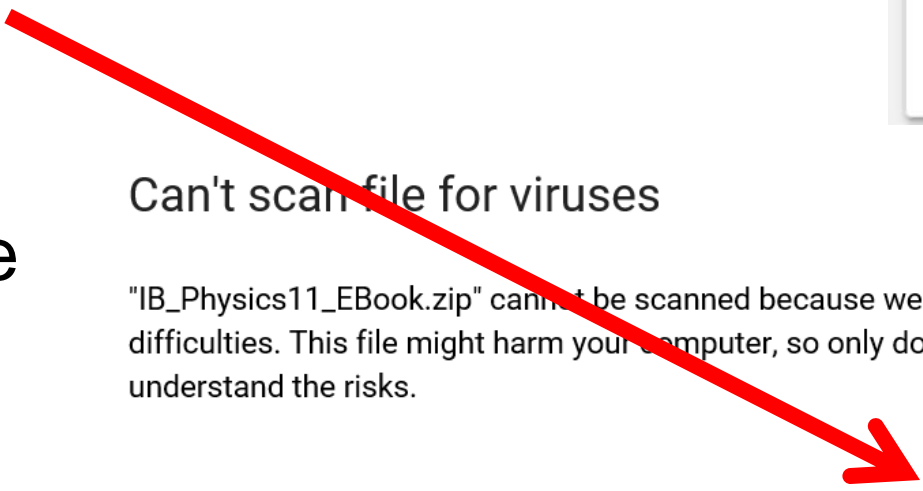

- You should see this pop-up. Download anyways, and put it in a folder you know you can recognize
- At this step, you have the files locally on your computer

Can't scan file for viruses ×

"IB_Physics11_EBook.zip" cannot be scanned because we are experiencing technical difficulties. This file might harm your computer, so only download this file if you understand the risks.

CANCEL **DOWNLOAD ANYWAY**

Step 2: Transferring the Files to the APP

6

- Go to your iPhone or iPad and open up the APP

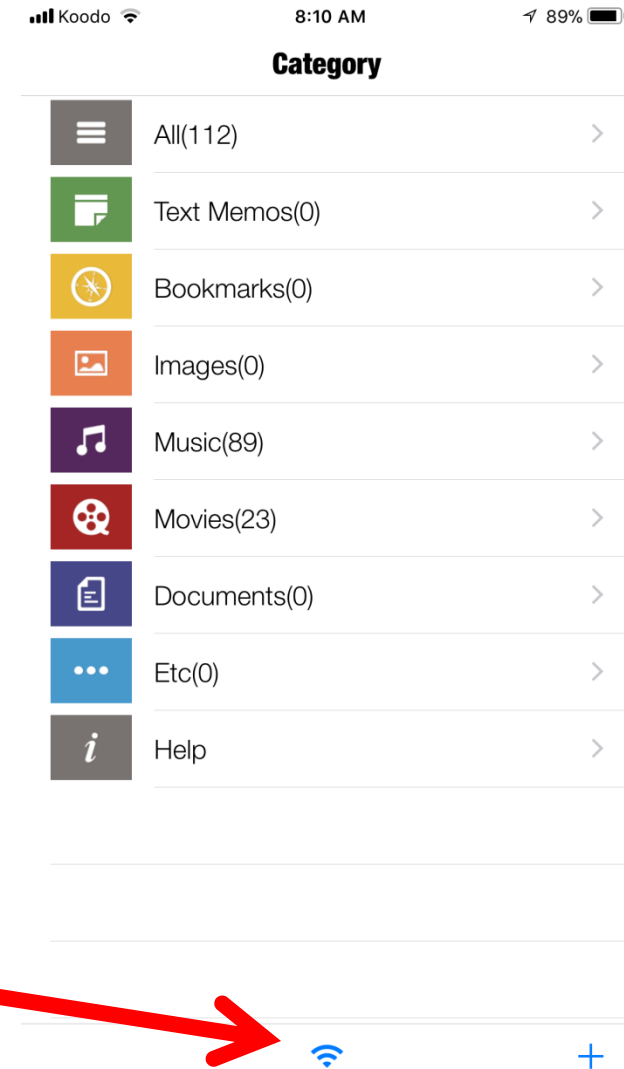

Step 2: Transferring the Files to the APP

7

- You will see this screen pop-up. Make sure both your laptop and your iPhone (or iPad) is connected to the same wi-fi.

If not, this step won't work.

Push the button that looks like the antenna

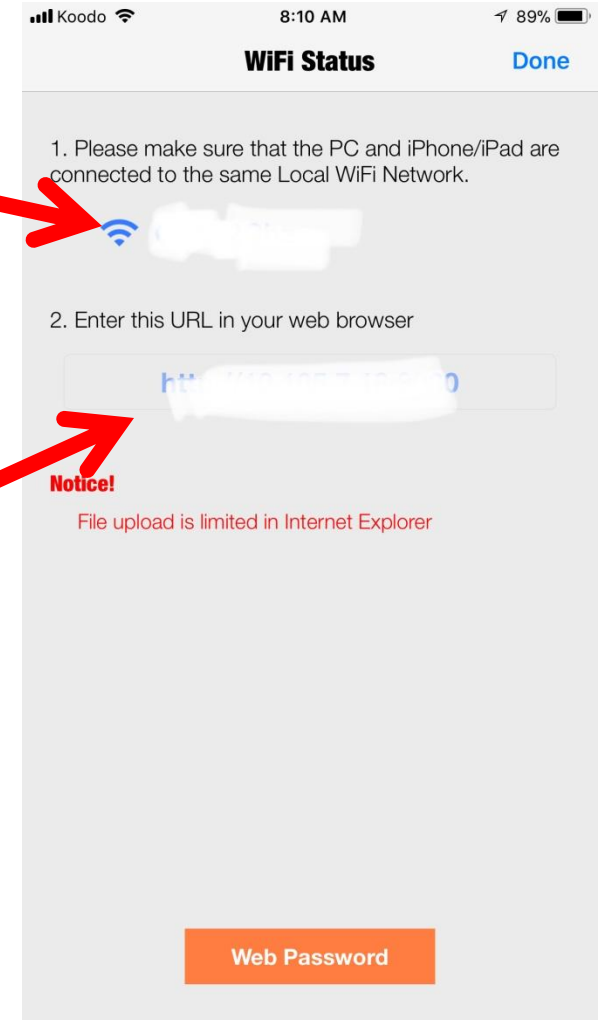

Step 2: Transferring the Files to the APP

8

- This screen will pop-up. It displays your router-name

It will also display a unique URL that you need to enter (exactly) to transfer your documents

- Keep your device on and open to this screen, and open up your Internet browser

Step 3: Transferring the Files to the APP

9

You will see this screen in your browser. Drag and drop the files you want into the upload files bin. You will be able to see your files in your device now

The screenshot displays a web interface with a sidebar on the left and a main content area on the right. The sidebar contains three sections: 'Add Memo' with a text input field, 'Add Bookmark' with a URL input field, and 'Upload Files' with a large circular arrow icon and the text 'Drop Files Here'. A red arrow points from the 'Drop Files Here' area towards the main content area. The main content area shows a file management interface with a refresh button (circular arrow with '2'), a dropdown menu set to 'All (112)', and a pagination control showing '1-20 of 112'. Below this is a table with columns for 'Name', 'Type', and 'Action'. The table lists several files, including video files (MP4) and audio files (MP3), each with a download icon in the 'Action' column.

	Name	Type	Action
