

2016 Season Happenings

Club Meeting – Late October – date not yet set

Attention Hunters – Please contact Perry or Walter and advise us about potential trail problems. If you happen to see trail signs or orange markers laying down, please pick them up and stand them up against a tree. When we open the trails, we will either reuse them or bring them back to the club.

Empty Bottle Return – Saturday, Oct 17 from noon to 4pm.

Chainsaw Course – Workplace Safety North will conduct a course for \$80 per seat. There is a discount if the class is 10 or larger. Please contact Perry if you are interested.

Firewood – The Trails in our area have lots. We need volunteers to clean up the trails and make our trails safer. Contact Perry for more info.

Recycling Program – I spoke with a few students/teachers about the idea. My proposal was to offer the Clubhouse to the Recycling Volunteers to collect pop cans and for those who brought refundable empties, they could donate them to the Recycling Committee.

Permit Sales – Thanks Home Hardware and Esso staff by helping in the past. Only one more year for local permit sales because in 2017, all permits will be sold online only. Last season, 87% of permit sales were done online. As in years past, Perry will assist anyone in purchasing a permit online.

Hornepayne Snowbear Facebook Group – Please join because I use this a lot to post trail updates and club happenings

Perry 868-1111 or 228-3646

Walter 228-1281
