

Wayland Men's Softball Rules

Game length

- 1.5 hours or 9 innings whatever comes first, must finish inning. A new inning will be started if there is any time left before the 1:30 hour game limit. That inning will be finished regardless of time. *If we have a tie after nine innings and the 1 hour 30 minute deadline has not occurred...a 10th inning will be played. After 10 innings and still a tie the game will be declared a tie.*

Fly ball caught then ran out of play, *no auto-advancing runners (obscure ASA rule)*

Illegal pitch

- you have the right to swing and then it is live play.

Collisions

- You cannot collide with base player. You must slide if a collision will otherwise happen.

2nd base

- You must slide or peel off with double play. No arms up to break up the double play. If interference, batter will be called out. Decision is at UMP's discretion.

If a batter is hit by pitch...it is a ball. Batter does not take a base automatically.

Consider every ball live unless told otherwise by UMP.

Pitcher must start with 1 foot on pitching rubber (2 not needed)

No metal spikes allowed.

Last out pinch runs if runner needed.
