

# MESSY PLAY Classes

**ARTJAMMING Messy Play** is a weekly parent (or caregiver) participation class for children ages 8 months to 4 years. The class will last for 1 hour and will be offered in 8 week sessions (unless otherwise noted in the schedule).

**ARTJAMMING Messy Play** will help develop children's cognitive, emotional, social and physical skills. The classes offer an outstanding opportunity for children to grow and learn. Young children of all ages can enjoy and benefit from messy play. Infants and toddlers may simply explore the materials and enjoy textures and smells. As preschoolers grow, they will begin to ask questions and experiment with the materials to find answers. Each child will benefit in his own way. **ARTJAMMING Messy Play** helps children to develop concepts. These concepts are the basis for later learning.

**Special Benefits:** Children who are in the process of learning English as a second language can join in and use the materials with their peers because ARTJAMMING Messy Play does not rely on words. Since there is no "right way" to do messy play, children with special needs can use these open-ended materials as they wish.

**ARTJAMMING Messy Play** is a fabulous way of allowing young children to gain confidence in their own imagination. At **ARTJAMMING Messy Play** we focus on the process and not the product allowing children the freedom to create their own masterpieces to take home.

Young children explore not only with their hands but with their mouths so we make sure that everything we use is non toxic. If, however, your children have any food allergies we advise you to exercise caution. Products and materials we use may include wheat, dairy, gluten, nuts, sugar, salt etc.

We ask that you bring a towel and a spare change of clothes for your child each week. We advise you and your little one wear old clothes too as our materials DO stain– we do provide aprons for the adults if required!
