Trade Premise with Village Container	
1 cubic yard container	\$9.20 per call
2 cubic yard container	\$15.00 per call
3 cubic yard container	\$21.30 per call
Container Rental Charges	
1 cubic yard container	\$ 20.80 per month
2 cubic yard container	\$ 26.00 per month
3 cubic yard container	\$ 31.20 per month
20 cubic yard container (construction/roofing)	\$16.65 per day
20 cubic yard container drop off/pick up	\$40.25 per pick up or drop off
Depot or Transfer Station Disposal Fees	
Solid Waste - effective January 1, 2017	\$148.70/tonne
Construction Waste - effective January 1, 2017	\$148.70/tonne
Motor Vehicle	\$ 26.00 per vehicle
White Goods	\$5.25 per unit
Yard Waste	No charge
Travel Charge – travel premium per round trip Gold River to Tsaxana Indian Reserve #18	\$92.05
Minimum Disposal Fee	\$4.50
Where fees are not specified above the fees and charges specified in the Comox Valley Regional District (Comox Strathcona Waste Management) Fees and Charges Bylaw shall apply.	

Recycling facilities are provided for selected commodities, which may be accepted free of charge when placed in containers provided. Village Solid Waste/Construction Waste Tipping Fees are set approximately 14% higher than RD Tipping Fees to offset Village Overhead Costs. RD rates effective January 1, 2017 (\$130.00/tonne).

VILLAGE OF GOLD RIVER
Amendment Bylaw No. 612.7, 2017

SCHEDULE "B"

Scale of Charges
(while scale is out of service)

Scale Depot Attendant has authority to utilize any discretion necessary estimating the volumes for fee calculation.

	Residential Waste	Construction Waste
Garbage cans or bags (2 or less)	\$ 4.50	\$ 4.50
each additional bag	\$ 2.50	\$ 4.50
each additional can	\$ 2.50	\$ 4.50
 ¹ Pick up truck (based on regular box)		
½ load to box level	\$ 9.20	\$ 18.40
full load to box level	\$ 18.40	\$ 36.80
full load approximately 1 ft. above box	\$ 27.60	\$ 55.20
full load approximately 2 ft. above box	\$ 36.80	\$ 73.60
full load approximately 3 ft. above box	\$ 46.00	\$ 92.00

¹ Based on 8 feet x 4 feet x 2 feet = 64 cubic feet divided by 27 cubic feet = 2.34 cubic yards
(estimate 1 cubic yard for half load to box level of full size pickup) x \$9.20 = \$9.20
(estimate 2 cubic yard for full load to box level of full size pick up) x \$9.20 = \$18.40

² Duroids – (Construction Waste – based on number of squares) – \$9.45/square

estimate based on 200 lbs/square
assume 30% weight loss – 200 lbs x 70% = 140 lbs/square estimate for disposal
2200 (lbs per tonne) divided by 140 (lbs per square) = 15.7 squares per tonne estimate for disposal
\$148.70/tonne divided by 15.7 squares = \$9.45/ square

Non-standard or other containers or disposal – Attendant needs to estimate.

Anything unusual will have to be estimated or approximated with tape measure.

Estimates are based on 1 yard bin at \$9.20
1 yard equals 3 feet x 3 feet x 3 feet
Multiply length x width x height - divide by 27 to get cubic yards and x \$9.20 to calculate fee
Minimum charge \$4.50

Scale Depot Attendant has authority to utilize any discretion necessary estimating the volumes for fee calculation.

*estimates use rounding when calculating
