April / May Edition

Principal's Message

Luke Morse, Principal

Tip!

Don't forget to put on sunscreen before coming to school in the mornings as the sun is getting warmer and we don't want any sunburns!

Most people are familiar with the story of the three little pigs. One pig built his home out of straw, one out of sticks, and the third out of bricks. When the "big, bad wolf" tried to blow their houses down, the first two easily succumbed while the house of bricks stood firm. Jesus told a similar story to his followers, focusing neither on anthropomorphic pigs nor the houses they built, but on the foundations of proverbial houses. Even an apparently sturdy brick structure will not withstand the elements if it is built on a weak and shifting foundation. A house built on rock, however, will have as its base a sure and unwavering foundation. We might think of our school as a house built on a firm foundation. Naturally, we strive to provide a solid academic education (the bricks and mortar of our profession), but without Christ as our base we will not endure the tempests. Particularly as we enter a season of significant change -- the prospect of moving into a new building -- may we focus to an equal extent on our spiritual foundation as we surely will on our structural foundation. In so doing, we will be as the wise builder teaching young apprentices how to choose firm foundations for future success.

"The rain came down, the streams rose, and the winds blew and beat against that house; yet it did not fall, because it had its foundation on the rock."
Matthew 5:27

April Events & Next
Month

JK/SK

The JK/SKs have been busy this year enjoying Star of the Week, watching frogs grow, while also learning their numbers up to 100 counting by 2s, 5s and 10s, learning how to read and write, excelling in French and putting on a play for chapel. This month, they are putting on a Mother's Day Tea and have been to the police station, and are excited to go see "Peter Pan" at the Sudbury Theatre Centre.
