PRESIDENT'S MESSAGE

Hi Everyone:

I want to personally thank all of you for helping make our 20th anniversary a huge success. We had standard schnauzers entered in conformation as well as Fast CAT. There were lots of member wins and should be lots of brags later in this newsletter. Our trophy theme centered around Gnomes. We even got lots of compliments on our trophies from non-schnauzer fanciers. There will be a few pictures in this newsletter if you didn't get to see the trophies in person. The special thing about these trophies was that they were all handmade by Prairieland members.

Our banquet was a whole lot of fun. The food from Bandana's was delicious. We followed our birthday cake dessert with the silent auction and ticket draw. This year we had a large quantity of items that were handmade by members. Everyone put their all into providing items that were enticing to everyone who attended.

Again, thank you to all who attended and to everyone that worked to make this 20th anniversary such a huge success.

Your president,
Connie Reidner

PSSC MEETING MINUTES 05/29/2022

A short Prairieland Standard Schnauzer Club meeting was held at the VFW in Bloomington, IL on 5/29/22, during our annual PSSC Specialty banquet.

President Connie Reidner conducted the meeting.

Treasurer's Report: Available at next meeting. **Minutes** were approved from the last newsletter.

Connie congratulated dog and owner winners and thanked everyone for coming to the show. Happy Birthday to those attending with May birthdays: Diane Kachur, Marsha Landers, Kathy Koehler, Dorothy Pazereskis.

Acknowledgment of Memorial Day and thanks were given to all the veterans present. Connie thanked Barry Conder for reserving the VFW for our banquet.

We had a new dinner caterer this year, Bandanas BBQ. There were several positive comments on the food.

Winners of the silent and brown bag auctions were announced. Thank you everyone for supporting our auctions!

Adjournment

- No further business was conducted after adjournment.

GREAT TIME!!

PSSC celebrated the 20th Anniversary specialty this year. We had a lot of fun planning and getting ready for the “party.” In April we met at Don & Diane Kachur’s home to put together the trophies and the hospitality bags for everyone. Connie Reidner and Marsha Landers had already made the big gnomes which were given for the main trophies for Sweepstakes and the regular classes. Penny Duffee made the glass trivets and some tin art pictures for other trophies.

As a special treat Diane set a pretty table in her dining room for lunch.... Complete with schnauzers as a part of her centerpiece. We sampled food from the prospective caterer for the annual Sunday evening dinner – it met with everyone’s approval!

gnome trophies preparation

lunch setting

There was a good entry for the shows. . . with people from PA, IA, MN, TN, WV, NC, MO and WI as well as IL. Always fun to see old friends – and meet a few new people too! Wins were shared across the week-end (see results elsewhere in this newsletter). Everyone at the shows seemed to enjoy the special trophies. . . many other breed exhibitors and spectators stopped to comment on our trophy table (or even take pictures). A special thanks to Connie and Marsha!

Heartland SSC supported the entry on Saturday, which was greatly appreciated. PSSC plans to support the breed one day at the HSSC specialty weekend the end of August in MN. Sunday evening dinner was fun – and everyone enjoyed the hospitality and the food - in spite of Penny forgetting to have someone pick up the birthday cake or bring plates and forks to eat it (thanks to Marcie, SuzAnne and Jon for stopping to get it). Who said you can't eat cake on a napkin with your fingers. . . !

Everyone got a small gnome as a table favor – made by Connie Reidner. They were boys and girls and each differently dressed. Lots of work – thanks Connie!!

As always there were a lot of great things for the raffle and silent auction contributed by everyone – thanks to all for the support!! A couple of items sparked some serious bidding – right down to the last second! Amy Wieman and her Mom, Carol, and Darcie Mair were especially lucky in the raffle drawings. (Newcomers' luck??)

Thanks to everyone who put in a lot of work – that's what makes our shows successful!

NEXT MEETING IS OUR PICNIC

The July meeting will be our annual picnic. Watch your email for exact date – a Saturday instead of our usual Wed evening meeting. As usual the club will provide the meat – and Kathy will be sending out an email for you to sign up for whatever dish you plan to bring.

SPECIAL THANKS!

A very special thanks to our editor, Kathi Dvorak, for getting this Newsletter out with all her puppies to take care of!! Don't know how that girl does it all – but we are glad she does and appreciate her efforts and patience with the rest of us!!

Thank you Don Kachur

What do dogs think when you board them while on vacation?

By: Karen Carmichael & Jill Lewellen Aiona

My experience with dogs has convinced me they are the greatest thing to ever happen to the planet. They by far outweigh humans in every capacity. They are unwavering in their loyalty, compassion, forgiveness, understanding, unconditional love, respect, dedication, inert protectiveness of their family (to name but a few qualities) - and yes, we are their family. My dogs are my children. Dogs have literally laid down and DIED waiting for their 'mom or dad' to come home. When we walk out the door, they do not know if we are ever coming back. Imagine having someone you love more than your own life and rely on so completely leave without knowing if you'd see them again. Our dogs experience the feeling of complete and total loss every time we go away. Imagine how they must feel if you stick them in a strange place with people they don't know and who don't know them? You don't know exactly how they will be treated or boarded - unless you're able to walk in unexpectedly into the 'actual' boarding and play areas. I have and you'd be shocked!! Their feelings? Abandoned? Lost? No longer loved? I can only imagine the sheer terror their kind and loving hearts and souls go through, only to relive the trauma EVERY SINGLE DAY you are away. And what must they think when you return? "You came back for me!! You DO love me!! Tell me what I did wrong and I'll NEVER DO IT AGAIN! I LOVE YOU AND I MISSED YOU! I'M SORRY!!" I would never board my dogs. They have been left with those they know VERY WELL - a 'part of the family' they know and love and will LIVE IN with them while we're away.

This is what the entrance to the Rainbow Bridge looks like!

Why do they call it Rainbow Bridge?

It is called the Rainbow Bridge **because of all its beautiful colors**. Just this side of the Rainbow Bridge there is a land of meadows, hills and valleys with lush green grass. When a beloved pet dies, the pet goes to this place.

What a beautiful reminder Don Kachur

Purina Pro Plan DOG Update Spring 2022

Developing A Model To Evaluate Potential New Therapy For Kennel Cough

Owners who train their dogs in group settings and participate in sports where there are lots of dogs have likely experienced canine kennel cough. A honking sound, strong cough, runny nose, lethargy, and loss of appetite are telltale signs of canine infectious respiratory disease (CIRD) complex caused by various viral and bacterial pathogens.

Easily spread through airborne droplets and direct contact with a contagious dog or contaminated object, kennel cough can quickly affect all dogs in a kennel or those living closely together. Most dogs recover without treatment in 10 to 14 days.

Preventive vaccines are available for the *Bordetella bronchiseptica* bacterium, a common cause of kennel cough with signs ranging from mild upper-respiratory illness to severe bronchopneumonia, as well as some of the viral causes. Antibiotic treatment may ease the clinical signs of infected dogs with bacterial infections, but they do not work for viral infections.

“While there are vaccines, they vary in efficacy and sometimes fail to induce a sufficient immune response to slow or stop infection,” says Gisela Soboll Hussey, DVM, PhD, associate professor of pathobiology and diagnostic investigation at Michigan State University. “We are developing a canine airway cell-culture model to study the viral pathogens that contribute to kennel cough and to evaluate the efficacy of a modified interferon lambda as a new therapy.”

Funded by [Morris Animal Foundation](#), and the Office for Research and Graduate Studies and the Department of Pathobiology and Diagnostic Investigation at the College of Veterinary Medicine at Michigan State University, the research focuses on prevention strategies using interferons, which are proteins found naturally in the body that have an important role in fighting infectious diseases. “We are hopeful this will provide an emergency therapeutic or an adjunct therapy to use with vaccines to effectively reduce or control CIRD infections,” Dr. Hussey says.

[Nine bacterial and viral pathogens are linked to CIRD](#). Besides *Bordetella bronchiseptica*, they include the bacteriums, *Mycoplasma cynos*, found in dogs with pneumonia, and *Streptococcus equi*. subsp. *zooepidemicus*, which can cause mild upper-respiratory disease and subclinical infections. Neither has a vaccine treatment.

[Viral pathogens that can cause CIRD](#) and for which there are vaccine treatments are: adenovirus-2, which can cause a harsh cough and mild upper-respiratory signs; distemper virus, producing respiratory signs combined with lethargy, ocular discharge and fever; influenza virus, ranging from subclinical to severe disease with secondary bacterial infection; and parainfluenza virus, a highly contagious, upper-respiratory illness. Viral pathogens for which there are no vaccine treatments are herpesvirus-1, which causes subclinical or mild respiratory signs in adult dogs and severe disease in neonates, and respiratory coronavirus, which ranges from subclinical to mild upper-respiratory signs. Long-term immune protection from viruses involves a strong interferon defense. “By using interferons directly as a treatment, there may be an advantage for immediate protection and also for stimulating better vaccine immunity,” Dr. Soboll Hussey says.

“Interferons may function like a broad-spectrum antiviral that helps protect dogs against multiple viral groups. This is what we hope to find out.”

SCHNAUZER TALES

This is your chance to share “tales” about your Schnauzer – show ring wins, performance wins and titles, or any other accomplishments or news that you want everyone to know about. Send e-mails (pictures welcome too!) to our editor, Kathi, himeldad@aol.com for the upcoming issues!! Remember to e-mail things as they happen. . .don't wait for the deadline and then forget. We love reading about your Schnauzers!

What have you been up to???????????

Ch Katon's Hear the Tiger Roar v Morgenwald presented Kathy Koehler and Penny Duffee with 5 puppies on April 5 – 3 girls and 2 boys. The sire is Ch Morgenwald's Knock-out V Skico, a dog shown in the early 1990's by Penny. He was SS of the Year Opp Sex in 1995.

5 is a nice size litter – sure glad RoarEE didn't want to match Kathi Dvorak's litter of 11 !! We are too old for all that much work!! They have been fun and very good puppies. Took them to PA for ear cropping. It was the first trip with the new motorhome ... and a really challenging trip!! Our first Class A – big change from the Class C !! (I know – Bob Dobbie keeps saying "it is all about the windshield!" But that didn't help at night in the rain in narrow concrete walled road construction with semi trucks rolling past!!!) But all went well and we returned home safely. . . whew!!

We were sorry that we missed the PSSC Specialty this year but we have been busy. . .

On Saturday May 14th, Rita (GCH CH Himmlisch-Arjo All Time High NA, NAJ, ACT2, ACT1J, FCAT, SWN, RATO, CZ8B, CGC, TKE) blessed us with a beautiful litter of 11! – 9 boys and 2 girls. Thank God everyone on my list wanted a boy! The sire is Preston (Multi-INT BIS's/Gold Cup BIS - AM/Multi-INT GCH CH v Schonhaven-Himmlisch Preston). The semen we used was 16 years old.
