JULY 2019-SUMMER NEWS

Greetings,

Previously, in newsletters and sermons, I have shared thoughts about favorite TV shows and movies. You might recall my mentioning, "Lars and the Real Girl" (Excellent movie!) or the TV show "The Good Place" (Terrific TV).

Well, here goes again. This time it is "Barry". This is an HBO program but I stream it on Amazon. Briefly, it's the story of a hitman, who goes to do a job in Los Angeles, and gets bitten by the acting bug. Strange, strange things follow. It is described as a dark comedy and I would agree. At times it is hilarious. At times it is gory. And at times it is deeply thought provoking. It stars Bill Hader and Henry Winkler (who won an Emmy for his portrayal of the acting teacher). I am not finished watching all eight episodes yet. However, I find myself wanting to finish it, but I don't want it to be over. I think there will be a second season.

Like a hitman getting the acting bug, sometimes life takes us to unusual and unexpected places. I recently read a survey that stated the majority of people don't think their life will change much in the future from what they know right now. Well, here's a news flash. It will! Whenever I have those fantasies that life is going to continue to be lived as it is being lived, I just have to think back over the last twenty years to see the tremendous changes that have occurred. My experienced hunch is these next years will also be change filled. And when I find myself feeling unsettled about changes that will occur, I try my best to rely on the power and presence of faith. That helps.

So here's to outstanding movies and TV shows, to our willingness to accept change, and to our constant companion, Faith, going where ever life take us.

Faithfully,

Pastor Brady
