Jack Koenig, President's Award Recipient 2015

Jack Koenig is legendary in local GOP circles for his constant volunteerism and excellent, generous service to many local GOP organizations. For many years, he assisted WRC leadership with website design, maintenance and communications, doubling as photographer at WRC and other GOP events, generously editing scores of photographs and providing heroic hours of loyal service and counsel. Often tasked with tight deadlines, Jack was ever ready to graciously and patiently tackle WRC's needs. But his service to all things GOP did not start or end with WRC.

Jack currently serves as the Republican Committeeman for Bannockburn and Del Mar Woods; 1st Vice-Chairman of the West Deerfield Township Republican Party, and as Communications and Public Relations Director for the 10th Congressional District Republican Party. Jack previously served on the Executive Committee of the Lake County Republican Party as its Communications Chairman and 3rd Vice-Chair. With his expertise in computers and data analysis, Jack continues work on his Voter Analysis Project, an issues Knowledgebase project and to tirelessly register local college students to vote. His generosity and commitment are untiring and unstoppable.

Jack's involvement in helping his community is not limited to GOP politics. For nearly 20 years, he volunteered at "Shelter of God's Love" a center for the homeless handicapped where he taught young minority children - including those with no arms or no legs - how to use and repair computers. He also maintained the shelter's computers and made all electrical and carpentry repairs as the needs surfaced. Jack also volunteered as a chaperone in the North Chicago School System, remains actively involved in his church and continues to serve as a mentor to many young people, giving freely of his time and expertise to not simply draw them in to GOP politics, but to help them succeed.

Socrates' most famous pupil, Plato, once said: "The price good men pay for indifference to public affairs is to be ruled by evil men." Later, John Stuart Mill would state, "Bad men need nothing more to compass their ends, than that good men should look on and do nothing." Nothing changes.

It is because we value the sustained, consistently reliable efforts of good men and women like Jack, who actively fight the "bad men" who do "evil" that we have instituted the WRC's "President's Award". We are proud that this good man, Jack Koenig, is its first recipient. Thank you, Jack, for fighting the good fight!

"You're a good man, Jack!"
