

Lake Dalrymple Cottage Optional Extras

A couple of options for you to consider.

Please note that these are solely for your convenience and are options only.

1. We can provide ½ facecord of firewood for \$75.
2. 12' fishing boat and 7.5 hp motor for \$400 for the week. This includes two tanks of fuel for the boat.
3. House Cleaning Service \$75. Give Mom a break at the end of your stay and have the cottage professionally cleaned. Also, this service guarantees your damage deposit will be returned (assuming no damage)
4. Garbage / Recycling Removal: \$75 for 5 combined bags with \$10 per each additional bag. As per the garbage waiver, all garbage and recycling MUST be separated into garbage, blue bin and green bin in only clear plastic bags. This option requires booking prior to your departure. **You cannot leave the garbage without pre arranging this option**, or you will lose your damage deposit. All garbage must be left inside one of the buildings and NOT outside.
