Upon success of the draw David Mathews Outfitters requires a 50% deposit of the total hunt price to reserve your hunt. We accept personal checks, money orders, cashiers checks or credit cards (MasterCard or Visa). If paying with a credit card, a 3% transaction fee will be added. Deposits are non-refundable. In the rare case of an emergency situation down payments may be applied to a later hunt. The remaining 50% is due upon arrival at the beginning of the hunt, in the form of cash, money order or cashier check. We do not accept personal checks or credit cards on the final payment.

The hunt price includes food, drinks (excluding alcoholic beverages), lodging and guide wages. These prices do not include any travel costs, guide tips, taxidermy services or license fees.

Some draw licenses are allocated specifically for hunters who hire outfitters. New Mexico requires outfitters and clients to sign a contract specifying the conditions under which the hunt will be conducted prior to the hunter applying for one of these licenses. All hunts are one on one unless otherwise agreed upon between outfitter and hunter. The hunt includes an experienced quality guide, lodging, food and drinks (excluding alcoholic beverages) for the duration of the hunt. Each camp consists of wall tents, camp trailers, ranch houses or motels depending on each individual hunt.

**Upon your success in drawing a New Mexico tag you will be sent a new contract with your specific hunt dates, units/codes and hunt cost.**

**Please sign and return this contract via mail, fax or e-mail. Contact information listed above.**
