# Changes

Bozeman Figure Skating Club is starting a Junior Committee. This committee is made of junior members (ages 13 to 18) and is great for resume and college applications. The purpose is to give our young skaters an opportunity to develop leadership skills and provide service to others. The committee will further help skaters learn responsibility and the meaning of volunteerism, while enhancing positive character traits, strengthening friendships and becoming effective and active members of the club. The responsibilities of the Junior Committee are attending monthly meetings, organizing activities and events, volunteering at club functions, and creating new and fun experiences for all of our members! Contact Sydney Ross for more information!
