## **Non Exhibiting Manufacturer/Supplier Status**

Every year there are some manufacturers and suppliers who do not exhibit, yet attend the Expo. While all legitimate attendance is welcome, some non-exhibiting manufacturers and/or suppliers attempt to suitcase the Expo – to approach buyers and exhibitors for the purpose of selling their product in the aisles.

***This practice is prohibited by  
2017Expo Management & the BCA***

Anyone who is observed approaching buyers in the aisle or in an exhibitor's booth, who is not a legitimate exhibitor, should be reported immediately to Expo 2017 Management. The non-exhibitor will then be asked to curtail this activity or exit the Expo. These measures will be strictly enforced with the intent of preserving the integrity of the Expo and maintaining a good relationship between buyer and exhibitor.

The assistance of exhibitors in watching for this type of activity and reporting it is greatly appreciated. Exhibitors are especially encouraged to note the person's name, company and the color of their badge, in addition to surveillance on the Expo floor by exhibitors and Expo Management for this type of attendee to prevent them from engaging in unauthorized selling in the Expo.
