Round-Robin Format of Play

Tournament play is an integral part of a junior tennis player's development. The round-robin draw gives juniors an opportunity to compete in many more matches than they would play in a single elimination or consolation event.

- Everyone plays the same number of matches whether they win or lose. Lunch will be provided to all participants.
- All divisions will either play 8 game pro-sets using no ad scoring or 2 out of 3 sets, depending on number of entries.
- Round-robins will be 5 or less in any division. All matches will be completed in one day unless weather causes the tournament to start and/or be completed on the following day. No refunds issued after the draw is made.
- Divisions Offered: 12 & Under; 15 & Under; 18 & Under It's possible that divisions may be combined due to number of entries. Participants will be notified.
- Grand Prix Points will be awarded to all round-robin BLTA tournament participants. Grand Prix points Table: Players will accumulate points throughout the round-robin tournament based on the following point chart -
 - 2 points for completing two rounds in a tournament
 - 2 points for each round won in the round-robin
 - 2 points for a BYE if the following round is won
 - 2 points for a 1st round default if the following round is won (2 points will be awarded for all other default wins)

To Enter Junior Tournaments

The tournaments only take online registrations. If you have questions on a particular tournament, please call or email the tournament director listed with each individual tournament.

For online registration in the BLTA round-robin tournaments and USTA sanctioned tournaments log into <http://www.blta.org/local-tournament.html> From this link you can just click to any of the listed tournaments to register.
