

8. Rise, Rise, Rise/ Lift Me Up

The People of the Rising are the Kiribati group that

Susan loved to dance and sing with. Their songs and teachings are from isolated South Pacific islands virtually untouched by civilization. "To Rise Up", energetically and spiritually, above negativity, doubt and fears, is their way. This song /chant was inspired by their teachings and her love for the Eagle Nation.

Rise, Rise, Rise, let your devotion guide your way

Soar and you will fly each and every day

Sing your heart open and wide like the sky

Plant your feet on the earth below you are alive

You are alive

Lift me up, take me higher to a place beyond desire

Lift me up, take me higher to your love

Lift me up, take me higher to where my heart's on fire

Lift me up to the sunlight up above

Lift me up etc....

Lift me up to your love
