MaKya was purchased as a young herd sire here on the dairy for his dam's proven abilities to produce type and milk production. His sire's pedigree is well known to our farm through our ownership of GCH++*B Sodium Oaks Yreka. A very well proven pedigree!

Makya's kids are extremely uniform. We are impressed. All of his kids are level, with high, wide rear udders. All are exceptional milking 3-yr-olds & 4 yr-olds as well. We have retained Several of his daughters and are exceptionally Impressed with them. In 2011 TWO of his daughters finished their Championships, in 2012 another has finished hers so far. in tough NW competition!

Makya's daughters are also scoring very high in Linear Appraisal:
SGCH Love Song—EX92 EEEE, GCH Ameer EX92 EEEE,
Arielle EX92 EEEE, GCH Ascend EX91 EEEE, Dreaming On EX91 EEEV.

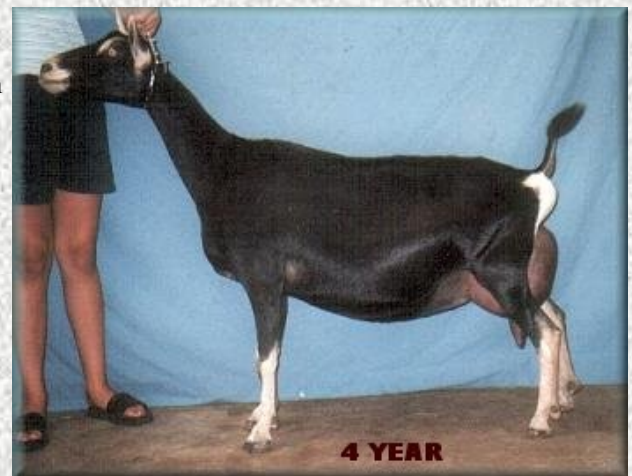

Arielle, Ascend, Windy, Song (Windy is not a MK daughter)

Ally is a very promising young herd sire. He is Exceptionally large for his age. He is level over the top and sharp over the withers.

We chose this buck for his likely abilities to pass on exceptional milk production coupled with truly correct type. His ranking on the USDA Young Sire List came as a very pleasant surprise indeed: **ETA 30 59. LA Scores: 1-00 VG87 VEE / 3-03 EX91 EEE**

Ally's full sister, [SGCH Redwood Hills Lance Belladonna](#) EX92 EEEE, is pictured here while at the 2009 National Show. She placed 3rd out of 20.

I am thrilled to have his 5 daughters in my herd! He was exceptionally long in the body with a sharp front end and walked on excellent feet and legs for seven years. His dam, Kenya was Fourteen years old at her passing. Longevity, will to milk & Excellent type are all in his favor! See his fresh 3 yr old and 5-yr-old daughters in the pages to follow.

"X-Rated" is already on his way to proving himself as an outstanding sire. His dam is exceptional and his two fresh daughters in the Redwood Hills dairy are Exquisite! See photos of [SGCH Redwood Hills X-Rated Rima](#) & [SG Redwood Hills X-Rated Tango](#) below.

We used X-Rated on 4 of our favorite does in 2011. The hope was to produce a buck kid to use in our future breeding program here at the Lucky Hook Dairy.

We freshened 5 of his yearling daughters and are keeping every single one of them:

Love Story VG88 VVVV
Hot Wire VG87 VVVV
Love Affair VG87 VVVV
Hotty VG86 VV+V
Day Dream VG85 V++V
LoverBoy VG87 VVV

We chose to keep the buck kid out of Love Song for our future herd sire.

Dam: Iroquois-KC KL Magic Magdalena (EX91 VEEE @ 4-03)
DD: CH Iroquois-KC Magic Magpie (EX90 EVVE @ 9 years young!)

"Happy" was named such because it had been a very bad spring for losses of older animals. I was very sad and at that point wanting to give up even having goats... until Happy was born. He lived in the house for quite some time and followed me like a puppy every where I went and uplifted my spirits with his antics.

This was a carefully considered breeding. Happy is improving overall stature, rear leg set, size and shape of teats and width of rear udder along with exceptional milk production. He also improves feet tremendously. The genetics are there, and we are Very impressed with his first offspring.

Shown once in 2009, 1x GCH / 2011 1xGCH, 2012 3xGCH.

Lover Boy is a beautiful, well grown, Impressive young buck. Showing length and levelness over the top line with Excellent width throughout. He is high and sharp in the withers.

LA @ 1-05 VG87 VVV

His daughters are quite lovely all being the same in correctness throughout. They are all level, long, wide with excellent rumps and escutcheon openness.

This pedigree holds a lot of promise!
