

Dear Rooftop and Penthouse Guests,

As one of your local small businesses we will remain open as long as we deem it safe for our customers and staff. This is not a busy time of year at the Rooftop so our patrons will be able to easily avoid big crowds. Preserving the health and safety of patrons in the face of COVID-19 is the top priority for Zee Christopher and we wanted to reach out to all of you to let you know what's happening here at Zee's Rooftop and the CW Penthouse. We are monitoring the daily updates from the City of Boise, State of Idaho and the CDC, and acting in accordance with evolving best practices and recommendations.

**Cleaning** - We are increasing the frequency and degree of our regular cleaning procedures throughout the day. We are disinfecting the following hand-contact surfaces after the start of every day: door handles, countertops, tables, bathrooms, water fountains, and computer screens. Overnight we are doing complete and thorough disinfecting of all bathroom surfaces, as well as seats, on top of all the regular overnight janitorial duties.

**Zee's Staff** - All staff are aware of the hand washing etiquette and have been re-trained on how to thoroughly wash hands, as well as reminded about the specifics regarding hand washing frequency and timing. We are not permitting any staff to come in if sick. Our patrons are encouraged to take simple, common sense steps to remain safe:

**Hand Washing** - Please use our bathrooms to wash your hands. They are stocked up on soap and paper towels.

**Staying Home** - If you feel sick, just stay home! If you have any follow-up questions or concerns, please call or email us, so we can assist you 208-381-0034 or [chris@zeechristopher.com](mailto:chris@zeechristopher.com) We know you love our food and view and so do we, thank you for taking the time to read this email, and helping us maintain a clean and safe space.

Sincerely,

Chef Christopher Zahn

Owner of Zee's Rooftop and the CW Penthouse
