TOPICS

Right to Farm for Equine/Agriculture

Brian Smith, Esq., Chief of Legal Affairs for the State Agriculture Development Committee. Brian has served in his current role for over 10 years; prior to that he worked in private practice for 20+ years, and also represented the Warren County agriculture development board from 1989 to 2001.

Legislative & Regulatory Topics for Equine Operators

Ed Wengryn, Research Associate for NJ Farm Bureau. Ed has worked for the Farm Bureau for 20 years as a Field Representative/Research Associate. His main areas of responsibility include State legislative initiatives and outreach, education, and policy development with Farm Bureau members with an emphasis on land use, sales, tax, and livestock and equine issues.

Equine Health Issues

Dr. Brendan W. Furlong, President & Founder of B.W. Furlong & Associates. Dr. Furlong has worked as an equine veterinarian for over 40 years, and has owned B.W. Furlong & Associates for over 35 years. He served as the United States Team Veterinarian for the 3 Day Eventing team for 5 Olympic cycles (1996-2012), and served as a national team vet for numerous other disciplines and competitions over the past 40 years. He specializes in sport horse performance and lameness evaluations.
