Brazil

Mr. Laurino,

Odem International Inc would like to thank you for your constant professionalism.

The food industry and in particular the honey market being complicated and challenging, it is reassuring for our company to have efficient and creative people on which we can count.

Your integrity as a sourcing agent has been very important in many claims and negotiation processes, and we are looking forward to many more trading agreements in the future.

Best regards

A handwritten signature in black ink, appearing to read "Elise Gagnon". The signature is fluid and cursive, with a large initial "E" and a long, sweeping tail.
