

THE TETRAD AND THE TEMPLE

PROPHETIC KEYS TO SEQUENTIAL RESTITUTION

Olivet Discourse Blueprint of Israel's History

by Luis B. Vega
vegapost@hotmail.com
www.PostScripts.org for illustration in chart section

Jesus came out from the Temple and was going away when His Disciples came up to point out the Temple buildings to Him. And He said to them, "Do you not see all these things? Truly I say to you, not one stone here will be left upon another, which will not be torn down." As He was sitting on the Mount of Olives, the disciples came to Him privately, saying, "Tell us, when will these things happen, and what will be the sign of Your Coming, and of the end of the Age?"... - Matthew 24:2-3

The Tetrad theory basically asserts that an event or series of events of Biblical proportion, regarding Israel and/or the Jews has and will happen when 4 consecutive total Blood Moons occur in a row without partial eclipses in-between them. What the Tetrad theory postulates is that a Tetrad is deemed to be 'prophetic' when the 4 Blood Moons fall on the Feast Days of Passover and Sukkot. Sukkot is also referred to as Tabernacles. The Tetrad theory has basically been ascribed to Mark Biltz of El Shaddai Ministries, but there have been others who have studied and written about these eclipse patterns for several years as well.

What the Tetrad theory hinges on is even more distinctive when taking into account the whole Tetrad sequences since Christ but especially since the last 3 in particular. The emphasis of the Tetrad theory is on the possible prophetic significance of the last 3 Tetrads of 1949-50, 1967-68, and 2014-15. As it pertains to the End of Days and Biblical prophecy in relation to the Tetrads, this study will attempt to show that the Tetrad sequence follows the outline by Jesus Christ in His Olivet Discourse to His Disciples concerning the Temple, Jerusalem and Israel.

The Olivet outline or blueprint gives the 3 prophetic keys that appear to be corresponding to these 3 factors and are being fulfilled in reverse order. The 1949-50 Tetrad appears to have been correlated to when the Jews began returning from their Diaspora back to the Land of Israel after World War 2. The 1967-68 Tetrad correlates to the recapture of the Old City of Jerusalem by Israel during the 6-Day War in 1967. This was the first time since the destruction of the Holy Temple in AD 70 that the Jews were able to worship on the Temple Mount on which the Holy Temple once stood. Thus the argument has been made that a certain prophetic event relevant to Israel or that of the Jews in general will be fulfilled during the time of the 2014-15 Lunar Tetrad related to the 3rd Temple.

This Tetrad in question starts on April 15, 2014 and ends on September 28, 2015 spanning 531 days or almost 76 weeks by 15 days. Thanks to NASA's calculations and cataloging of eclipses, any type of eclipse for thousands of years can be mathematically derived as a result; in fact 5 millennia from -1999 BC to AD 3000 to be precise. The Tetrad hypothesis stipulates that a prophetic event will occur, perhaps during or soon thereafter in the case of the 2014-15 Lunar Tetrad. This Tetrad event fulfillment will not just be an ordinary occurrence but one of Biblical proportions like Israel being reborn or the Old City of Jerusalem recaptured by Israel.

The hypothesis of this coming 3rd Biblical fulfillment presented in this study is based on the blueprint pattern given by Jesus Christ during the Olivet Discourse. The Olivet Discourse basically consisted of a prophetic outline that would involve the restitution of 3 factors that have to be in place before the LORD's 2nd Coming. The factors disclosed by Christ start with the Temple, then Jerusalem and ended with Israel. Christ foretold that these 3 factors would be destroyed, in that precise order. The Olivet Discourse went on to disclose that miraculously, the same would involve a reinstatement but in reverse order.

This would occur at the End of Days signaled by the budding of the Fig Tree, Israel and concluding with the rebuilding of the 3rd Temple. The acceptance of Israel as a sovereign nation into the UN occurred at the middle of the 1949-50 Tetrad. Israel, as the fulfillment of the Fig Tree Prophecy began to bud in 1947 and started this Olivet Discourse countdown. The recapture of the Old City of Jerusalem to include the Temple Mount occurred at the beginning of the 1967-68 Tetrad. If this pattern is reliable, then the 3rd Temple will be either start to be built and/or dedicated towards the end of the 2014-15 Tetrad.

The 3 Keys of Biblical Prophecy

The event or event(s) associated with the Tetrad of 2014-15 will be just a prophetic 'step' towards the ultimate restitution of all things as the convergence of all Biblical prophecy will culminate in Israel's redemption and the LORD Jesus Christ's 2nd Coming. This study will present and examine why the Lunar Tetrad of 2014-15 is unique and relevant to a coming convergence of Biblically prophecy. The framework of this study will seek to establish that indeed there is relevance between the Lunar Tetrad of 2014-15 and Biblical prophecy as it pertains to the 3 'prophetic keys' given by the LORD Jesus Christ during His discourse on the Mt. of Olives.

These 3 'keys' of Biblical prophecy pertain to the Temple, Jerusalem and Israel in that precise order as the LORD spoke about each in the context of His 2nd Coming. As it was stated, it was the order in which the 3 factors were destroyed but as this study will show, they will be restored in reverse order. This current generation has seen the first 2 Biblical prophecies fulfilled; that is the return to and rebirth of Israel and the unification of the Old City of Jerusalem. What remains to be prophetically fulfilled, based on this Olivet blueprint is the rebuilding of the Holy Temple.

It was at this place and time, on the Mt. of Olives overlooking Herod's Temple or the 2nd Temple built by Zerubbabel's after the 2nd Diaspora from Babylon, that Christ Jesus outlined the context of the coming convergence of all Biblical prophecy and restitution. According to Messiah, these 3 factors would have to be in place first before His 2nd Advent specifically related to Israel, Jerusalem and the Temple. This prophetic blueprint or framework was given by Jesus Christ in Luke 21 as a discourse to the Disciple's question about the 2nd Temple that stood during their day. Christ specifically linked it to the time just prior to all restoration as foretold by the Prophet Daniel at the End of Day just before Messiah's return.

It was in this context that the 3 'prophetic keys' were divulged in the very discourse itself given by the LORD Jesus to His Disciples that will unlock the sequence and timing of such a prophetic time that referenced the Sun, Moon and the Stars as sign posts and prophetic time-markers. Specifically, the 3 'prophetic keys' Messiah mentioned during the Olivet Discourse have to do with 1) the very Temple they were gazing upon that would be leveled to the ground 2) the armies that would surround Jerusalem and 3) the Diaspora that would occur thereafter or exile from the Land of Israel.

The timeframe for the beginning of this all-encompassing restitution of Israel would be signaled by the ominous day of the 9th of Av, that was around August 11, 70 AD and the giving of the Fig Tree metaphor for a future miraculous re-budding of the nation inferred by the Fig Tree allegory. This study strongly suggests that the Fig Tree in turn would constitute the prophetic start of the countdown in which the 3 restitutions of Israel, Jerusalem and the Temple would be corresponding to the Tetrads sequence of 1949-1967-2014 to be completed before Messiah's return. This is the context and premise for the Tetrad theory presented in this study.

The 3 'prophetic keys' will be shown that these 3 factors of the prophetic restitution are correlating to the last 3 Lunar Tetrads of 1949-1967-2014 according to the blueprint of the Olivet Discourse outline given the LORD Jesus Christ Himself. There can be no denying that since 1948 with the rebirth of Israel, the Lunar Tetrads appear to directly correlate prophetically to the sequence of the Olivet Discourse in how the Temple, Jerusalem and Israel have started to be restored, but in reverse order. The first 2 restorations have been in-step with the last 2 Lunar Tetrads since the Jews returned to the Land of Israel and forged a nation in 1948 as foretold in Isaiah 66.

Thus this study, based on in the context of the Olivet Discourse pattern, postulates that the 3rd Lunar Tetrad of 2014-15 since 1948 will be in step with the restoration of the Holy Temple. What this means is that in terms of eschatology or the study of End-Times, the Tetrad of 2014-15, the last Tetrad in the 1949-1967-2014 sequence will be correlating to the 3rd 'key'. Thus this 2014-15 Tetrad is based on the prophetic blueprint of the Olivet Discourse will be correlating to the Biblical restitution -in the present generation of the 3rd Temple of YHVH. To many, the Temple is required to fulfill the prophecies of Daniel and Revelation as it will necessitate the stage to be set for the eventual return of the King, Jesus Christ.

To reiterate, the 3rd restitution, per the Olivet Discourse has to do with the rebuilding of the Holy Temple -if it follows the prophetic sequence of restoration. As it correlates directly with the Tetrads sequence of 1949-1967-2014, this restitution commenced with the UN admittance of Israel in 1949 and the recapture of Jerusalem in 1967. This study thus strongly argues that the Lunar Tetrads are prophetic, signaling the remaining restitution of the Olivet Discourse that will ultimately lead to the coming convergence of all Biblical prophecy, that is the 'Great and Dreadful Day of the LORD'. This is not to say that the Tetrads of 2014-15 is when Messiah will return but that it fulfills the conditions for the LORD's 2nd Coming to occur as prescribed by the LORD Himself to the Disciples on the Mt. of Olives. The following is a menorah pattern that graphically denotes this Tetrads theory of the 3 'prophetic keys' that Christ gave in the Olivet Discourse.

Olivet Discourse		Menorah Pattern		Tetrads		
Temple destroyed	>> Jerusalem surrounded	Israel exiled	(DIASPORA)	Israel reborn	>> Jerusalem restored	>> Temple rebuilt
Key 1	Key 2	Key 3	(Church Age)	Key 3	Key 2	Key 1

The Tetrads theory should not be overlooked or dismissed as nonsense or not being relevant to End-Time prophecy because it can provide the possible timing of Biblical events regarding the nearness of Messiah's 2nd Coming. As it pertained to this ultimate fulfillment of Biblical prophecy, what still remains to be fulfilled is the rebuilding of the Holy Temple, as some interpret eschatology. Messiah outlined the sequence of events that in a sense are the 'keys' of what Biblical prophecy should be focused on, mainly Jesus' glorification at His 2nd Coming to restore all things as the Prophet Daniel conveyed in Daniel 9:24.

Prophetic Timing

Based on the Olivet Discourse outline, the 3rd Temple is the last of the prophetic 'keys' left to complete the main condition needed to set the stage for the Return of Jesus Christ. This 2nd Coming of Messiah is prophetically associated with the Sun, Moon and the Stars per the Olivet Discourse for one. Thus a careful examination into such celestial signs in the heavens in these End-Times will only enrich the understanding of its schedule and help in such discernment of it. To reiterate, the 3 keys or prophetic restitutions as it pertains to Israel, Jerusalem and the Temple are tied to the Sun, Moon and Stars. What is striking is that the LORD Jesus stated that when this sequence of prophetic 'keys' were turned to fulfill their prophetic purpose.

It would be that 'Terminal Generation' alluded in Psalm 150 that would see His Return to that very spot on the Mt. of Olives -as disclosed in Zephaniah 14, where He gave those 'keys' to End-Time Prophecy to His Disciples. Since 1948, many believed that the rebirth of Israel was the last prophetic sign and that the generation would see the return of Christ in 1988. Such added 40 years to 1948 but it was not discerned in full as Israel did not have control over the Temple Mount. This would only be accomplished in 1967 during the 6-Day War during a Tetrads. Because the Jews operate on a lunar based calendar in general, some of the LORD's appointed Feast Days or Moeds will inevitably fall on the Blood Moons.

In the past, some Feasts have occurred during a singular or paired Blood Moon sequence of a given Tetrad. The point being is that to have a total lunar eclipse on one of the Jewish Feast is not that extraordinary in itself. Out of the various Tetrads that have occurred, those that have the 4 consecutive Feast Days of the LORD are peculiar and should be examined and not dismissed as happenstance or insignificant. Some peculiarities about prophetic timing will be addressed in the following section. The primary reason why Biblical prophecy is correct to be ascribed to the Lunar Tetrad theory, in part is because it is Biblical to do so.

These eclipses mark a point in time and are for prophetic signs according to the protocols of Creation given the LORD directly in the Book of Genesis. Passages in the Bible like Psalm 19, Joel 2, Matthew 24, Luke 21 and Acts 2 amongst others emphatically connect Biblical prophecy with Israel, Jerusalem and the Temple to the Sun, Moon and Stars. The Bible speaks of a 'Star' that will come out of Israel or Jacob. The city of Jerusalem is often associated with Blood Moons. The Temple can be associated with the Sun and light due to the Shekhinah Glory. The Temple's Holy of Holies contained the very Presence of YHVH and radiated the 'Light of the World' as bright as the glory of the Sun.

Although there have been numerous Lunar Tetrads since the time of Jesus Christ, the last 3 Tetrads in particular of 1949-1967-2014 are said to be prophetic as a countdown. What is significant about these last 3 Tetrads is that unlike all the 5 others since Christ, they have occurred or will since Israel has become a sovereign nation as the Fig Tree has budded and branched out. All the prior Tetrads before Israel became a nation occurred during the Diaspora. The Diaspora is a term used to describe the time and condition when the Jews were scattered around the world since the destruction of the Jewish Temple in 70 AD.

This particular date of 70 AD will be one of the major time markers or bench-marks in considering the mathematics of the Tetrads and year counts leading up to the Tetrad of 2014-15. For example, there is 1948 years, rounded off from 70 AD to the Central Blood Moon of July 2018. The day of the destruction of the 2nd Temple, as it was for the 1st Temple occurred on the 9th of Av. This date is considered very evil or a bad omen for the Jews as it commemorates the Bad Report that the 10 Spies gave to Moses about the Promised Land during the times of the Exodus. As a consequence, Israel had to wander in the Wilderness for a generation of 40 years before the Israelites could then proceed to the Promised Land.

There is debate as to what this date of the 9th of Ave, 70 AD exactly translated to in the Julian calendar that was then converted to the Gregorian one later in 1582. Some estimate that the date of the 9th of Av was from August 4th to the 11th of the year 70 AD. Using this bench mark date of August 11, AD 70 one gets unique time counts. For example, May 11, 1949 was the date that Israel established the 'Green Line', marking its geographic border after its War of Independence against the Muslims. This date is exactly 1878 years, 8 months from August 11, 70 AD. Furthermore, the first Tetrad of the 1949-50 sequence occurred on Passover April 13, 1949.

This astronomical event and 'sign' happened to be a Central Blood Moon, in line with Jerusalem exactly 28 days after the defining of Israel and Jerusalem's borders, the exact duration of 1 lunar cycle. Moreover, from May 14, 1948 when Israel declared its independence to the July 27, 2018 Central Blood Moon is 70 years, 2 months, 14 days or 3663 weeks. Why 2018 is significant is because the Tetrad of 2014-15 is centered directly in-between the Central Bull's Eye Blood Moons of 2011 and 2018. This is a 7-year time span that features both Central Blood Moons in line with Jerusalem.

The specific length of time between these Central Blood Moons is exactly 7 years, 1 month and 17 days. The Tetrad of 1949 did have a Central Blood Moon but what makes the Tetrad of 2014-15 unique is that the 2 Central Bull's Eye Blood Moons constitute a Triad on either end of the 2014-15 Tetrad. The following is just one example of numerous and impressive symmetry.

*Last Blood Moon of Triad of Dec 10, 2011 to First Blood Moon of Tetrad April 15, 2014
= 122 weeks or 2 years, 4 months 5 days*

*Last Blood Moon of Tetrad of Sep 28, 2015 to First Blood Moon of Triad of Jan 31, 2018
= 122 weeks or 2 years, 4 months 3 days*

Prophetic Time

Regardless of any possible correlation of Lunar Tetrads being 'prophetically' relevant to Israel or End-Time prophecy, Tetrads have been and are part of the solar and lunar cycles. These celestial cycles are a time piece initiated by the LORD Himself since Creation according to the Book of Genesis. Such celestial bodies were to mark 'prophetic time'. GOD alone fashioned these celestial bodies in such a manner that mankind is the beneficiary of these solar and lunar eclipses as a prerogative to mark time using the celestial bodies of the Sun, Moon and Stars.

Biblical prophecy, as it is disclosed in the Bible is also intertwined with time. Time is a factor of Biblical prophecy and vice-versa. The Lunar Tetrads, if nothing else should remind mankind that it is just an observer of such GOD's reckoning of time and of a celestial schedule that will culminate with the end of time itself as much as prophecy will be too. Thus Biblical prophecy will end when time will end as prophecy is nothing more than events in a future point in time not yet realized. The point being is that regardless of any specific prophetic nuance of a Lunar Tetrad upon Israel, or the world for that matter, the solar and lunar eclipses are markers of not only 'time' but of 'signs' or appointments of Biblical prophecy that have to be fulfilled as decreed by the LORD Jesus Christ.

For example, based on the Fig Tree analogy of Israel given by the LORD at the Olivet Discourse, Israel is disclosed as a factor of prophetic time that was to 're-bud' in the future. Thus time is marked off prophetically by Israel's rebirth and existence. To not have Israel would be tantamount to not having Biblical prophecy, period. Both are thus just as much intertwined with each other's time-piece and prophetic purpose of YHWH. Both are marching on, simultaneously from their beginning and to their prophetic fulfillment. This same principle of time is a factor with the Church Age and how it will be completed at the Rapture.

According to the prophecy of the Book of Revelation and Daniel, the dimension of time and having to have a need to mark 'time' will cease only after the Millennial Kingdom of a 1000 year reign of Jesus Christ on Earth is completed. This Millennial Age will commence at Jesus' 2nd Coming. The Bible states that the dimension of time will come to a close when the prophecy of the Gog-Magog War II culminates in the eventual final judgment of Lucifer that will result in his being cast into the Lake of Fire once and for all. It will be at this 'time' or point when time will expire and a New Heaven and New Earth will commence, void of the dimension of time according to the Book of Revelation.

Thus there will be no need for such celestial bodies to mark time as it is currently with the Sun, Moon or Stars. Eclipses and even the day and night will not be needed as the Bible discloses that the Light of the Lamb, the Messiah will be so bright that there will be no shadows to be found anywhere in the New Jerusalem for example. As a side note, what is fascinating about one of the properties of prophetic time is that it has a factor of resonance or sound at its core, of frequency and vibration because of its existence within space. The whole of the created Universe hinges on this divine frequency of 'sound' or Logos or what the Bible calls the Word, ...'and the LORD said, let there be'...etc.

Time was 'vocalized' into existence as one of the many dimensions created according to the Creation account in Genesis that exists at a certain frequency and resonance. It was manifested out of nothing into existence from that which came out of the mouth and breath of the Creator GOD, Jesus Christ and for Christ according to Colossians 1:16. For example, the Earth's resonance or frequency operates around ~7.8 Hz. This very frequency is the frequency also found within humans. The human body resonates at 7.8 Hz and the Alpha and Theta brain waves both border the frequency of 7.8 Hz.

The point being is that when the resonance ceases, it's because its 'time' has expired. In other words, when a human dies, it's because its resonance has run its course. A man and a woman are but a 'breath', a musical note coming from the LORD. The spirit bestowed upon the human creation returns to the LORD, the very 'breath of life'. Psalm 62: 9 states, *'Surely the lowborn are but a breath, the highborn are but a lie. If weighed on a balance, they are nothing; together they are only a breath.'* The Lunar Tetrads, as part of the solar and lunar eclipse patterns does demonstrate mathematical frequency and symmetry within time.

A Phi Ratio Pattern

If the Tetrads have been or are prophetic, then at least to some degree, they will thus be based on one's limited understanding of time and mathematical factors that can be derived from such eclipse patterns. This means that certain mathematical coefficients are to be found encoded in the very fabric of the Tetrad sequences in time. This is the case as such mathematical relationships as the phi ratio occur amongst the Tetrad sequence pattern since Christ. For example one fascinating property of the last 3 Tetrads of 1949-1967-2014 is that they are in approximate phi ratio.

This means that they are mathematically juxtaposed in perfect harmony to each other in terms of space and time. Also there is a 19 and 47 year count pattern found in certain Tetrads and echo the rebirth year of Israel in 1948. This phi ratio property also occurs when applied to the date of 70 AD. A mathematical correlation to when the 2nd Temple or Herod's as it was referred to was first started to be refurbished in 22 AD and then to when the Diaspora intensified around 90 AD. Thus these Tetrads should be regarded as being mathematically significance due to their sequence, symmetry and timing alone if nothing else. To some extent then, science is also as much a part or integrity of these Tetrads. It is even hard science because the eclipses of the Tetrads can be calculated and predicted with computer pin-point accuracy.

The cataloged eclipses and calculations done by NASA is yet to be called heretical or based on astrology. Student of Scripture and Biblical prophecy just have to do a better job at discerning these celestial 'signs' as they pertain to the LORD's celestial schedule and Biblical prophecy; it has been neglected. What is undeniable is that solar and lunar cycles that the Tetrads are a part of, have a verifiable degree of harmonic resonance of time that is occurring in our dimension. They are truly functioning as divine celestial time-markers that occur in patterns and have mathematical principles and symmetry.

The Coming Convergence of All Prophecy

Tetrad sequences thus allude to intelligent design that cannot be explained away as random chance or pure Darwinian evolution but they are directly a function of Biblical prophecy. This study postulates that the Tetrad of 2014-15 centers on a coming convergence of Biblical prophecy before the return of Jesus Christ. To reiterate, this prophetic convergence is accompanied by celestial signs such as the Tetrads according to many Biblical accounts. These signs involve the very Sun, Moon and Stars. These celestial signs have already started to occur, especially since the rebirth of Israel in 1948 as Israel is analogous to the Fig Tree given in the Olivet Discourse.

This convergence is basically a prophetic countdown to Messiah's 2nd Coming. It started with the rebirth of Israel and it will culminate in Messiah's Kingdom on Earth in righteousness and justice. This study strongly suggests then that the Lunar Tetrad of 2014-15 is specifically prophetic as no other Lunar Tetrads will occur for hundreds of years after 2015. It is if as though the Tetrad of 2014-15 was a culminating Tetrad of sorts that this study will try to emphasize in more ways than one. The Tetrad of 2014-15 has to be a major Biblical prophetic time-marker as it approximates the end time of a Biblical generation.

Many believe that a full restoration of Israel that exists in 'Peace and Safety' or a future Temple is still in the distant future. Counting 50 years off from 1967 is 2017 and 70 years from 1947 is 2017. To go beyond the scope of a 50 and 70 year-generation since 1948, in the context of the Olivet Discourse is to lose any prophetic significance and would invalidate and the very Word of Messiah. For the purposes of this study, the year 1948 that saw the rebirth of Israel on May 14th will be considered the starting point to the culmination of all prophecy. The primarily reasons for this assertion is because of how 1948 is tied mathematically to the Central blood moon of July 2018.

There are approximately 1,948 years from the Central Blood Moon of 2018 to 70 AD when the 2nd Temple was destroyed. Nonetheless there are 3 main dates to consider when determining which is the actual start date of the prophetic countdown; it is subject of much debate.

1947 Palestinian Mandate by the UN, a defacto birth of Israel
1948 Declaration of Independence by Ben Gurion on Pentecost
1949 When Israel was officially admitted as a nation by the UN

For the purposes of this study, the Fig Tree prophecy is considered to be from when Israel budded in 1947 and has ever since. The next factor to determine is how long the correct Biblical generation is. This 'generation' time could thus be applied to the Tetrad sequence since Israel's rebirth to ascertain the nearness of the LORD's 2nd Coming. Many have studied this subject and it depends; by some calculations of genealogies, a Biblical generation can even be 52 years and even up to 72 years aside from the 80 years that Psalm 90 alludes to. Nonetheless to have decades of time go beyond the Tetrad of 2014-15 without a major Biblical fulfillment would go beyond the timeframe of the generation that saw Israel reborn in 1948.

It would go against the timely completion of the parable of the Fig Tree itself. The LORD promised that the generation that would see the Jews return to the Land of Israel would be the generation that will see His Return. This 'return' to the Land, 'Eretz Israel' from the 3rd and final Diaspora according to what the LORD prescribed to Ezekiel would be in conjunction to Messiah's return as well. Thus based on the 'prophetic keys' of the Olivet Discourse, this study stipulates that according to this Tetrad theory pattern, the singular Biblical prophetic event scheduled next to be fulfilled will be when the Jews of Israel will dedicate the 3rd Temple on the Temple Mount next to the Dome of the Rock and most likely towards the end of 2015 or soon thereafter.

If a specific Biblical fulfillment occurs during the 2014-15 Tetrad, this remains to be seen, but this study is only postulating a certain event that could occur, that is the 3rd Temple. Furthermore, this study strongly suggests that the year 2015 will most likely be the key year that will facilitate the 3rd Temple. Again this assertion is only based on mathematical calculations extrapolated from prior Temple periods of time and the Blood Moon Tetrad patterns. Based on these variables, 2015 will possibly see a major prophetic event occur in Israel of Biblical proportions. This is based on the Olivet Discourse and the eclipse patterns.

Many who believe in the pre-tribulation and pre-wrath Rapture of the Church argue that the Church cannot be present when the Temple even begins to be constructed. Also, many within the Christian community do not ascribe to a pre-tribulation Rapture. Consider that there was an overlap after Christ was raised from the dead all the way to the destruction of the Temple Christ Himself foretold would be destroyed in the Olivet Discourse. The Temple sacrifices were still being performed up until 70 AD, some 40 years later. In one scenario, the Temple could possibly be started as the Church is still on Earth during a short overlap in 2015-16 as the construction could be started then.

On the other hand, it goes to show just how close the Rapture truly is in light of such a Biblical fulfillment of the last key of the Olivet Discourse blueprint of the Temple's restitution. Other Christians believe that the Rapture will occur sometime after the Tribulation. Regardless of the Rapture, if the Rapture is to occur before the animal sacrificial worship system is implemented, then it could possibly mean that the Rapture has to take place before the Confirming of the Covenant with the 'Many' that many agree will allow for the building of the Temple in the first place and will be the occasion to reveal who the AntiChrist will be.

The Keys of the Olivet Discourse

If the rebuilding of the Holy Temple is indeed the 3rd and last 'key' of Jesus Christ's Olivet Discourse blueprint, then this assertion has a serious and profound ramification for Israel and the world as a whole. The Lunar Tetrad of 2014-15 may unlock the mystery and timing of the conditions that would have to be in place then right before Christ's 2nd Coming. These conditions were disclosed to the Disciples on the Mt. of Olives that overlooked the 2nd Temple itself in Matthew 24 and Luke 21. The Olivet Discourse gives one the sequence of these prophetic keys that have to be in place to turn and unlock the mystery and culmination of the 3rd Temple's prophecy and timing. Presently, the very conditions and circumstances surrounding the 2nd Temple, the City and ancient Israel in general now mirror the conditions in modern Israel as they were then when Christ gave the personal discourse to the Disciples.

Israel

During the times of Jesus, the Exiles of Israel were back in the land from the 2nd Diaspora in Babylon with 'sovereignty' but yet certain aspects of the Jews' authority was curtailed by Rome, the world superpower at the time. It is the same case today, the Exiles of Israel are back in the Land of Israel from the 3rd Diaspora after World War 2 with sovereignty yet Israel is often dictated to or curtailed by the U.S. superpower and/or UN. It is widely accepted that the USA is the successor of Roman European heritage, government, military and religion. Even Washington DC has been ascribed as being the New Rome, etc.

Jerusalem

In the days of Messiah, Jerusalem was in the control of Israel but Rome had their governors and 'king of the Jews', the Edomite Herod with a standing army overseeing his administration. So too soon after the War of Independence for Israel in 1948 and 1967, Jerusalem had UN Peacekeepers as buffering agents between the Jews from the Muslims.

Even today, there are certain portions of land between Israel and Jordan, known as in the Jordan Valley that are no-man's land that Israel is seeking to annex for example. Currently East Jerusalem will be designated the capital of the Palestinian State if the Treaty between the Palestinians and Israelis comes to pass. A major point of contention will be the very Temple Mount as it is part of the Old City and whom the Palestinians covet as being part of East Jerusalem.

Temple

Then there is the very Temple that stood during the times of Jesus. The sacrifices of animals at the Temple were permitted by the Romans but with reservations. However, the Romans did not allow for the Jews to carry out any capital punishment. This is why the Jewish Sanhedrin had to give Jesus over to Pilot for execution. This was a befitting way for the religious ruling council of Israel to 'wash' their hands of their sin and betrayal of their Messiah. This act was very much how the Jewish brothers dispensed with Joseph, sold into slavery. Presently, the administration of the Temple Mount, on which the Holy Temples Stood, is deferred to the Jerusalem Islamic Waqf or trust. This is the current reality even though Israel recaptured the site during the 6-Day war in 1967.

It was Moshe Dayan that deferred the administration of the Temple Mount to the Islamists as a good-will gesture after the 6-Day War. Ironically, the Islamic Waqf denies the very notion that a Jewish Temple ever existed on the Temple Mount. The Jews since then have been restricted to certain degrees in pray until recently but the laws of the Israeli Supreme Court are not enforced practically as the Jewish presence on the Temple Mount is growing. Often times, Jewish and Christian visitors have to be escorted by Police and are sometimes followed or shadowed by Muslims. It is becoming very problematic for the Islamic Waqf and it has become a flashpoint for Intifadas or uprisings in the past.

The Heritage of the AntiChrist

This study further stipulates that based on the elements correlating to the world empires as depicted in Daniel's interpretation of Nebuchadnezzar's dream of a metallic man, as Rome was in power during the time of Christ, so too will Rome's successors be in power still at the 2nd Coming of Christ. More so, the 3 restitutions of the Olivet Discourse have to be in place: Israel, Jerusalem and the Temple. The prior empires that correlated to their particular corresponding metals of gold, silver, bronze and iron were distinct and conclusive as where the Empires; one succeeding upon another. This will not be the case with the last 'New World Order'. It is the exception with the last Empire that has been clearly recognized as being a continuation of Rome. Rome has been the longest continuous 'empire' morphing from the imperial Roman Empire initially after the fall of Greece to the Roman Catholic church in the West and the Orthodox church in the East. This fall of Rome in the West and the East is depicted by the point at the knees.

It is in accordance to the human body proportion of the statue of Nebuchadnezzar's dream that is also in phi ratio measure. Thus, the distinctive attribute of the last Empire to rule the world will involve a 'mixing' with the prior rendition that could possibly involve that the Roman Catholic church and the Eastern Orthodox churches with Islam. They will somehow be mixed with some element that allows for their continued function but with an added element. To some, the argument has been from Islam to an alien genetic alteration of humanity's DNA, etc., is the mix. As to what the 'clay' will be is still to be determined. Regardless, if the vision of Nebuchadnezzar's dream of the metallic man of world empires is concise, it can thus not be attributed to a 10 world regional empire but one that is regionalized still around Europe and the Mediterranean.

Ultimately this last world power or 'order' will have dominion in all the world as all power and authority will be given to the AntiChrist by Lucifer. This Empire is part of the condition that this study strongly suggests has to be in place as it was when Messiah Jesus Christ first came into the world. This Empire will have the same spirit that infused the prior AntiChrist kingdoms and were empowered by Lucifer. It will mirror that which was, is and will be as Ecclesiastes 1 extols, *'What has been will be again, what has been done will be done again.'* It will be the very same Luciferian world power that of Rome that will morph into its ultimate confederation of the 10 Toe New World Order just before Christ's 2nd Advent. This 'new age' will be led by an up and coming 'Prince' of Rome as was Titus. This coming Prince or AntiChrist will eventually usurp the Messiahship of Jesus.

Empire

Based on the 'metallic man' statue of Nebuchadnezzar, it follows that the same empire at will exist at Christ's 2nd Coming will be one in the same as it was at Christ's 1st Coming. Perhaps there may be 10 spheres of influence around the world as some purport the 10 Toes are denoting but the last Empire that will rule the world or have preeminence over the world will still be Rome in its last rendition.

Son of God

In the time of Christ, there was the Roman Caesar that proclaimed himself to be the 'son of god'. In Christ's day, Caesar Augustus was deemed the 'son of god'. So too in the Last Days will there be a man that will claim to be the 'son of god', the upcoming Prince 'false Messiah' or world 'Caesar' that will present himself and be accepted by Israel as their long awaited Messiah ruling the successor to the world Roman world empire system.

False Prophet

Then there as Herod who proclaimed himself to be the 'king of the Jews'. As the refurbisher of the Temple, he saw himself as the sort of true priest or prophet of Israel as such. You have here a type of the False Prophet that likewise will be in place at Jesus Christ's 2nd Coming. The Bible foretells that the False Prophet will guide all worship to the AntiChrist. Perhaps the Jews will accept this 'Messiah' coming in his own 'name' because this figure will be the one that will sanction the rebuilding of the Jewish 3rd Temple and allow for the animal sacrificial system to commence.

The coming False Prophet will be as Herod was to Cesar Augustus in so much as Herod, the 'false king of the Jews' had direct dealings with the renovation of the Temple and its sacrificial jurisdiction during Christ's time. It must have been heart breaking for Jesus Christ as He wept over the condition His Nation, His City and His House, the Temple. Jesus Christ was and is the rightful Heir, Prophet, Priest and King. Yet His House, City and Nation were utterly usurped by a false Kingdom, a false prophet, false priests and a false king. Such were the conditions then as they will possibly soon where there will in Israel a false 'prophet' and ruled over by a false 'king' sanctioned by a false 'god' of Rome.

It will be no different in the Last Days as the Biblical events depicts a time when the False Prophet will direct all Temple worship to the AntiChrist. In one sense, this forging or mixing of the 'iron with clay' may be alluding to who the very AntiChrist, politically in conjunction with the False Prophet, religiously enables and directs all world worship to the 'Dragon', Lucifer. This unholy 'trinity' will eventually attempt to destroy GOD's People, both Jews and those that become Christians during the Tribulation period. At some point according to the words of Christ from the Olivet Discourse, the AntiChrist will command the Daily Sacrifices to cease as Christ referenced the prophecy of Daniel for this account.

The False Prophet will allow the False Messiah to enter the Holy of Holies of the rebuilt Temple. This coming false Messiah of Israel will stand and thereafter sit himself upon the Mercy Seat of the Ark of the Covenant to proclaim his divinity and demand worship from Israel and the world. Both will be in conjunction with Lucifer, the Unholy Trinity to oversee the Holy worships libations of the 3rd Temple. They will seek to funnel Israel and the world's worship and adoration to the Beast. For such deeds will both the AntiChrist and the False Prophet will be thrown alive into the Lake of Fire at Jesus Christ's 2nd Coming.

Why this condition will be accepted by Israel and the world, in part will occur because of the 'Lie that will be believed' after the Rapture of the Church takes place, possibly for one. The disappearance of millions of Christians might be used as part of an explanation as the spiritual void will be met by the False Prophet and AntiChrist that will replace the void. The other reason is that the days on Earth just prior to when Christ will come back will be characterized by a situation that was present also amongst GOD's People during Christ's ministry. This condition was characterized by spiritual blindness, a falling away, political division, etc.

It may be the case that before the above scenario can possibly occur, the convergence of prophecy involving the 3rd 'prophetic key' building of the Holy Temple has to happen first or soon thereafter. This 3rd Temple will happen to correlate to the end of the Tetrad of 2014-15 or soon thereafter. Perhaps it might even well correspond to when the New World Order is to start that has been prepared to be led by a New World 'Prince'. It will be a time when a 'Caesar' and the False Prophet will be exposed and identified after the Rapture of the Bride of Christ. Many speculate that the AntiChrist will be of royalty, a Prince as Titus of Rome was and eventually destroyed the Temple, Jerusalem and exiled the Jews from the land of Israel.

Why Study The Tetrads?

In the coming Biblical scenario, the AntiChrist will also establish his tents on the mountains of Israel and surround Jerusalem itself in collaboration with the False Prophet. According to the book of Revelation 19:10, the purpose of all Bible prophecy is to testify of Jesus Christ. This study strongly suggests that the Tetrads are of the 'signs' in the Sun, Moon and Stars that may correlate to some possible Biblical prophecy and should be at least considered. Even so, such celestial signs as Tetrads should be investigated and put to the test spiritually per 1 John 4:1.

They should be analyzed regardless of their complexity but they should always be measured up against the Bible to see if it extols the preeminence of Jesus as both Savior and LORD. If it does not, it should be suspect and/or considered false prophecy and the source or origin should be questioned. The Bible itself safeguards the integrity its own prophecy by having a litmus test for testing a spirit of revelation to ascertain if it is of the LORD or not. Jesus Christ has to be the center of its theme, aim and fulfillment. All Biblical prophecy eventually points to the fulfillment of the 2nd Advent of Jesus Christ. All Biblical prophecy that is pronounced has to have Christ at its core foundation and/or that helps build up to it. With respect to the Olivet Discourse and Tetrads, the context of Christ's 2nd Coming does appear to be the object lesson of the Tetrads signs.

Jerusalem is once again under the administration of its government and the 3rd Temple is rebuilt. A second requirement is that the prophecy will always come to pass, the first time. Jesus in the Olivet Discourse did actually say to 'watch for these 3 specific signs in relation to the heavenly bodies. If we take the precept that the Bible discloses in that the Creator was Jesus Christ, then this statement is true from the very beginning of Creation. The LORD in Genesis declares that the Sun, Moon and Stars are for 'signs' and to keep count for appointed times.

These signs thus confirm 'prophecy' and Jesus' very own words by the mere fact that they come from the very schedule of the LORD Creator of the Universe. Jesus Christ reprimanded the blind guides of Israel's religious Rabbinical leadership for being able to discern the sky but not as it relates to prophecy of the coming Day of Jesus Christ's visitation. This would be a dire and tragic mistake to be repeated by the whole Body of Christ if the heavenly signs of the End-Times are ignored. Followers of Jesus Christ cannot afford to miss the 'signs' of the LORD as they pertain the Sun, Moon and Stars as secondary witnesses to Biblical prophecy.

The People of GOD will truly perish for lack of knowledge if they are not awake and aware of what the prophetic 'time' is or the season is by watching the heavens for signs in the Sun, Moon and Stars. Although the message and discourse of Christ to His Disciples on the Mt. of Olives was to Israel, much can be inferred by omission concerning the Church, the Body of Christ. However, there is much confusion in the Body of Christ regarding this discourse as it has been made to 'fit' a Rapture paradigm and schedule that 'no one knows the day or the hour' etc. For one, Christ is addressing Israel, not the Church in the context of His 2nd Coming, that 'no one knows the day or the hour' thereof, not the Rapture.

This was the very reason for the discourse in that the question was prompted by the very admiration of the ongoing renovation to the 2nd Temple that led to the question of when the Kingdom would be established. As it pertains to the Olivet Discourse, one of the specific questions the Disciples asked of Jesus was when would the end of the Age be. Christ responded in part by referencing to the Sun, Moon and Stars, in the context of Israel, Jerusalem and the Temple.

It follows then that Jesus' answer to them presupposes and involves such an understanding of the times by taking note of the celestial 'signs' in the sky. This 'watching' of the celestial schedule is just part of the vigilance of a Watcher in anticipation of Jesus' 2nd Advent as it should be with modern End-Time Disciples. Thus, key celestial events like comets, Tetrads, eclipses will correlate, in part to spiritual and/or political affects upon Israel, Jerusalem and the Temple Mount and are of utmost importance to take note of and investigate.

The LORD's Prophetic Time Marker: Israel

Tetrads have occurred throughout the centuries since Jesus Christ and history has occurred regardless of their relevance, occurrence or possible prophetic significance, much less 'Biblical' implication as far as Israel is concerned. But in terms of Biblical prophecy, the Bible does emphatically proclaim that some amazing events are about to happen. These events have yet to occur concerning Israel before the 2nd Coming of Jesus Christ back to Earth to establish His everlasting Kingdom. According to Jesus' account from the Olivet Discourse, the coming point in time regarding the Biblical convergence of prophecy will be a culmination of various unprecedented world events.

In part, the Olivet Discourse even described the Earth as entering into a state of convulsion with roars of the waves, earthquakes, leading up to the LORD's return etc. When these events start to happen, it will be like birth-pangs of a woman in labor -about to give birth. At times these events will be so horrific that it will be on a global scale that they have not been seen before by human beings. Although many aspects of Biblical prophecy are in dispute as to when they are going to occur, or have or will is mere conjecture; the premise still remains the same. This premise is that Israel is at the center of the world's eye of the prophetic storms coming upon Earth; Jerusalem is a cup of trembling as Isaiah 51 states and the Temple Mount is the most contested piece of real estate on Earth.

Nonetheless, the most notable up-and-coming Biblical prophecies to occur are the Rapture, the Psalm 83 War, the Ezekiel 39 War and Armageddon. The exact timing and sequence of these events are not given but certain clues and signs were laid out by Christ Himself as to the circumstances and composition of certain prophetic keys given to His Disciples during the Olivet Discourse. For example, the reemergence of Israel on the map of the world IS the most profound fulfillment of Biblical prophecy in modern history. This was a prophetic fulfillment, in this generation no less corresponding to the 3rd prophetic key of the Olivet Discourse. As it pertains to November 29, 1947, this day was when the UN after World War 2 passed and adopted the Palestinian Partition Plan.

It was rejected by the Palestinians but nonetheless, this in effect established Israel as a de-facto State. Then about 5 months later on the Pentecost Sabbath evening of May 14, 1948 the infant nation declared its independence to make good on the UN's Resolution. Not less than a day old, Israel's birth as foretold by Isaiah 66 had occurred that Israel had to fight for her very existence. Israel had to defend herself against the 7 well-equipped Islamic armies that came upon her in an attempt to abort it.

This study strongly suggests that the regathering of the Exiles of Israel back to the Promised Land is the center piece in itself of the fulfillment of the Fig Tree promise of the LORD. This sets in motion the 'turning' of the 3 prophetic keys of the Olivet Discourse for the final foretold restitution of Israel, Jerusalem and the Temple that in turn corresponds to the Tetrads of 1949-1967-2014. This last in-gathering of the Exiles constituted the 3rd and last regathering before the Advent of Jesus Christ. This last regathering of the Jews is part of the 7-fold fulfillment of Daniel's 70th Week blueprint given in Daniel 9:24. It is a prophecy that pertained to Israel and related to the rest of the world. What this means is that the rebirth of Israel as a nation in 1948 will have Israel in the Land to never be exiled again.

This means that the prophecy that is yet to be completed as outlined in the prophecy given to Daniel is about to be completed within this present generation. The prophetic outline given to Daniel is as follows. A 70 Weeks determined Menorah Pattern of Prophetic Time based on Daniel 9:24.

Messiah's 1st Coming

<i>1. For your People and for your Holy City</i>	<i>Passover</i>	<i>Christ as the Lamb</i>
<i>2. To finish the transgression</i>	<i>U. Bread</i>	<i>Christ crucified</i>
<i>3. To make an end of sins</i>	<i>First Fruits</i>	<i>Christ resurrected</i>

(Church Age)

<i>4. To make reconciliation for iniquity</i>	<i>Pentecost</i>	<i>Body of Christ</i>
---	------------------	-----------------------

Messiah's 2nd Coming

<i>5. To bring in everlasting righteousness</i>	<i>Rosh HaShana</i>	<i>Christ as the Lion</i>
<i>6. To seal up vision and prophecy</i>	<i>Yom Kippur</i>	<i>Christ anointed King</i>
<i>7. And to anoint the Most Holy</i>	<i>Sukkot</i>	<i>Christ sets up Temple</i>

Prophetic Warnings

In the Olivet Discourse of Luke 21, the LORD Jesus instructs His Followers on what 'Biblical Prophecy' is. Biblical Prophecy is founded upon and should be referenced to Christ's 2nd Coming. To reiterate, the prophetic parameters pertain to watching 1) the Nation of Israel, 2) the Old City of Jerusalem and 3) the Temple Mount. This is in the exact sequence but in reverse order of how the Lunar Tetrads since 1949 are mirroring the restoration of ALL things according to Christ's prophetic pattern disclosed to the Prophet Daniel in Daniel 9:24.

The Olivet Discourse was a warning to the Jews to be ready to flee when such conditions became a reality such as armies surrounding Jerusalem. The discourse was given to the nation of Israel and not to the Church but the Church should take heed of its principles as it pertains to the End of Days timeline. These judgments fell upon the nation of Israel because of unbelief. Israel did not accept the LORD Jesus as Messiah and as a result, great judgment came upon GOD's People, the Jews of that time. It was the Christians that 'took flight' and were led 'up' to the hills. Yet YHVH promised in His mercy and unconditional promise to Abraham to always leave a remnant and re-gather the Exiles back to the Land of Israel.

Jesus thus gave His Followers the prophetic clues that would start with the destruction of the Temple but start the fulfillment of Daniel's prophecy when Israel was to 'bud' again. This regathering occurred as the State of Israel was resurrected out of the 'Valley of Dry Bones' after the Holocaust and near extinction of World War 2. As Nazi Germany was systematically eroding the civil liberties of its citizens through false flag incidents, wars and Patriot Acts, gun registrations, GOD's people in particular the Jews were the intended victims. They had their perception of who they were changed by the controlled media to become public enemies of the State in preparation for the 'Final Solution'. The warning signs were all around as some took heed and were able to leave Germany altogether but many stayed because either they could not or would not. The same blueprint is being presently orchestrated for a coming worldwide Christian Holocaust and it should serve as a warning to the Body of Christ that in the Last Days, the 'War on Christmas' as Barak Hussein Obama put it will escalate; he promised to finish the job by the end of his 2nd term.

As an aside note, in much of the 3rd world as in places like Africa, Asia and the Middle East, when a person 'converts' to a religion, they take on a new name as such. It goes with the tradition of how GOD changed the names of people after an encounter with the Living GOD as with Abraham, Saul, etc. Those that become Christian are designated so as they are formally and publically baptized and as a result take on a Christian name. This principle is no different for those that become Muslim. Such at their time of public adherence to the Mohammed religion will take on an Arabic/Islamic name all the same. Obama's pre-Muslim name was Barry Soetoro as the records show. The ring he has on his hand is but his pledge of this covenant to Allah.

As a major concentration of the world's Christians are in the United States, the successive Presidential Administrations especially since 9-11 have escalated a similar fear-mongering agenda using a false 'war on terror' as the Nazi Regime did in pre-World War 2 Germany. The scheme was to set up a police state apparatus to eventually use against those that will not go along the coming New World Order. In the US, it has gotten to the point that as the civil liberties afforded by one's alienable rights guaranteed by the U.S. Constitution are presently being legislated always incrementally, Christians are now categorized as 'terrorists' by the Pentagon, street preachers are now openly harassed by the local police and arrested and on and on.

Any public moral stance on such issues as the definition of marriage or sexual orientation is scrutinized by the Luciferian Zionist owned and controlled media and Hollywood. It has gotten to the point that school age children are banned from giving Biblically inspired essays or presentations at their schools. Private business owners are now being ordered by the courts to render services to people that go against their religious stance and convictions. In California university religious clubs are unrecognized. The objective of all the Jesus haters is to disarm and quit Christians by nullifying their Constitutional right to Freedom of Religion and Free Speech with civil rights laws that are neither moral nor constitutional.

The eventual intent of the current political and social Satanic ploy, especially in the USA will be to set up the Christians of the world for a coming persecution for not going along with the AntiChrist's New World Order agenda. Christians are already seen as those that hinder 'progress' like with the implementation of ObamaCare or the confiscation of personal property or guns. Like the Jews in Nazi Germany, slowly but surely Christians will be isolated and targeted to the point that the whole society will turn on them and blamed for a False Flag event.

The Preludes to Persecution

It won't be 'politically correct' to be a Christian or preach sin anymore in the USA or the world for that matter. The media is being used first for this purpose. For example, Christians are portrayed by Hollywood that is controlled by Luciferians, Masons and atheists, as nothing more than bigoted racists holding fast to a discredited system of beliefs. A Biblically based stance or even opinion on morality in America is now contrary to what they dictate as the 'new morality' and normal. This redefinition of morality is taught through their 'programming' of sitcoms and TV shows. They foster the main-stream decadent morality that has been designed to implode the family and traditional marriage. The current top 10 shows glory witchcraft, drug abuse and lawlessness.

Like in Rome's fall, once the family goes, so does the nation's morality and the society thereafter. What is sad is that the vast majority of the Body of Christ, at least in the USA is currently asleep in wealth and prosperity or have left their first love in comparison to most other Christians of the world. This is mostly the case in the West as many Christians in the 3rd world are being systematically tortured and indiscriminately slaughtered for their faith in Jesus Christ. Most Christians in the 3rd world are murdered at the hands of so called peaceful loving Muslims who proclaim to believe in 'Isa' too.

As it pertains to the main body of concentrated Christians within the USA, to be paying attention to the heavenly signs as the Olivet Discourse prescribes could wake up the Church and serve as an alarm. But these signs are just as much subject to scrutiny because of decades of secularization of the 'church', the Body of Christ. In general such knowledge has not been taught in the Church and as a result, the Church is not sensitive to such knowledge and discernment as the Bible exhorts it should be.

Christians in the USA, on the whole are being swept up along with the citizenry that is too preoccupied, too distracted with the cares of life. Like the Laodicean Church, this present situation of many Christian churches is currently the last condition of the Body of Christ just before Jesus' return; one of total blindness to the true spiritual need and operating in a Christ-less form of Christianity. In Nazi Europe, GOD's people, the Jews suffered a great persecution to the point of near extension because they did not take the 'Change' or the 'Hope' façades as a serious warning and wake-up call to realize that those in power were bent on their destruction.

It was too late by the time the Jews awoke to the deception that nothing changed, in fact they got more of the same and there was no hope for them. Will it be no different for the Christians of America? Nonetheless, there is coming convergence of agendas, Christ's and the AntiChrist's upon the unsuspecting world. The stage is almost set, as in the West, the current set-up is playing out now for the Christians of America, as Obama is bent on winning the 'War on Christmas'.

Prophetic Blindness

Many Christians in the US in particular are not paying attention to what time it is prophetically, much less being prepared to be found worthy of escape through the Rapture from the coming Wrath of GOD and of the LAMB. This same attitude was prevalent in the days of Jesus. It was the national rejection of Jesus Christ as Messiah by the Elders of Israel, the Sanhedrin that GOD's People were judged for their unfaithfulness and spiritual blindness. Such self-proclaims wise-ones of the Jewish ruling council were not looking where they could have like the Wise Men of the East. The Magi came and followed the Star of the Messiah that appeared in the Eastern sky and led them to the true Messiah and King of the Jews to Bethlehem.

This 'sign' in the stars commemorated the birth of the King, the Messiah. The significance of this event was that the King of the Universe, Creator and All-Powerful LORD took on human flesh and dwelt among mortals for the sole purpose and mission to become the 2nd Adam as 1 Corinthians 15:45 states. The mission of the Messiah was to die to redeem not only Israel as promised to Abraham but for the whole world as well. The Wise Men or Magi from where 'magician' comes from were of the legacy of the 'Prophetic School' of Daniel in Babylon. They understood the times in which they were living in much like the Sons of Issachar in 1 Chronicles 12:32. In the case of the Magi, they were guided by astronomical coordinates that led to Messiah. And this is the point, such 'signs' as the Tetrads do point to Jesus' 2nd Advent as it did at His 1st.

This is the difference in that Biblical astronomy is Christ-centered and Luciferian astrology is man-centered. As far as the Sun, Moon and Stars are concerned, such sequences of the Tetrads do 'declare the Glory of GOD'. This type of astronomy will corroborate with the Biblical prophecy and will eventually lead one to Christ like the Magi were. To reiterate, Israel's rejection of Jesus Christ as the true Messiah resulted in the Diaspora that lasted for almost 1900 years. Israel's spiritual blindness and the 'bad report' of Jesus Christ, in their estimation, were no different than like that of the bad report by the 10 Spies of the Promised Land during the time of Moses in the Exodus.

Israel, in like manner experienced another prophetic '40-year' wilderness journey amongst the nations of the world, but not before the 2nd Temple would first be destroyed. Jesus thus emphatically admonished His Disciples through the Olivet Discourse to 'watch'...to watch and see Israel as a Fig Tree in particular. It was in their generation that the tree died, thus it was in this present generation that has seen it come alive. Christ admonished His People to watch Jerusalem and the Temple Mount in the context of the signs to be given in the Sun, Moon and Stars.

It will be for these specific reasons of treason, unbelief and unfaithfulness that Christ will deal with Israel during the Tribulation period or as it is alternately referred to as the Time of Jacob's Trouble. Christ will deal, there and there with the blindness and unfaithfulness of His nation Israel as did Moses and Elijah during their ministries. In many respects, the Body of Christ is in much the same condition spiritually as Israel was to have them miss the similar celestial signs of their day. The Church of Christ needs to realize the closeness of the end of the Church Age and the coming Wrath of the Lamb. The Tetrads of 2014-15 is the 'sign' for this day and it could also affect the Church.

Celestial Witnesses

Many Christians would argue that those looking toward the Tetrads are no better than those that are seeking a sign and are thus of an adulterous generation. The difference is that such do ask for signs as the religious Jewish leaders did of the LORD but there is a difference in that the Tetrads are a sign given by the LORD. During the Church Age, the 2 primary 'witnesses' have been the WORD of GOD, the Bible and the empowering of the Holy Spirit indwelling individual Followers of Christ. The Sun, Moon and Stars are tertiary 'witnesses'. It is important to emphasize that Biblical prophecy that is referenced to possible celestial occurrences should be measured against the primary source which is the Bible.

It should go hand-in-hand with the discernment of the Spirit as Followers of Jesus Christ have the Mind of Christ per 1 Corinthians 2:16. This spiritual decrement is very important because Christians need to understand that the coming AntiChrist will himself be accompanied by counterfeit witnesses of 'signs and wonders.' These false witnesses will involve the heavens and possible celestial bodies like the very same Sun, Moon and Stars. For example, the Bible states that the AntiChrist will cause 'fire' to come down from heaven as Elijah did. The False Prophet will cause a dead statue of the AntiChrist to be animated and speak even from the Temple. Thus it is important for the Body of Christ to have a discerning mind and heart as there has been a lot of disinformation put out to confuse and discourage Christians that are led astray by false signs that are not Biblically based. Any other extra-Biblical nuances as signs and wonders should only confirm and corroborate Scripture. For the Jews in the Last Days, the Bible speaks of how the LORD will send the 2 Witnesses to deal with this very issue of Israel's spiritual blindness and unfaithfulness.

If the 2 Witnesses are in fact Moses and Elijah, as some purport, such will validate the 3rd 'prophetic key' of the Olivet Discourse in that their ministries will be centered on the rebuilt Temple in Jerusalem. They will perform the same 10 miracles or judgments upon the AntiChrist as the 10 Plagues came upon Pharaoh in Egypt. This is one of the reasons why in Revelation 11:8 Jerusalem is referred to as 'Egypt' as the AntiChrist will be treated as Pharaoh was during the time of the Exodus. In this context, the Time of Jacob's Trouble or the Great Tribulation can be seen as GOD witnessing against Israel's spiritual blindness and unfaithfulness. GOD's converging prophecies are in a sense, a witnessing that will concludes as some interpret the Biblical sequences when the LORD calls Israel and all the Nations to the Valley of Jezreel.

This place is in northern Israel where the 2nd to the last Battle for Planet Earth, the Battle of Armageddon will take place. It will be much like when Elijah summoned all of Israel and the world for that matter to the 'valley of decision' to battle the false prophets of Jezebel in 1 Kings 19. It was a time and place where a spiritual showdown of the universal forces of good and evil occurred; to 'witness' which 'god' was GOD. To this end the LORD will again summon all of Israel and all the Nations of the world to this very Valley of Megiddo for the very same purpose, once and for all.

It will be at this time and place when the Jews will see Jesus Christ, the 'one whom they have pierced' as the true Messiah and LORD as Zechariah 12:10 states. Jesus' return will be a physical one, on a horse with the Armies of Heaven behind Him. At that time, all prophecy will converge as the SON of GOD come to wage war and take His vengeance upon all those in allegiance with Lucifer and his AntiChrist and False Prophet. It was at the Ascension of Christ, that angels appeared thereafter to witness and confirmed to the Disciples that in the same way Jesus went up or was Raptured, Jesus Christ would come back down.

This 'touchdown' will be on the very spot on Earth, the Mt. of Olives across the Temple Mount to the eastside where Jesus prophetically gave the Olivet Discourse. But not before having His vestments dipped in the blood of those gathered in the Valley of Armageddon as grapes gathered for the wine press of His Divine Wrath. This study is not saying or alluding that Jesus Christ is to return because of the Tetrad in 2015, far from that as there are still some major prophetic events yet to take place first. Such prophetic events are the Rapture, the Psalm 83 War, the Gog-Magog War I, and Armageddon –as some interpret the End-Times, etc. These events are leading up to that climax point of the 2nd Coming of Christ.

The events leading up to this Day of the LORD might be explained in so much as the Tetrad theory is part of such a prophetic sequence. Even so, the prophetic signs in the heavens surrounding the Tetrad of the 2014-15 timeframe appear to be converging. The emphasis is on 2015 as being the key year due to the anticipation, among other events of having the Year of Jubilee proclaimed during Yom Kippur on September 22/23, 2015 for example. The decrement of when the actual Jubilee Year occurs is also subject to much disagreement. Based on several celestial signs already and the Tetrad of 2014-2015, it does appear that a culmination of Biblical Prophecy is about to converge in 2015 for the many reasons.

There are mainly 10 reasons for why the Tetrad of 2014-15 is prophetic and why 2015 will be a culmination year that will be presented in detail at the end of this study. There are at least 10 extraordinary prophetic 'signs' or reasons that this study presents to support why the Tetrad of 2014-15 is singular amongst any prior Tetrad since Christ. The 10 prophetic reasons presented in this study are based on various astronomical calculations and Biblical patterns. It argues that although the year of 2015 is presented as the year of Biblical prophetic convergence, it is not intended to be a date-setting year or if the events will occur at the beginning, middle or end of the year.

10 Prophetic Signs converging on the Tetrad

The 10 Prophetic Signs presented in this study support the notion that there is relevance to the Tetrad of 2014-15 as it pertains to Biblical prophecy concerning the building of the 3rd Temple. This study proposes that there are at least 10 prophetic reasons or signs that will show why specifically the Tetrad and the year 2015 will see a convergence of Biblical prophecy. Based on the pattern of the last 2 Tetrads of 1949-50 and 1967-68, this study postulates that the 3rd Tetrad of 2014-15 will correspond to the rebuilding of the 3rd Temple. This restitution of the 3rd Temple is speculated to either commence sometime in 2015 and be initiated or possibly commence during the Fall Feasts of 2015.

These signs are speculative but based on the overall comprehensive 'signs' in the Sun, Moon and Stars. Jesus of Nazareth admonished His Followers to take note of such factors as it specifically relates to the End of the Age and His 2nd Coming. These prophetic signs for the most part involve some astronomical occurrences that have been found to have a degree of unique numerical association and that appear to lead up to the timeframe of the Tetrad of 2014-15. The itemized listing of the 10 events are as follows.

Celestial Signs and Events leading up to the Tetrad

- 1. The 8th rare solar Hybrid eclipse pattern since Christ in 2013.*
- 2. 13th Star of David planetary alignment since Christ in 2013.*
- 3. Synchronicity of Comet ISON perihelion on Hanukah 2013.*
- 4. Possible culmination of the Oslo Accord road-map to a 2 State solution in 2015.*

Patterns during the Tetrad

- 5. The total solar eclipses occurring on Civil and Religious New Year's 2015.*
- 6. The phi ratio proportion of 1949-1967-2014 Tetrads and coming War 2015*
- 7. The 4 Pisces-Virgo zodiac alignment pattern and Mercury retrograde 2015*

Mathematical cycles culminating in the Tetrad

- 8. The Jubilee cycle, by some calculation of beginning in Yom Kippur 2015.*
- 9. The 'hidden code' of 19 and 48 years mirrored time span 2015.*
- 10. The Shmita 7 year economic pattern to culminate in 2015.*

This next segment of this study will elaborate on the 3 'prophetic keys' of the Olivet Discourse that correspond to Israel, Jerusalem and the Temple. This study strongly suggests that the conditions in Israel in the Last Days will be as they were during the Olivet Discourse given by the LORD Himself. In particular, the prophetic key corresponding to the 3rd Temple is the prophecy that is yet to be completed and required before the LORD can return.

This study strongly suggests that this 3rd aspect of these conditions has to exist at the time of the LORD's 2nd Coming as it was when they existed at Jesus' 1st Coming. To reiterate, this study postulates that the last 3 Tetrads are directly tied or correlated to the 'prophetic keys' given by Jesus Christ to His Disciples at the Olivet Discourse and correspond to the last 3 Tetrads of 1949-1967-2014.

Each prophetic factor, the Land of Israel, the Old City of Jerusalem and the Temple Mount are sequential 'keys' in both their judgment and destruction and thus their restitution before that Great Day of the LORD comes upon the Earth.

Israel: the 1st Key of the Olivet Discourse

As to the 1st 'prophetic key' of the Olivet Discourse framework, the end of the Diaspora and return to the Land of Israel, Eretz Yisrael accelerated with the UN Partition Plan of November 29, 1947. This led to Israel's Declaration of Independence on May 14, 1948 on Pentecost—as some calculate it. The UN admittance of membership of Israel into the community of nations occurred on November 5, 1949.

This is to say that the Jews returning from the Diaspora to their own legal and sovereign nation's name of Israel after World War 2, no less is the 1st prophetic key of the Olivet Discourse that was 'turned' if you will and fulfilled. The Tetrads of 1949, 1967 and 2014 should be seen as prophetic because Israel since 70 AD did not 'exist' as a sovereign Jewish nation until after World War 2. This prophetic milestone, is the budding of the Fig Tree and is the most important Biblical fulfillment in modern times or the 'Last Days' as some would rather describe it.

This rebirth of Israel as foretold in Isaiah 66 has set the stage for the inevitable convergence of the next 2 'keys' that correspond to the Tetrads of 1967-68 and 2014-15. The LORD Jesus foretold of His People's Diaspora in the context of the Olivet Discourse. The Messiah described the stones of the 2nd Temple that none would be left unturned. There was to be a coming judgment and destruction and eventual expulsion of the Jews from Judea and Samaria. The Romans would later call these core lands of Israel, Palestina out of spite for the Jewish uprising against Imperial Rome.

Like the Assyrians and the Babylonians before the Romans, a Remnant of Jewish settlers would always be allowed to remain to inhabit the land to a minimal extent. It would consist of those too poor, sick and old to travel. This was the judgment for having rejected Jesus Christ as the true Messiah and having been sold as Joseph was by his very own brothers.

Jerusalem: The 2nd Key of the Olivet Discourse

The second 'prophetic key' that has also been turned corresponds to the encirclement and destruction of Jerusalem in 70 AD. The Old City would eventually be recaptured during the 6-Day War on Pentecost, as some have calculated it in 1967. The 2nd 'key' thus correlates to the part of the Olivet Discourse in which Christ foretold that Jerusalem would be surrounded by armies. In this context, the manner in which Jerusalem was surrounded during the siege of 70 AD provides some interesting correlations astronomically and militarily. Perhaps such a pattern could very well be prophetically repeated with the armies of the AntiChrist that are to come when such an army will again be surrounding Jerusalem during the Tribulation period.

This 2nd key, Jerusalem corresponds to the 2nd Tetrad of the 1949-1967-2014 series. It follows the sequence of how the Romans first destroyed the Temple as they were camped across on the Mt. of Olives in 70 AD. There were 4 Roman Legions surrounding the walls of Jerusalem, the walls were eventually breached on the 9th of Av as the Romans converged from the Anatolia Fortress that is adjacent to the Temple Mount. It was from that point and time that the Roman legions ransacked their way to the Temple and City thereafter leaving no stone of the Temple upon another. It is speculated that the Roman army wanted to plunder all the gold of the Temple. In an attempt to maintain the integrity of the Temple for spoil, in haste a torch was nevertheless thrown into the Holies that melted the gold into the very crevasses of all the Temple platform stones.

Thus to get at the gold, no stone was left upon another by the Roman army. More than that, the Romans wanted to symbolically drive a 'knife' at the heart of Jewish resistance and symbol of sovereignty and what little they had to do with the Temple worship services. The Romans were plagued with Jewish revolts and attacks since 66 AD and wanted once and for all deal with the Jewish symbol of sovereignty. Titus, the Prince of Rome at the time surrounded Jerusalem with 4 legions. The most prominent one was the V (5th) named Macedonica, then the XII (12th) named Fulminata, the XV (15th) named Apollinaris on the western side and the X (10th) named Fretensis on the Mount of Olives to the east.

This layout has echoes of how the AntiChrist, the Prince that will also come at the End of Days will likewise maneuver his New World Order armies and make his encampment in the 'beautiful land' per Daniel 11:40. It is prophetic in how the spirit and connotations of the AntiChrist were employed even in the very standards of the Roman Legions that bore their names. As it was with Nebuchadnezzar, the destruction of the 2nd Holy Temple of the LORD on Earth was allowed by GOD because of its abomination and desolations at the hands of His People.

GOD's People, the Jews failed to maintain it and honor it as told to the leaders of Israel by Jesus of the Parable of the Wicked Husbandmen in Luke 20:9. GOD allowed the armies of Rome as He will with the armies of the false AntiChrist Messiah to encircle and encamp around His Sanctuary. The future encampment of Jerusalem will be because of the coming Abomination of Desolation the prophet Daniel speaks about will occur with the AntiChrist after the Temple is rebuilt. The Roman Legion configuration surrounding Jerusalem exemplifies this spirit of AntiChrist that is even now at work in and through the sons of disobedience as the Bible states.

This event will be orchestrated by Lucifer in collaboration with one of his demonic entities, the mighty fallen angel and/or strongman of Lucifer that will be allowed to rise once again from the Bottomless Pit as foretold by Revelation 9:2. His name is Apollyon or Apollo that is currently in chains in the Abyss. This demon will be loosed to summon the armies of the Nations to surround Jerusalem once again as the Romans did and perhaps in the same astronomical configuration. The Roman Legion's standard or 'sign' configuration around Jerusalem are as follows.

1. NORTH - Macedonica V (5th): The Eagle

The standard of the Macedonian Legion encamped to the north of Jerusalem was the Eagle. The preeminent Legion was named after the place in Macedonia where Alexander the Great came from. Alexander the Great was a type of the AntiChrist to come with its symbol of an Eagle. Rome adopted this ensign as its imperial ensign. Alexander the Great was considered a 'god' and reincarnation of Apollo and died in Babylon at the age of 33.

2. SOUTH - Apollinaris XV: The Man (Griffin)

The standard of the Apollinaris Legion encamped to the south of Jerusalem was a bust of Apollo, the Man. Apollo was considered to be more than a mere man but the 'son of the gods'. His other emblem is the griffin. This other emblem was also used to denote a beast with wings as an angel. The Bible describes the AntiChrist as a Beast as is Apollyon, a fallen demonic angel that will devour as such.

3. WEST - Fulminata XII (7th): The Lion (Lightning)

The standard of the Fulminata Legion encamped to the west of Jerusalem had a Lightning Rod as its emblem. It represented the power of the 'king of the gods' Zeus as in royalty of a Lion, the king of the beasts. Or it represented the power of fire and thus the giver of fire to mankind - Apollo as Prometheus the Light Bearer, Lucifer.

4. EAST - Fretensis X (10th): The Bull

The standard for the Fretensis Legions encamped to the east of Jerusalem was the Bull, the symbol of Venus. In this case it is ascribed to Lucifer, the 'Morning Star' of Apollo. Prophetically the encampment of the 4 Roman Legions mirrors the 4 celestial quadrants of how the Hebrew encampment was laid out around the Tabernacle in the wilderness during the times of Moses. This amazing configuration in turn was a copy of the layout of the very Throne Room of GOD in Heaven itself and reflecting in the 4 celestial points. The Tribes of the Israelites had their divisions designated around the Tabernacle of Moses by sets of 3. The prominent Tribe bore the standard that corresponded to the 4 celestial astronomical signs in the heavens. The standards or 'symbol' that accompanied each Tribe grouping are as follows.

- 1. North - the Eagle: Dan
- 2. South - the Man: Ruben
- 3. West - the Bull: Ephraim
- 4. East - the Lion: Judah

The 4 celestial points of the zodiac with are as follows. The difference is that the East-West axis is mirrored or inverted.

- 1. North - Scorpio or Eagle guards Golden Gate or of God
- 2. East - Aquarius the Man
- 3. West - Leo the Lion
- 4. South - Taurus the Bull guards the Silver Gate or of Man

As the 4 Roman Legions mirrored the 4 Living Creatures and the Hebrew encampment around the Tabernacle of Moses with the exception of the East-West axis being reversed, could the future scenario also play out with the New World Order armies of the AntiChrist in the coming encirclement of Jerusalem? As the Romans were the successors of this 'spirit and power of Apollo' or Apollyon, as in Alexander the Great's army and empire, the Western Europeans and North Americans, the USA in particular are the successors to the Roman military's protocols and structure.

This is not a far-fetched idea as the U.S. Secretary of State suggested that part of the Peace Initiative Plan could involve the U.S. Army being stationed around Jerusalem as a buffer between the dual national capital of a new Palestine and Israel side by side. Currently the US Armed Forces that like Rome have bases in over 100 nations and the US military has had joint military training with Israel. The U.S. Army Infantry divisions have already played a significant role in the Middle East since 9-11 in Iraq and Afghanistan, not to mention the numerous covert operations in other countries.

It would not be that far-fetched to speculate that such U.S. Army infantry divisions could be incorporated as players under an AntiChrist led UN, NATO or NWO super army that eventually one day will be led by the coming Prince as Titus did and surround Jerusalem as the Olivet Discourse foretells. It might be the case that the U.S. military will be morphed into the New World Army led by the AntiChrist. It is interesting to contemplate that there are 4 U.S. Army Infantry Divisions with insignias that match the 4 Roman Legions ones. These 4 U.S. Army divisions could possibly be either used or incorporated in the very similar configuration when the armies of the false messiah Prince surrounds Jerusalem and the Temple as prophesized by the LORD in the Olivet Discourse.

This speculation could play out in the following scenarios as the AntiChrist's Super Army encamps around Jerusalem. This scenario is pure speculation but a future army surrounding of Jerusalem by the AntiChrist and the armies of the Nations gathering in Israel is foretold in Zechariah, Daniel and Ezekiel. The armies of the AntiChrist, like those of Assyria, Babylon, Rome with 'Apollo', 'Venus'...standards etc., will once again play a role in curtailing and usurping the true worship of the True GOD YHVH centered around Israel, Jerusalem and the Temple as foretold by the LORD Jesus Christ during His Olivet Discourse.

1. North - *The Eagle: The 101st Airborne Division.*
2. South - *The Man: The 2nd Infantry Division of the Redskin Man.*
3. West - *The Lion: The 28th Airborne Division.*
4. East - *The Bull: The 34th Infantry Division of the Bull.*

The Temple Mount: The 3rd Key of the Olivet Discourse

As to the destruction of the Temple in AD 70, about 4 years prior to that event, Comet Haley was in the sky as recorded by the Historian Josephus and others of the day. It was reported to have appeared like a 'sword' and over Jerusalem. Many were keen to observe that event where able to discern that it was a clear harbinger of a bad omen the signaled a coming bloodshed and war. What came to pass was that around 66 AD, (66.5 + 3.5 years = 70) the Jewish Revolt started and a countdown to the destruction of the Holy Temple culminated on the 9th of Av, around August 4th – 11th, 70 AD.

Many speculate that Comet ISON in a similar fashion is heralding a mirrored pattern for the Temple's reconstruction during the Tetrad sequence of 2014-15. Interestingly, the comet reached perihelion or the closest approach to the Sun on the 1st day of Hanukah in 2013. Comet ISON was first discovered in September 2012, about 3.5 years out from the Tetrad of 2014-15 (2012 + 3.5 years = 2015.5). This 3.5 year countdown like in 66.5 AD would put the time frame of the possible rededication of the 3rd Temple in fall of 2015 as Comet Haley was for the 2nd Temple in its destruction.

Interestingly, 666 days from the perihelion of Comet ISON on November 29, 2013 corresponds to September 25, 2015, right in between Yom Kippur and Sukkot in 2015. The Last of the Blood Moons of the Tetrad of 2015 will occur on September 28, 2015. As to 1947, the first lighting of the 8 candles of Hanukah that started on December 7, 1947 was 8 days after the UN voted on the Partition Plan that created Israel as a de facto nation on November 29, 1947.

The number 8 in Biblical context always denotes new beginnings. The Partition Plan was never implemented as the Muslims rejected the conditions. Thereafter the Israel declared its independence on May 14, 1948. This was exactly 333 days, excluding end date from the Lunar Tetrad of April 13, 1949. This particular 1st Blood Moon of April 13, 1949 happened to be a Central Blood Moon meaning that the eclipse alignment is perfectly in line with the Sun, Earth, and Moon. It also occurred on a Wednesday, mid-week.

Moreover, it also could be seen from Jerusalem. From when Israel was officially recognized and admitted into the family of nations by the UN on November 5, 1949, it was exactly 29 days from the 2nd Tetrad Blood Moon of October 7, 1949; the same as 1 lunar cycle of difference. Thus the Tetrad of 2014-15 could very well see the reconstruction and/or rededication of the 3rd Temple based on such numerous celestial patterns and numerical associations. But what is fascinating is that the Temple Institute is ready and good to go with all the Holy Utensils for the Priestly Services and ready to start the animal sacrificial worship system once again. All that is needed is the Ark of the Covenant and the Temple to house it.

These 2 items, if brought together by the coming New World Leader 'Prince' would be heralded as the 'Messiah' indeed. As Yom Kippur is when Kings of Israel were anointed and the Jubilee was proclaimed, this study postulates that the Temple is to be dedicated perhaps on the proclamation of the Jubilee on Yom Kippur 2015. This scenario would come along with the possible designation of who the 'Messiah' will be to lead the 'Year of Light' 5776 or soon thereafter. This calculation of the Jubilee Year is in dispute as varying calendars are used to determine this event.

Nonetheless, this means that around the end of 2015 is when a possible Biblical event will be corresponding to the 3rd Jewish Temple in some way. This construction of the 3rd Temple could be as a result of the Rapture, a war or treaty or both to allow for the secular nation of Israel to afford such an undertaking that is sensitive to the Islamic Dome of the Rock. This assertion is not dogmatic nor a prediction but only a possible probability based on prior Tetrad sequence patterns based on the Olivet Discourse

The Rebuilding Efforts

Many Jews associated with the rebuilding efforts of the 3rd Temple state that, in one estimation, the Temple will require at least 18 months for the construction and ritualistic purification before the animal sacrificial rites and ordinances can begin. This timeframe in itself constitutes a 6-6-6 numerical factor derived from the 18 month time period. Coincidentally, 18 months from the Spring Equinox of 2014 or from the Kerry Intermediate Peace Agreement in April of 2014 would bring the Temple dedication time frame around Yom Kippur 2015. The aspirations of various Jewish organizations bent on preparing all that is necessary to build the 3rd Temple like King David did with Solomon is admirable, prophetic and exciting to witness in this present generation.

What most likely will happen is what happened to the Jewish 2nd Temple under the rulership of King Herod. This false 'king of the Jews', descendant of Esau took over the jurisdiction of the Temple worship by way of refurbishing of the 2nd Temple. Possibly, when the 3rd Temple goes up, a time will follow when secret society entities that have a Luciferian agenda such as the Kabbalistic Jews in league with Freemason and other such 'Synagogues of Satan' will usurp the sovereignty and jurisdiction of the 3rd Temple. Their diabolical purpose and plan will be to eventually give all power to the Beast and present the Temple of 'Light' in the 'Year of Light', 5776 to their Prince Light-Bearer, the false 'Messiah' which will be the AntiChrist of the Bible.

This AntiChrist will cause the Daily Sacrifices to cease at a certain point as stated in Daniel 9:27. This coming false Messiah, the Prince that 'will come in his own name' will defile the Holy of Holies as he will sit on the Ark of the Covenant and proclaim himself to be 'god' as 2 Thessalonians 2:4 states. To reiterate, the conditions that would allow for the reconstruction of the 3rd Temple could be as a result of a treaty, war or political maneuvering. Politically, the Oslo Accord protocols have been in place since 1993 with such a 'covenant' that just needs to be 'confirmed'. This Accord has slowly been advanced in long drawn-out increments over the years.

Currently, the U.S Secretary of State's push for a final 2-State peace agreement will be the next step that is said to occur in conjunction to the end of the Tetrad of 2014-15. For example from the July 2013 Kerry Initiative, a 9 month period in which 'failure is not an option' was proclaimed. This timeframe is approximated the start of the 1st Blood Moon of the 2014 Tetrad on April 15. A possible Intermediate Peace Agreement between the Palestinian Authority and Israel would be signed as a result of some war yet to be determined. Interestingly, the Secretary's visit to Israel in early January 2014 in hopes of establishing an anticipated signing of the Intermediate Peace Agreement would be exactly 100 days to the first Tetrad Blood Moon on April 15, 2014. The number 100 can be factored as a 666 as in $33.3 + 33.3 + 33.3$, etc.

A possible Intermediate Peace Agreement would then be 'confirmed' a year later. This timeframe would put the confirming of this 'covenant', i.e., the Oslo Accords on April 4, 2015, the first Blood Moon of the 2015 Tetrad segment, exactly 1 year from the January 4, 2014 Kerry visit to Israel regarding the possible Intermediate Agreement. Thus to dismiss the Tetrad of 2014-15 and the patterns in general as being non-events or not relevant to Israel, Jerusalem or the Temple does not make much 'Biblical' sense. Celestial signs like the Tetrads have become a virtual blind spot of the Church much like it was with the Sanhedrin of ancient Israel for not recognizing the signs in the heavens. The LORD Jesus admonished the religious leaders, the blind guides and shepherds of Israel to at least take note of. Perhaps the work of Secretary Kerry will be stage that is to be set for a 'confirming' of the 'Covenant' that is already in place by 2015 or soon thereafter in 2016 perhaps.

This timeframe would coincide around the total solar eclipse of March 20, 2015 and ahead of the partial solar eclipse on Rosh HaShana on September 13, 2015. What would follow would then be the Yom Kippur declaration of the Jubilee Year and Blood Moon of Sukkot on September 28, 2015. Not since the destruction of the 2nd Temple in 70 AD has Israel had sovereign control over the Old City that encompasses the Temple Mount. Thus the 3rd phase of the Divine Plan of Israel's restitution demands that it relate to the building of the 3rd Temple. If such will be the case, then the 3rd Temple is about to begin according to the 'prophetic keys' and blueprint given by the LORD from the Olivet Discourse. The following are some interesting day counts for the 1st half of the Tetrad of 2014 as it relates to the Jewish Feasts and possible 18 month building and dedication of Temple.

*1. From Spring Equinox Mar 20, 2015 evening to Sukkot Sep 27, 2018 = **555** days (excluding end date)*

*2. The **18 month** possible period can be sectioned into a **6-6-6** time period as well.*

Central Blood Moons

Central Blood Moons are also another very important time-marker pertaining to End Time Tetrad prophecy and the signs related to the Sun, Moon and Stars. They are like a 2nd hand of a clock in relation to the whole lunar eclipse pattern theory. According to NASA, only 33 Central Moons or 'Bulls Eye' lunar eclipses have occurred in the last century. Only the one that started the 1949-1967-2014 Tetrad series on April 13, 1949 has ever occurred within a Tetrad. This is extremely significant as if it appears to 'kick-off' the final 3 Tetrads that this study postulates corresponds directly to the timeframe of the 3 'keys' of the Olivet Discourse restitution sequence.

The Central Blood Moon in July 27 of 2018 will also be exactly 1947 years, 11 months, 16 days from 70 AD's destruction of the 2nd Temple and the beginning of Israel's exile known as the Diaspora. Or in terms of rounded-off years, it is AD 70 - 2018 = 1948. This is exactly mathematically within the same year. The year 1947 is when the UN ratified and passed the Partition Plan for the creation of the state of Israel and the state of Palestine for that matter after World War 2 on November 29, 1947. Ironically the Palestinians rejected the Partition Plan they seek now but on the 66th Session of the UN, the Palestinian Authority submitted an application for admission as a Member of the United Nation.

This session fell dead center on Rosh HaShana on September 28, 2011. Then on November 29, 2012, the eve of Sukkot or Tabernacles in Israel, the UN voted to recognize the State of Palestine's sovereignty by deeming it as a 'non-member' state. These are but some examples to get an appreciation mathematically regarding such relationships revolving around the LORD's Feast Days and Blood Moons. Consider that from this Central Bull's Eye Moon on April 13, 1949 to July 27, 2018 is 69 years, 3 months, 15 days. This count is just within the 70-year timeframe of a Biblical generation.

Thus an important reason why the Lunar Tetrad of 2014-15 is especially prophetically significant is that it is exactly in-between 2 Central Blood Moons of 2011 and 2018 that are in line with the Temple Mount and is just over 7 years apart. These 2 Central Blood Moon are 'bookends' as if they are identifying the year of the coming convergence of prophecy that will fulfill the Olivet Discourse outline of the prophetic restitution. Thus the year marked 2015.5 appears to be the climax to the Tetrad's prophetic implication and significance as it relates to the dedication of the 3rd Temple. This pattern of 7 years from 2011 to 2018 perhaps is part of the divine plan exemplifying the length of time that the coming Tribulation as well based on weeks of years.

It will be a 7-Year or a 2520 day period of a 3.5 year division or 1260 days for a total of 2520 days or 42 weeks respectively. This is assuming a Jewish reckoning of time with a 360-day year of 30 day months, etc. Possibly, this much anticipated Tribulation period will start from some point in time in 2015. Thus this investigation strongly suggests that 2015 is the year of significant converging Biblical prophecy in so much as the 3rd Temple will be dedicated. Specifically it could correspond to the Fall Feast of Yom Kippur.

According to the Olivet Discourse pattern, the 3rd Temple will be reconstructed as it will be the last piece –the last ‘prophetic key’ to unlock the mystery of when the LORD Jesus Christ will return. What better time to dedicate the ‘new Temple’ with the High Priest going into the Holy of Holies for the first time since 70 AD to commemorate its restitution. To lend support to this stipulation, many Biblical researchers claim that the Jubilee cycle will occur in 2015. It is proclaimed on Yom Kippur but what is peculiar about this Year of Jubilee is that it will be ushering in the Jewish year of 5776. This number corresponds to the ‘Year of Light’ as researched by the late David Flynn.

He proposed that it might very well be that the subsequent year of 2016 is when the AntiChrist, the New World Order ‘illuminated’ royal Prince, will have come fully on the scene as he had made his debut to world and Israel. What better time than a Jubilee Year to initiate a year of ‘light’ with the light bearer’s false Messiah Prince to also initiate the New World Order or ‘Age’ starting off with a new Temple. Flynn’s research also suggested that the year 2015-16 esoterically and mathematically corresponds to the Great Pyramid pattern as it has the height of exactly 5776 inches when the Capstone is incorporated. This is alluding to when the Capstone is finally placed on top of the unfinished pyramid and the ‘Great Work’ of the Luciferian Synagogues of Satan is completed.

This pyramid symbolism is depicted on the reverse Seal of the USA and imprinted on every 1 dollar bill belonging to the Federal Reserve, not the U.S. Government. Another astronomical occurrences in 2015 aside from the Tetrad will be the Retrograde of Mercury in-between several planetary alignments. It is interesting that on June 21, 2015 on the Summer Solstice, the Retrograde of Mercury will occur. This will occur in between the horns of Taurus much like the Transit of Venus did in 2012. The horns of Taurus configure a pyramid and the planet’s trajectory makes it appear as if the capstone descends and completes the pyramid.

Thus in 2015 on Yom Kippur (5776) is the year, perhaps the time when the 3rd Temple on the Temple Mount in Jerusalem will be initiated in some way. In a sense the ‘pyramid’ having now been completed as the capstone has been placed and made possible by the false Prince Messiah Israel will be accepted that very year. As the LORD YHVH has His convergence of prophecy and schedule, so too does Lucifer. How befitting and coincidental to have a convergence of the 3rd Temple, the Ark of the Covenant, and the ‘Messiah of light’ all come together at this precise place and time.

It very well might be the time in Israel where and when as a nation, Israel will be acclaiming her newly revealed ‘Messiah’ Prince. The True Messiah, Jesus of Nazareth even proclaimed that this imposter would come in his own name, who the nation of Israel as a whole will accept per John 5:43. Perhaps this scenario will come to pass because this Luciferian false Messiah will have given Israel the permission and means to rebuild and dedicate the 3rd Temple. He will also give Israel the legal jurisdiction to commence the animal Daily Sacrifices that will not sit well with animal rights activists of the world.

Biblical Prophecy, the Promises of GOD fulfilled

To reiterate, this study supports the notion that the Tetrad patterns, at least since 1949 are Biblical celestial signs related to Israel and perhaps a convergence of End Time prophecy that appears to be in-step with the Sun-Moon-Stars prophecy as stated in the Olivet Discourse. There are several Scriptures in both the Old and New verses to support the Olivet Discourse alluding to celestial signs corresponding prophetically to Israel, Jerusalem and the Temple. In Acts 2, the Apostle Peter referenced Joel 2 as validating the outpouring of the Holy Spirit on Pentecost for one. Yet there were no solar or lunar eclipses that were recorded but that does not mean they could not have occurred.

There was no earthquake either nor the stars diminished in their brightness overall. Also, the whole Earth did not shake nor was there a 'pole shift', perhaps other than a spiritual one. The popular Joel 2 chapter does give a prophetic account describing a Sun and Moon correlation that does herald the coming of the LORD, Jesus. This is not in reference to the Rapture but the 2nd Coming. With respect to the Pentecost of Acts 2, the Earth has never to be the same from that time forward. The Holy Spirit was to, for the first time ever, seal, empower, indwell and enable a Believer in Messiah.

This Divine Power would enable a Follower of Jesus Christ to walk in holiness and obedience before the LORD GOD due to faith in the Messiah, Jesus Christ. This was possible now only because of the death, burial and resurrection of Jesus Christ who came to establish a personal relationship with mankind based on the New Covenant in the Blood of the Lamb. This was accomplished at His 1st Coming as Jesus fulfilled the first 3 Feast types of the LORD, Passover, Unleavened Bread and First Fruits. Every fulfillment of GOD's Divine Plan is a special occurrence and in actuality a promise fulfilled. The Holy Spirit descended to indwell and permanently seal Believers in Jesus Christ for the first time ever. The Prophecy or GOD's Divine Promise to send the Helper or Comforter to come alongside a Believer was fulfilled at Pentecost.

This Promise was fulfilled on the 50th day after the LORD's resurrection. This sealing was as a deposit or foretaste of the whole that is to be given at the Bema Seat of Christ and fully exercised at the start of the Kingdom of Jesus at His 2nd Return. With such power from on high, Believers since Pentecost have been commissioned as the Body of Christ to speak or prophecy and even do 'greater works' in supernatural ways as the LORD prescribed in Joel and John 14:12. Since Pentecost, it has been a time in which salvation, in general, would be granted by 'calling on the Name of the LORD' as Acts 16:25 states. This is based on the finished work of Jesus Christ on the Cross due to YHVH's mercy and grace as Ephesians 2:8 states. This current prophetic Age of Pentecost corresponds to the 4th stem of the metaphorical Menorah Feast of Pentecost. This 'Age of Grace' is currently the divine order until the completion of the Church's commission and when the Age of Grace ends.

If either there will be a pre, mid or post Tribulation Rapture, most would nonetheless agree that the end of the Age of Grace would be triggered by the Blessed Hope, that is the day of the Resurrection and Rapture of all those abiding in Christ. This Scriptural inference is subject to much debate as well as many Christians also believe that the Church will still be present during the Tribulation period and not 'caught' up until Christ comes in the Clouds. But perhaps when the Age of the Church, the Age of Pentecost is completed, a last 'Pentecost' will also correspond to the heavenly signs might appear as well that is also synchronized to the Tetrads and the Jubilee year.

It is interesting that as Pentecost is associated with eclipses from Acts 2 by the Apostle Peter, there have only been 3 years in a row in recent history that Pentecost has occurred directly in-between a solar and lunar eclipse. These 'ecliptic Pentecosts' occurred in 2011, 2012, 2013. Perhaps this in itself is a countdown of sorts to the final Pentecost of the Church Age. This Pentecost-eclipse pattern and symmetry had not occurred in the past nor will it occur in the near future. Furthermore, from the Pentecost date of 2013, May 19 to the Pentecost date of 2014 in June 8, 2014 is exactly 1 year 20 days, a 120 code . This is the same amount in numbers of those Disciples of Christ that were in the Upper Room when the first Pentecost occurred. Perhaps this 120 code could be a prophetic count that the last Pentecost as the 3rd key of the Olivet Discourse, the building of the 3rd Temple within the 2014-15 Tetrad is going to be fulfilled.

What is remarkable is that on both prior Tetrads of 1949 and 1967, the prophetic climax occurred on Pentecost based on certain Jewish calendar accounting of time. Israel's declaration of independence just before the start of the Tetrad was on the eve of the Sabbath and Pentecost. The recapture of the Old City and Temple Mount during the 6-Day War occurred on Pentecost. Thus will a coming prophetic climax likewise directly related to the 3rd Temple occur on Pentecost on 2015? The date has echoes of June 7th, the day the Temple Mount was recaptured by Israel. This time span will be approximately 47 years or about 2500 weeks. The following are just some examples of the mathematical counts involved that are related to certain key dates associated with the Blood Moons of the Tetrads.

*From declaration of Independence in 1948 to Pentecost of 2014
May 14, 1948 to Sunday, June 8, 2014
= 66 years, 25 days or 3447 weeks*

*From 2nd Blood Moon of 1049 to Israeli membership to the UN
October 7, 1949 to November 5, 1949
= 29 days or 696 hours or 4 weeks (1 lunar cycle)*

*From 1st Blood Moon of 1967 to the capture of Jerusalem
April 24, 1967 to June 7, 1967
= 177 days or 25 weeks*

*From 1st Blood Moon of 2014 to Pentecost
April 15, 2015 to June 8, 2014 = 55 days or 7 weeks
(excluding end date)*

*From 1st Blood Moon of 1967 to the 1st Blood Moon of 2014
April 24, 1967 to April 15, 2014
= 46 years 11 months 22 days*

*From 1st Blood Moon of 1967 to Partial Solar Eclipse April 2014
April 24, 1967 to April 29, 2014
= 47 years exactly*

Nonetheless, Pentecost was the fulfillment of Christ's promise to His People and the start of the Church. It is part of the progressive restitution of all things according to the prophecy of Daniel 9:24. Joel 2 was a prophetic fulfillment at Pentecost but it was only a partial fulfillment; the 2nd part is yet to be realized. The 2nd part is specifically associated with the signs of the Sun, Moon, Stars, and Earth disturbances that are to announce the 2nd Coming of Christ. Perhaps the 'Age of Pentecost', the parenthetical time in-between the prophetic Spring Feasts and the Fall Feasts of YHVH will see the closing of the Church Age to coincide with the events surrounding the 3rd Temple

Celestial Omens

In the language of the Bible, before the LORD's return, the Sun will turn black as sackcloth and the Moon red as blood. The Bible is not specific if they are consecutive eclipses or if there is a time gap even, etc. There will also be partial eclipses that will continue as such indefinitely if the LORD delays. With respect to the Joel 2 depiction and sequence, the Tetrad segment of 2015 will have a sequence of a total solar eclipse on March 20, 2015 followed by a Blood Moon on April 4, 2015 with no other eclipses of any type in-between. The total solar eclipse of March 20, 2015 falls on the Spring Equinox and the Jewish Religious New Year. The Blood Moon falls on both the Jewish religious Feast of Passover.

Again, this sequence of eclipses is not to deduce that the LORD will come at that time but that the Tetrad of 2015 does fit the prophetic imagery of Joel 2 that could thus be announcing the nearness of the LORD's 2nd Coming. For example during the Joel 2 prophetic sequence, an earthquake thereafter will affect the whole world with a possible celestial body that will block out the sky that even the Stars will not be seen at night. If the Tetrad of 2014-15 will be a time when such a prophetic convergence could happen, perhaps then is when Joel 2 will be literally fulfilled.

The Tetrad of 2014-15 could thus very well be part of the prophetic countdown to the eventual events yet to be completed in the future sign of the Coming of the SON of Man in the Clouds with great power and glory. One challenge to this assertion is that there is no way of determining the timing of such a sequence of the Joel 2 events or what the spread of their timing is. No singular total solar or lunar eclipse can produce this effect to the Stars. The most that a total eclipse can possibly last is around 7 minutes.

Perhaps the Joel depiction of the signs in the Heavens also ascribes a diminishing of the light of the Stars can be attributed to something altogether different and larger that affects the Sun, Moon and the Stars but is not part of it. Eclipses can explain in part the Sun and Moon effects as described in Joel 2 but not the Stars all diminishing in light and an earthquake that shakes not only the Earth but the Heavens. The language could be poetic but what can possibly explain these occurrences logically would be that there is another heavenly body big enough that could eclipse the whole of a sky and that could trigger a world-wide earthquake due to a pole shift. The language used to describe the 6th Seal Judgment of Revelation tells of an earthquake so intense that its magnitude will level cities around the world simultaneously.

Research done by a fellow celestial researcher, Gill P. Broussard has plotted and calculated the path of a giant celestial object that most likely caused the 3.5 hour eclipse of the sky during Christ's crucifixion. He has also suggested based on his investigations that the same 3 days of darkness was caused by this flyby during the Flood of Noah and the 10 Plagues of Egypt prior to the Hebrews leaving for the Exodus. So perhaps this Sun-Moon-Stars prophecy of Joel 2 will be combined with this celestial object many ascribe to being Nibiru, etc. Such an object would be required that could only be the cause a possible pole shift that will trigger a worldwide earthquake as it approaches our inner Solar System.

Some calculate that the full effect and visualization of this 10th Planet or mini-solar system will culminate soon after the 2015 Tetrad sequence. This could explain the worldwide earthquake and the diminishing of the Star's brightness due to the proximity of this potential mini-solar system, most notably referred to as the Planet of the Crossing or Planet X among many other names. This phenomenon could also help explain the Virgo-7 Headed Dragon heavenly sign to occur in 2017.

This giant 'Black Sun' is purported to have 7 satellites or moons that correspond to the 7 heads of the Dragon of Revelation 12. The 'sun' will turn red due to its atmosphere heating up by the Sun and the solar winds will give it a horned effect. IF this heavenly body does exist, it will remain to be seen but scientist cannot currently explain why the entire Solar System is heating up, why there has been an exponential jump in frequency of volcanoes, earthquakes and weird weather pattern. This phenomenon does not include the massive world-wide die-off of animals and paranormal activity such as screaming sounds as such as well as the Fukushima nuclear disaster.

Some Challenges to the Tetrad Theory

Although the evidence presented in this study of the Tetrad theory might be compelling as it relates to Israel, Jerusalem and the Temple in Biblical prophecy, many have objected to the Tetrad theory as being prophetic for specific reasons. The argument against the Tetrad theory is that there is no direct or relevant connection between the Blood Moons to a Biblical event affecting the Jewish People. Some critics of the Tetrad theory point out that the Blood Moons most often occurred within a year of a so from a so called 'Biblical' event affecting Israel and/or the Jewish people in general. A case in point is the expulsion of the Jews from Spain in 1492.

The Tetrad did not start until April 1493. Moreover the Spanish Inquisition had a negative outcome from a Jewish perspective as almost every other European nation at one time or another had or would expel the Jews from their borders. Others criticize the Tetrad theory in that if they are harbingers of doom, why was the Spanish Inquisition or the Nazi Holocaust not averted by the sign of the Lunar Tetrads. These are valid points of argument but one has to realize that the people of those days did not have the internet that one could Google-up NASA and look ahead at Tetrad or eclipse patterns to ascertain possible patterns of omens.

Most people, at that time could not even read and/or write or have known of such astrological signs and Tetrad patterns. Only the very elite and educated could and would not readably share such information with the common masses. The only warnings the Jews possible had come in the form of such royal decrees of exile and changes in the civil liberties of the populace as was the case in Spain and Germany. There were plenty of political, social and civil warning signs. For example, the Spanish expulsion of the Jews was a direct result of the Reconquista of Spain from the invading Islamists. The Catholic monarchs of a united Spain thereafter also expelled the Jews from the Spanish realms by the Edict of Alhambra in March 31, 1492. Ironically it allowed for the 'discovery' of the New World.

This had tragic consequences for the native peoples of the American continents, but the official recognition of the New World allowed those persecuted religiously in Europe to seek a safe haven and new beginnings. Most Spanish Jews either went to Amsterdam, London, Istanbul or the New World. To this day, many Jews of Sephardic roots speak a Spanish form of language called Ladino. The near genocide of the Jews by the German Nazis after the 'Valley of Dry Bones' Holocaust allowed for the issue of Israel to be directly addressed by a New World Order that emerged victoriously after World War 2.

The new political reality paved the way for the UN Partition Plan and subsequent rebirth of Israel in 1948. This is not to argue or condone the means justifying the end but to show a cause and effect in history that occurred during a Lunar Tetrad sequence. Another objection to the Tetrad theory is that the 19 and 48 pattern of the 1949-1967-2014 Tetrads is off by 20 days. This is true. More accurately, the Tetrad pattern from April 24, 1967 to April 4, 2015 is 47 years 11 months. The 'pattern' is valid only when the dates are overlapped.

It can actually be argued that the 47.10 (decimals) time difference is incredibly accurate as it reflects the very month in which the UN Partition Plan for the creation of Israel after World War 2 was passed on November 29, 1947. Nonetheless the 19 and 48 year pattern characterizing the Tetrad does ascribe a '1948' association when the years are rounded off to the next highest year. It is significant perhaps prophetically but it is 48 years when the numbers are rounded off (2015-1967). Moreover this 19-48 pattern within the Tetrads sequence occurs twice in the last 7 Tetrads. It is mirrored to the Tetrad sequence of 1949-1967-2014 Tetrad. The other time the pattern of 19 and 48 occurs is in the 795-842-860 Tetrad sequence but in reversed order.

Both Tetrad sequences are in the phi ratio with the 3 separate dates but more intriguing, both are in phi ratio to the Tetrad of 1493. Also from the '47.10' pattern from the last Tetrad sequence of 860 to the Tetrad series of 1949 is 1089 years or a squared factor of 33 x 33 years. As Tetrads will inevitably fall on Jewish or the LORD's Feast days because the Jewish calendar is based on a lunar cycle, singularly that may make Tetrads insignificant as critics would argue. The fact remains that to have 4 total Blood Moons that do fall on Passover and Sukkot is amazing and argumentatively prophetic.

The first and the last Feast of the LORD with a 19 and 47.10 year difference mirrored to each other at a 33 x 33 squared year factor is amazing and beyond mere chance. Moreover there is still a 3rd '1948' year pattern that encompasses all of the 8 Tetrads since Christ when rounded off to the nearest year. As stated before, the Central Blood Moon on July 27, 2018 will also be exactly 1947 years, 10 months, 16 days from the 70 AD destruction of the 2nd Temple and the beginning of Israel's exile known as the Diaspora. It is permissible to argue that Tetrads are fairly common in the grand scheme of things as critics argue.

However one has to consider that the Blood Moons of the Tetrads are part of the LORD's time piece counting mechanism. To dismiss YHVH's celestial 'clock' for a misguided denial of possible Biblical patterns in the Tetrads or time-markers is not intelligent and it is to dismiss the warnings of Christ's words. It just might be a factor of having a limited and finite comprehension of how prophecy occurs and/or when but the solar and lunar patterns are undeniable and verifiable by NASA. The Tetrads theory, at least in this study's supposition does not argue that a possible 'Biblical' event or fulfillment dogmatically has to occur immediately prior or after Tetrad sequence.

Most Biblical prophecy operates on a multi-level principle of immediacy as in past tense, present tense and future tense. This means that Biblical prophecy has an immediate effect but most often than not the actual fulfillment occurred much later. For example, this was the case with King David when the Prophet Nathan prophesized that his love-child with Bathsheba would die. The death of the innocent baby occurred after its birth, more than 9 months later. Another example is when the LORD told Adam and Eve that the day that they would partake of the Fruit of the Knowledge of Good and Evil, they would 'die'.

Obviously they did not die physically right there and then but a 'death' had occurred. Death by definition is a separation. In this case, it was a spiritual death as there was a separation, now eternally between Adam/Eve and YHVH due to sin. Yet later on, over 900 years according to the Bible, it was then that Adam physically died. Another example is the promise of the LORD Jesus Himself made to his Disciples that they would be bestowed with 'power from on high'. This Promise was referring to the coming of the Holy Spirit at Pentecost. This occurred some 50 days from the time He admonished His Disciples to gather in the Upper Room after the LORD's resurrection.

Those that critique the Tetrad Theory by saying that the Tetrads do not have any 'Biblical' significance as far as Israel is concerned totally miss the context of the prophetic times people are living in. Such critics dismiss outright the greatest Biblical prophecy come to light, mainly the creation of modern state of Israel. This Fig Tree is the 'compass' if you will that orientates Israel into the final countdown of the converging prophecies given by the LORD during the Olivet Discourse. The Church should take heed to this convergence of prophecy as the Church Age's end could very well precede its fulfillment. If one believes that the current sovereign nation of 'Israel' is the legitimate heir to the Promise of the LORD to regather His People to the land, then the 3 'keys' of the Olivet Discourse have been turning ever since. IF this prophetic pattern is reliable and valid then, the final 'key' correlating to the 3rd Temple being rebuilt will be in association with the 2014-15 Tetrad as is about to be turned and its restitution fulfilled.

Numerical Associations

In the context of the Olivet Discourse, Israel, Jerusalem and the Temple are tied to the Sun, Moon and Stars per the very words of Christ Himself. And from a mathematical association there will be inevitably some astonishing date occurrences and mathematical nuances that will correlate to peculiar Tetrads that are part of these celestial signs. This is exactly the case as several mathematical relationships like the phi ratio coefficients are factored into the various Tetrad sequences since Jesus. The whole notion of the Tetrad theory being Biblically 'prophetic' is not even possible if it were not for the modern computer calculations done by NASA originally. According to NASA's calculations and data of solar and lunar eclipse charts, only 7 Tetrads have occurred since Christ prior to the one in 2014-15 that have had all the 4 Feast Days lined up, not just on one Blood Moon as some Tetrads have. The Tetrad of 2014-15 is one in which all 4 Blood Moons occur on the Feast Days of the LORD. There are alternate counts.

The latest Tetrad occurs on Passover of April 15, 2014 and April 4, 2015, and Sukkot on October 8, 2014 and October 27, 2015. The accuracy of the Tetrad Prophecy as to its patterns pertaining to the High Holy Feasts depends on which 'Jewish' calendar one is using. The Jewish calendar is based on a 30 day lunar month cycle in general and there are several that overlap and are used. The calendar that the Jewish Feasts correlate with the Blood Moons is one of several in use. There is even a joint solar-lunar calendar that adjusts for leap years as an additional month is added, a 13th month. One has to also factor in the transition in the West of how time was kept and converted from the Julian to the Gregorian calendar. It was adjusted by several days and it has to be adjusted for a year '0' for example in some calendars. The Julian calendar did not have a '0' year nor does the current Gregorian calendar. The year 1 BC was followed by AD 1 but in astronomical year numbering, there is a year '0' that has to be factored out.

In this mathematical framework, the last 3 Tetrads of 1949-1967-2014 saw the rebirth of Israel occur 1876 years, 8 months, 3 days if the true date of when the Temple was destroyed in AD 70 on the 9th of Ave. This correlates to August 11 (8-11) when Israel declared its independence on May 14, 1948. The year 1876 is also 21 years (7-7-7) from the First Zionist Jewish Conference held in Switzerland in 1897. Such were the efforts of political and mainly secularist Jews known as Zionists that aspired to create and return to their ancestral homeland. To reiterate, the Tetrads since the Times of Christ have a mathematical relationship to each other, Israel, Jerusalem and the Temple. Amongst the most prominent numerical relationship is the phi ratio that occurs with the Tetrad sequence of 1949-1967-2015 and since the Tetrad of 795. On a much larger scope Biblically speaking, this same pattern and mathematical phi ratio can be applied since the Destruction of the LORD's Temple in Jerusalem on 70 AD.

Another very interesting date calculation is that from May 14, 1948 when Israel declared its independence to the July 27, 2018 Central Blood Moon is 70 years, 2 months, 14 days or 3663 weeks. For the purposes of a year to year calculation 70 AD to 2018 will be corresponding to a 70 year prophetic pattern. As far as mathematical calculations go to determine when the 3rd Temple might possibly be rebuilt, a third point or year can be extrapolated or triangulated as some would prefer to say with 2 points or year coefficients of the prior Tetrads. So for example, the year of the Tetrad of 2015 is in perfect phi ratio since AD 70 with the midpoint of when the 1st Temple was built by Solomon and when the 2nd Temple was rebuilt by Zerubbabel.

The following are the specific dates of the last 3 Tetrads that this study presents correlates to the 3 prophetic keys of the Olivet Discourse, the Temple, the City, the Land but in reversed order. The possible prophetic pattern starts with Israel being reborn and the Jews coming back to the Promised Land. Then the Old City of Jerusalem was captured around the time of the 2nd Tetrad during the 6-Day War. If the Olivet Discourse given the LORD Jesus Christ provides the 3 prophetic keys to the blueprint of the restitution all things, then what is to logically follow is the re-building of the 3rd Temple to coincide around the 3rd Tetrad of 2014-15.

1949-50 Tetrad Series

- | | |
|-----------------------|-----------------|
| 1. April 13, 1949 | <i>Passover</i> |
| 2. October 07, 1949 | <i>Sukkot</i> |
| 3. April 02, 1950 | <i>Passover</i> |
| 4. September 26, 1950 | <i>Sukkot</i> |

1967-68 Tetrad Series

- | | |
|---------------------|-----------------|
| 1. April 24, 1967 | <i>Passover</i> |
| 2. October 18, 1967 | <i>Sukkot</i> |
| 3. April 13, 1968 | <i>Passover</i> |
| 4. October 06, 1968 | <i>Sukkot</i> |

2014-15 Tetrad Series

- | | |
|-----------------------|-----------------|
| 1. April 15, 2014 | <i>Passover</i> |
| 2. October 08, 2014 | <i>Sukkot</i> |
| 3. April 04, 2015 | <i>Passover</i> |
| 4. September 28, 2015 | <i>Sukkot</i> |

Day Counts

From the 1st Blood Moon of the Tetrad of April 13, 1949 to the 3rd Blood Moon of the Tetrad of April 13, 1968 = 19 years.

From the 1st Blood Moon of the Tetrad of April 24, 1967 to the 3rd Blood Moon of the Tetrad of April 4, 2015 = 47 years 11 months 11 days (11-11) or 20 days to complete 48 years exactly.*

From August 11, 70 AD when Temple was destroyed (9th of Av) to April 14, 2014 the 1st Blood Moon of the Tetrad = 1943 years 8 month, 5 days. This year correlated to the acceleration of the Final Solution to exterminate all the Jews from Europe.

From August 11, AD 70 to October 27, 2015 the last Blood Moon of the Tetrad = 1945 years, 2 months, 18 days. This correlates to the end of World War 2.

The Tetrad that occurred on Passover April 24, 1967 was 1 month, 14 days excluding the end date or 44 days from the capture of Jerusalem. This is exactly the same amount of days, 44 days from when Israel was officially admitted to the UN on November 29, 1949 as a sovereign nation to the subsequent Blood Moon of April 2, 1950.

1. November 29, 1949 ----- 44 days ----- April 02, 1950
(official UN admittance) (3rd Blood Moon of Tetrad)
2. April 24, 1967 ----- 44 days ----- June 07, 1967
(1st Blood Moon of Tetrad) (recapture of Jerusalem)

From August 11, 70 AD to the Central Blood Bull's Eye Moon of July 27, 2018 = 1947 years 11 months 18 days. This is exactly 7 days difference from the '47' years 11 months 11 days the Tetrad of April 24, 1967 to the one in April 4, 2015.

(When Israel admitted to UN 1949) - (Capture of Old City 1967) = 18 years

(3rd Blood Moon of Tetrad 1950) - (1st Blood Moon of Tetrad 1967) = 17 years

(18 years + 17 years) x 2 = 70 year coefficient

1949 + 70 years = 2019

(18+17+17) = 52 year coefficient

1967 + 52 years = 2019

*March 20, 2015 + 6 years + 6 months + 6 days = Sep 26, 2021
(Total Solar Eclipse) (Sukkot)*

*Blood Moon of April 15, 2014 + (7 years + 7 months + 7 days)
= November 22, 2021, 7 days prior to Hanukah*

From the UN Partition Plan of November 29, 1947 to April 13, 1949 1st Blood Moon of the Tetrad = 501 days

From November 29, 1947 Partition Plan to the 2nd Blood Moon of the Tetrad occurred on October 7, 1949 = 678 days 96 weeks (rounded down)

The Blood Moons in general can have possible prophetic assertions if one were to fully grasp the scope of the overall significance of their patterns and timing. For example, the December 20, 2010 total lunar eclipse or Blood Moon occurred on the Winter Solstice. This had not occurred in 372 years. Are these dates of any prophetic significance? If you add 7 years, 7 months and 7 days (7-7-7) to that date, you end up exactly on the Central Blood Bull's Eye Moon of July 27, 2018, (including end date) a 2776 day count. To assume that Blood Moons are insignificant as it relates to Biblical prophecy is not intelligent.

Parting Thoughts

Such astronomical events like Blood Moons or Tetrads can be predicted and measured due to their mathematical properties using software models. And the history of the Temples, Jerusalem and Israel can be obtained by the various sources on literature and history. But much like forecasting the weather, Forecasters have their instrumentations, readings, data but the interpretation only gives a possible prognostication, such is with the Tetrad theory. This investigation has sought to establish that there is a prophetic connection as to the timing and patterns of the Tetrads since the time of Jesus Christ.

The Tetrads do correlate to Israel, Jerusalem and the Temple based on mathematical correlations and signs in the Sun, Moon and Stars. The Tetrad theory cannot be dismissed as they are prophetic 'signs' even though they are extra-Biblical or are on the verge of numerology and/or astrology to some. The study primarily presented how the last 3 Tetrads of 1949-50, 1967-68, 2014-15 in terms of their pattern since Israel became a nation do appear to be correlated to the Olivet Discourse blueprint of sequential restitution. This Olivet Discourse given by Christ to His Disciples provided 3 keys that prophetically designated a future countdown that would start with the rebirth of Israel.

This prophetic sign of Israel was illustrated as the Fig Tree that would start the restitution of each of the 3 factors of the prophetic blueprint, a restitution of Israel, Jerusalem and finally the Temple. These 3 prophetic keys will thus also dictate the subsequent convergence of all prophecy, mainly leading to the 2nd Advent of Jesus Christ. This will not occur until the 3rd Temple is rebuilt corresponding to the 3rd key and the 3rd Tetrad of 2014-15. The 3rd Temple's time of dedication emphases was shown to be associated with the Fall Feasts of 2015. Support for the Tetrad theory in so much as the 2014-15 lunar Tetrad is prophetic, is supported by the 10 'signs'.

These prophetic signs are part of the convergence of celestial signs that either lead up to the lunar Tetrad of 2014-15, occur during or soon thereafter that in a sense highlight the Tetrad. The guiding premise that this investigation was built upon focused on the Olivet Discourse that Christ Himself disclosed as a prophetic blueprint for a future restitution. The blueprint provided for the conditions of what elements would constitute the conditions right before His 2nd Coming that included watching the heavenly 'signs' in the Sun, Moon and Stars. Thus this study of the Tetrads' effects centered on the topics of Israel, Jerusalem and Temple as it pertains to Jesus' 2nd Coming.

The Followers of Messiah need to consider seriously and contemplate eschatology or the study of End Times. The coming years will see some amazing celestial phenomena occur. Such must be careful to consider and discern these Biblically set celestial time-markers as denoted in the Tetrads for example. According to the Bible, there will be a great deception or lie that is coming upon the whole world. This coming 'lie' will be believed as perhaps it will even be incorporated to explain away the massive disappearance of Christians in the Rapture and/or a disclosure to coincide with the coming of extraterrestrials or New Age phenomena for example.

These times are important to discern as others are also waiting for their Messiah. For example there much New Age deception of a coming 'cosmic christ' or universal christ spirit that enables certain 'avatars' to become the 'christ' at certain points or ages that are sent to supposedly guide mankind to 'Christhood'. To those not watching and discerning the WORD of GOD, the Bible in conjunction with the signs that are in the Sun, Moon and Stars, it will be easy led astray by this coming false messiah that will explain away such unexplainable celestial nuances of Biblical proportions.

Lastly the convergence of all Biblically prophecy was touched upon. Many topics were presented that lent credence to the Tetrad theory. Jesus Christ, having died, buried and resurrected bodily will come again in His glorified body. Jesus Christ will come as the conquering Lion of the Tribe of Judah to claim the title deed to the Earth and to establish His Eternal Kingdom on Earth; this is the final restitution and aim of all Biblical prophecy.

Revelation 22:16-17

"I, Jesus, have sent my angel to give you this testimony for the churches. I am the Root and the Offspring of David, and the bright Morning Star." The Spirit and the Bride say, "Come!" And let the one who hears say, "Come!" Let the one who is thirsty come; and let the one who wishes take the free gift of the water of life."
