## Phonics Rules

| $\mathbf{1}$ | Q is always followed by u. |
| :--- | :--- |
| $\mathbf{2}$ | C followed by a, o, or u says . |
| $\mathbf{3}$ | C followed by e, i, or y usually says s. |
| $\mathbf{4}$ | G followed by a, o, or u says g. |
| $\mathbf{5}$ | G followed by e, i, or y usually says j. |
| $\mathbf{6}$ | S never follows x. |
| $\mathbf{7}$ | Words beginning with the z sound are always spelled with a z. Words <br> beginning in x and having the z sound are a very rare exception. |
| $\mathbf{8}$ | Vowels will be short in syllables that have the vcv or vc pattern. |
| $\mathbf{9}$ | Vowels are short in one syllable words that that have a silent e separated from <br> the first vowel by two consonants. |
| $\mathbf{1 0}$ | I and y usually say short i |
| $\mathbf{1 1}$ | A at the end of a word says ah |
| $\mathbf{1 2}$ | Dge is only used after a single vowel that says its short sound. |
| $\mathbf{1 3}$ | Ck is only used after a single vowel that says its short sound. |
| $\mathbf{1 4}$ | F, I, and s are often doubled at the end of one syllable words that have one <br> vowel. |
| $\mathbf{1 5}$ | When a vowel is followed by a single consonant then the letter e, the vowel is <br> long and the e is silent. |
| $\mathbf{1 6}$ | When two vowels are together in a syllable, the first one makes its long sound <br> and the second one is silent. |
| $\mathbf{1 7}$ | Vowels at the end of syllables usually say their name ; i sometimes says its <br> short sound. |
| $\mathbf{1 8}$ | Y is used at the end of words, not i. |
| $\mathbf{1 9}$ | Ay is used to spell the long a sound at the end of a word. |
| $\mathbf{2 0}$ | I followed by gh, nd, or ld usually has the long I sound. |
| $\mathbf{2 1}$ | O followed by ld, Il, or st usually has the long o sound. |
| $\mathbf{2 2}$ | I before e except after c unless it makes the long a sound as in sleigh and <br> weigh. |
| $\mathbf{2 3}$ | A usually has the short o sound when it follows a w. |
| $\mathbf{2 4}$ | Ar usually makes the sound it has in car. |
| $\mathbf{2 5}$ | Or usually makes the sound it has in for. |
| $\mathbf{2 6}$ | Ir, er, and ur, usually make the sound they have in bird, her, and fur. Or usually <br> makes this sound when it follows a w. Her first nurse works early. |
| $\mathbf{2 7}$ | War usually makes the sound of wore. |
| $\mathbf{2 8}$ | Wor usually makes the sound of wer. |
| $\mathbf{2 9}$ | When ar is in an unstressed syllable it makes the er sound. |
| $\mathbf{3 0}$ | When or is in an unstressed syllable it makes the er sound. |
|  |  |

| $\mathbf{3 1}$ | A vowel in an unstressed syllable may have the schwa sound. The schwa is <br> most often pronounced as uh. |
| :--- | :--- |
| $\mathbf{3 2}$ | Y will have the long e sound when it is at the end of a multi-syllable word and <br> has another vowel in a preceding syllable. |
| $\mathbf{3 3}$ | When a one syllable word has one vowel and ends in one consonant, double <br> the final consonant before adding a suffix. |
| $\mathbf{3 4}$ | When the second syllable of a two syllable word is accented, has one vowel, <br> and ends in one consonant, double the final consonant before adding a <br> suffix. |
| $\mathbf{3 5}$ | When the first syllable of a two syllable word is accented, the second syllable <br> has one vowel and ends in one consonant, do not double the final consonant <br> before adding a suffix. |
| $\mathbf{3 6}$ | The only time sh is used at the beginning of a syllable is if it is at the beginning <br> of the word. The word ending "ship" is an exception. Worship, friendship |
| $\mathbf{3 7}$ | Ti, ci, and si are the spellings most often used to make the sh sound in the <br> middle of words. |
| $\mathbf{3 8}$ | Si is used to make the sh sound when the syllable before it ends in s or se. Si <br> can also make the zh sound as in vision. |
| $\mathbf{3 9}$ | Ci is used to make the sh sound when the syllable before it ends in c. |
| $\mathbf{4 0}$ | Ti is used to make the sh sound in all other words, except words pertaining to <br> ocean. |
| $\mathbf{4 1}$ | All written alone has two l's, but only has one when uses as a prefix. |
| $\mathbf{4 2}$ | Till and full have two l's when written alone, but only have one when used as a <br> suffix. |
| $\mathbf{4 3}$ | The suffix ed has three sounds. If a word ends with the sound d or t, then ed <br> forms a new syllable with a short e sound. Otherwise it makes the d or t sound. |
| $\mathbf{4 4}$ | Words are usually divided between double consonants and only the first <br> consonant is pronounced. |
| $\mathbf{4 5}$ | When adding a suffix that begins in a vowel to a word that ends in a silent e, <br> drop the e before adding the suffix. |
| $\mathbf{4 6}$ | When adding a suffix that begins in a consonant to a word that ends in a <br> silent e, do not drop the e before adding the suffix. |
| $\mathbf{4 7}$ | If dropping the silent e when adding a suffix would change the sound c <br> makes from s to k, then keep the e. |
| $\mathbf{4 8}$ | If dropping the silent e when adding a suffix would change the sound g <br> makes from j to g, then keep the e. |
