

Quality Policy

SYNERGi Components quality policy is committed to providing quality parts and services that satisfy our customers' expectations on time, every time. SYNERGi Components is a certified, 100% Woman-Owned Small Business (WOSB). We provide quality electronic components to OEM customers, contract manufacturers and independent suppliers. We strive for continuous improvement and have established a Quality Management System which meets all requirements and provides a framework for measuring and improving our performance.

Our Quality Objectives are to focus on our customers' expectations and satisfaction by measuring and improving:

- Compliance to our Quality Management System
- Customer Quality
- Complying with Regulatory requirements
- Record of on time delivery
- Operational & Supplier Performance
