Help us give toys to kids in need. Being a child in the hospital can be frightening for parents and even worse for the kids. Advocate Children's Hospital, Oak Lawn serves as a major referral center for infants, children and teens in the Midwest. Last year, approximately 5,800 inpatients visited with 40% of these patients being there for extended stays. Every patient gets new toys to help in the healing process and to put a smile on a face that needs it. Our goal is to put toys in the deserving hands of these young patients. All toys donated during this run will go to the children at Advocate Children's Hospital, Oak Lawn.

Any support you can give will be greatly appreciated. Please see the back of this flyer for an approved list of toys provided by the hospital.
