

ERA OILFIELD SERVICE (THAILAND) CO LTD

ERA Oilfield Service (Thailand) Co Ltd are a privately owned provider of oilfield and mineral drilling, completion, production, intervention and well construction product lines and services formed in Thailand in 2013.

ERA have satisfied clients across SE Asia, MENA, Africa and South America. We provide product and service support, ERA branded product ranges and supply chain development across a wide range of product lines, all of which are complimentary to the client objective of efficient, safe and timely operations.

ERA provide a blend of own branded products, service and consulting with our wider supply chain solutions covering well construction tooling for downhole and surface, completions and intervention, lubricants, ESP cabling and more. With long term partnerships from some of the worlds largest manufacturers we are able to provide technical and commercial benefits to all of our clients.

Our service and consulting capabilities allow us to utilise ERA technical and commercial experience across all sectors and combine this with the in- depth manufacturer knowledge and solutions capability to exceed our customers expectations.
