

Chapter President

Chapter President is the most visible to those who attend the monthly meetings. Conducting the beginning of each meeting, providing general announcements is only a small part of the job.

Other items of responsibility include:

- Setting the annual planning meeting for the chapter
- Overseeing the membership items and the monthly programs
- Coordinating with committee leadership for keystone events like the Trade Show & Golf Outing
- Create Agenda and conduct the chapter Board meeting each month
- Chapter Presidents of each chapter in the Great Lakes Region are also Directors for the Region.
 - Attendance is required for the monthly conference calls as well as attendance at the Region Conference.
 - If attendance is not possible then a proxy must be appointed.

If you are interested in learning more about this important position for the chapter, attend our webinar hosted by Thad Goodman on **Monday March 9th at 3:00pm EDT**
