

SPHINX HIDDEN CHAMBERS

ASTRONOMICAL CORRELATION TO LEO

A Measurement-to-Year Theory

by Luis B. Vega

'The Heavens declare the Glory of YHVH; the skies proclaim the work of his hands. Day after Day they pour forth Speech; Night after Night they reveal Knowledge. They have no Speech, they use no Words; no Sound is heard from them. Yet their Voice goes out into all the Earth, their Words to the Ends of the World. In the Heavens YHVH has pitched a Tent for the Sun. It is like a Bride Groom coming out of his Chamber, like a Champion rejoicing to run his Course. It rises at one End of the Heavens and makes its Circuit to the other; nothing is deprived of its Warmth'. -Psalm 19:1-6

The purpose of this study is to Astronomically corroborate that there exists possible Hidden Subterranean Chambers under the Sphinx in Giza, Egypt. This Theory has existed for a while. In recent Times, this Notion of Hidden Chambers beneath the Sphinx was sensationalized by the late 'Sleeping Prophet' in America, Edgar Casey of the USA. In the Mid-1800s, he had what are called 'Readings' that he claims were obtained from the supposed Cosmic Data Bank or 'Library' like one would go to check-out a Book.

It was not until the Mid-1970s that a Team of Scientists made some Sonar Type of Readings in Egypt, under the Right Paw of the Sphinx. They did find Evidence of Chambers but were stopped by the Egyptian Army. However, this study presents the Correlation that the possible Location of the Hidden Chambers is pegged to the Constellation Stars of Leo. The Sphinx is a composite of the Mazzaroth or Zodiac of its Beginning and End, that is starting with Virgo and concluding with Leo. Why? It is the Celestial Storyline of the 'Gospel in the Stars'.

They narrate the Birth, Crucifixion and Resurrection of Jesus Christ, the very Creator of all Things. For this Reason, the Head is actually that of a Woman and the Body of a Lion. The Hidden Chamber would be below the front Paws. They correspond to the 'Heart of the Lion', the Star Regulus and the Lion's Gate, etc. It is the King Star Chamber that is where supposedly the 'Lost Knowledge' and Records of Atlantis are stored.

It is theorized that the High Priests of Atlantis transported the Annals of Atlantean Technology to various other Sacred Sites around the World. The 2nd Chamber corresponds to the Hind Legs of Leo that are larger in size. The approximate Height appears to correspond to a Year, 2022 as it is 22.22 Meters Tall, to include the Head. This is Interpretative. What is rather interesting is that the Line of the Ecliptic, which Regulus is on, can be drawn vertically from the 'Regulus Chamber' to the top level of the supposed Hind Leg Chamber. The whole Length is in approximate Phi Ratio.

Celestial Clock

The Sphinx is part of the Great Pyramid Complex that some have researched to suggest it is a huge 'Cosmic Clock' that keeps track of the Precession of the Equinoxes. The Sphinx perhaps serves as the 'Hand' of the Clock. The Sphinx is pegged to the Yearly Markers for the Solstices and Equinoxes. The Great Sphinx of Giza was cut out of a single Limestone Bedrock to create the Statue of a reclining Sphinx. The Sphinx, along with the 3 Pyramids mirror the 3 Stars of Orion are believed by some to be a 'Clock'. This Monument on Earth is keeping track of Celestial Time of the Ages.

It is believed by some that prior Epochs existed before the Creation of Adam and Eve as recounted in the Book of Genesis. This is based on the Gap Theory where the Earth 'Became Formless and Void'. This presumes a prior Existence of Time, Space and Matter that went from Order to Chaos, etc. Thus, the Sphinx serves as a sort of 'Hand of a Clock' that welcomes every New Sunrise to the East. This Theory also puts the Sphinx much older than the Great Pyramids of Giza, but it is directly related.

This Sphinx is believed to have been constructed before the Flood of Noah and survived, with Evidence of the Water Erosion. It stands on the Giza Plateau on what was the former edge of the Nile River in Giza, Egypt. The Face of the Sphinx appears to represent the Pharaoh Khafre. But any possible Appearance is only the Renovation Attempts of such Pharaohs that have stamped their Seal to attest that they only hand Renovated the Structure found there when the Egyptians come onsite.

The Sphinx is the oldest known Monumental Sculpture in Egypt and one of the most recognizable Statues in the World. And many have taken Measurements over the Centuries. If one believes in the Distance-to-Year Theory, such as associated with the Longitude and Latitude of Earth, then the following Mathematical Correlations will not seem that far-fetched. After all, there is the Christ Angle that is measured from the Great Pyramid and many have correlated every Cubic Inch to mean a Year from the Ascending Passage Theory, etc.

What one proposes is that the Height and Width of the Sphinx, in some mysterious way has Encoded the Time, the Church Age will conclude. And that Year is? It could be related to 2022. This Notion is based on the Height of the Base to the top of the Head of the Sphinx, being 20.22 Meters. Most online Sources will round this Measurement off to 20 Meters High or 66 Feet high. This same Rounding-Off goes for the Length being stated as 73 Meters or 240 Feet, etc. The following Sources have the more Generic Measurements Round-Offs: History Channel, Wikipedia, Encyclopedia Britannica.

Height: 20 Meters (66 Feet)

Length: 73 Meters (240 Feet)

Wide: 19 Meters (62 feet) wide at its Rear Haunches

Only Interesting Engineering and Wonders-Of-The-World.net sources confirm the more Precise and/or Exact Measurement of the Sphinx actually being 220.22 Meters high. *'It becomes apparent when you consider the size of the Sphinx. The Great Sphinx of Giza is the world's largest monolith statue.'*

It measures 20.22 meters in height, 19.3 meters in width and 73.5 meters in length'. But there are some Sites Online that give a more Precise Measurement which follows.

*Hight: 20.22 Meters (66.33+ Feet)
Length: 73.22 Meters (240.22+ Feet)*

One would rather suppose that due to the many Renovations that have been made to the Sphinx over the Millenia, additional Material has been accumulated that have obfuscated the True Measurement. One surmises that the true Length was less by 2 Meters. For example:

*If Length: **71.22 Meters** (233.66+ Feet)
If Add 233 + 322 = 555
If Multiply 223: $2 \times 3 + 3 \times 2 + 3 \times 2 = 666$
 $20.22 - 71.22 = 51$ (51° is the Angle of the Great Pyramid)*

*If take **2022 Year** x **71.22 Meters** = **144,000**
or 2022 Year / 144000 = 71.2+ Meters*

Why the Discrepancy or issue? It is important because if the Sphinx and the 3 Pyramids pegged to Orion are a Celestial Clock of Time, then they have a Precise Time 'Exposure' or Expiration Date. This is to say and suggest, that Prophetically Speaking, the Sphinx might have well Encoded the Year, 2022 that is related to when the Church Age Ends and when the Dispensation of the Law commences, regarding the Last Sabbath Cycle of Daniel. And?

If the Resurrection-Rapture Event is to take place based on the Year factor of 2022, how so? Consider that 2022 was the Super Shemitah Cycle of Israel since 1952. One is of the Interpretation that the next Shemitah Cycle, being from the Fall 2022 to the Fall of 2029 will see that Last Year, 2029 most likely be the Mid-Point of the Tribulation Period. If so, then that would mean that if on then Reverse Engineers the 3.5 Year Factor of a Half of a Shemitah, that would correlate to the Fall of the Year 2025.

That in turn, would highly suggest that the Rapture Event to close-out the Church Age could occur then in 2024. When? During the Time when the Sphinx is aligned during the Astronomical New Year in Leo. And that Date is? It is a July 23 Month and Date. One is not saying that the Rapture Event will occur on this Date, but that it is a very High Rapture Watch Window, most definitely to consider and track.

This Leo New Year would keep with the Changing of Times or Ages or Witnesses even. How so? When the Church Age ends, then it will be like in the Typology of Elijah leaving the Mantle to Elisha to conclude the Restoration of Israel, now that the Gentile Bride has been Completed. And that Spiritual Endeavor that has been in the works, much like a Pyramid, constructed as a Spiritual House. Once completed, then it will make way for the 3rd Temple, the Physical Temple to be reconstructed on the Temple Mount in Jerusalem.

In a Twinkling of an Eye

These Scenarios are based on what the Bible teaches, however the Details are debatable. But if indeed, the Sphinx Encoded the 144,000 Numerical Coefficient to suggest that the literal 144,000 Jews will be Evangelizing the World after the Rapture will be like those who are given the Mantle of Testimony and Dispensation. Will the Rapture occur then on a July 23 in 2024? That will remain to be seen. Will the Fall of 2025 be then when the Transference of the Witness of Jesus goes from the Church Age to Israel?

It is rather interesting that in 2022, it had come-up, as many believed the 'Eyes' of the Sphinx were captured on Video being closed. It caused a Sensation in Egypt. And? The Egyptians have a Lore ,that when that last happened, the World 'Order' Collapses and a 'Transition' to the New One occurred.

Thus, one likes to liken this 'Transference' Type to what is happening with the USA as it did with Atlantis. How so? Atlantis, a mighty Technologically advanced Nation-Continent in the West became Haughty, Proud and Degenerate. The 'Gods' were displeased and condemned the Nation-Continent to sink below as Judgment befell its Civilization. According to Plato, the High Priests of Atlantis went to Egypt to give their Records for safekeeping. They placed all those Items under the Paws of the Sphinx. So here, one has a Historical Inference tying a Change, a Transition to a New World Order with the Sphinx or Leo.

As the World is witnessing the Fall and Judgment of the USA, the Nation-Continent, it is being used to 'Birth' the New World Order with the coming Reset. The USA is 'Sinking' like Atlantis. But how is the Sphinx related to End Times and the Rapture or End of the Church Age? As mentioned in the post, the height of the Sphinx is 20.22 Meters, depending on Deference Point. True. But one's take on is, is that the Length, currently at 73.22 Meters is not the original Measurement. Why not?

To reiterate, the Renovations or the Millennia have added Material that has off-set the true Length by 2 Meters of added Masonry. The Height cannot be added as that was very difficult to do, but not at Ground Level as it is even the case now of the Renovations that are being done at the Base. This to say that the actual Length was 71.22 Meters. Why is this important? One suggests that the very Dimensions of the Sphinx, Height and Length Encode the End of the Church Age. Year? 2022 as a Fractal of 20:22. And that factoring in the Multiple of 71.22 produces the Variable of 144,000.

One surmises that if, it be true that by July 23 of 2024 is the actual End of the Church Age and the Rapture Event would have taken place on that Day, it signals that the 144,000 Anointed Jewish Evangelists, as Witnesses of the Testimony of and to Jesus would be then Commissioned under the New Dispensation of returning to the Law of Moses, starting in the Fall of 2025. Israel will be under this as the Gentiles will be under the Noahide Laws during the 7 Year Tribulation or the Last Sabbath Cycle, i.e., Shemitah. One would then consider this Theory as Evidence for why 2024, is the Last Year in the Gregorian Calendar to End the Church Age with. One will have to see.

Like Elijah giving to Elisha the Mantle of Testimony and Dispensation, will 2024-25 be the Years, then, when the Transference of the Witness of Jesus goes from the Church Age to Israel occurs? Will it be the Year, that like a Sinking Nation-Continent like Atlantis was and the USA currently is, Metaphorically, will have its 'Sacred Knowledge' and Technology transferred be given over to the New World Order? This is what one is suggesting Biblically Speaking is to occur at the Lion's Gate on a July 23 Occurrence.
