

## Four Walls Career and Technical Education Center

### Student's Academic Integrity Pledge

Distance Education means education that uses one or more of the technologies enumerated below to deliver instruction to students who are separated from the instructor and to support regular and substantive interaction between the students and the instructor, either synchronously or asynchronously.

Academic integrity is an important part of being a scholar at the Four Walls Career and Technical Education Center; we are committed to the highest level of academic integrity among our faculty and students. In 2020, we began distance learning and we are asking students to take this academic integrity pledge. Please remember this pledge as you conduct research, write papers, assessments/exams and during your career as a scholar.

As a scholar at the Four Walls Career and Technical Education Center, and a member of the academic community, it is my responsibility to conduct the whole of my academic career with unwavering integrity.

I do this because I value integrity and because the entire scholarly enterprise is balanced on the assumption that we can trust one another.

Therefore, I pledge to act with academic integrity by:

- To fully observe the rules governing exams and assignments regarding resource material, electronic aids, copying, collaborating with others, or engaging in any other behavior that subverts the purpose of the exam or assignment and the directions of the instructor.
- To turn in work done specifically for the paper or assignment, and not to borrow work either from other students, or from assignments for other courses.
- To give full and proper credit to sources and references, and to acknowledge the contributions and ideas of others relevant to academic work.
- To report circumstances that may compromise academic honesty, such as inattentive proctoring or premature posting of answers.
- To complete individual assignments individually, and neither to accept nor give unauthorized help.
- To report any observed breaches of this honor code and academic honesty.
- Academic integrity is a matter of great importance to the entire Four Walls community and as such the honor code obliges others as well. When I have concerns about academic integrity, I will talk with a trusted faculty member and if necessary, use established procedures to address the issue.
