**SIMPLE!** Your Business Phone System in the Cloud. Get MORE for LESS!

## YOU GET IT ALL ON OUR HOSTED OFFICE PHONE SYSTEM

**NO CAPITAL INVESTMENT...**Tired of shelling out for outmoded or expensive phone systems and maintenance? Putting your business communications in the cloud will end costly investments that eat up your profits.

The **iPATH Hosted PBX** system gives you an affordable turnkey cloud-hosted phone system. It's simple! You'll be able to expand capacity without costly equipment upgrades, and never sink another penny into maintenance or repair.

Your **iPATH Hosted PBX** fits into the way your office team works. Use a desktop phone, mobile phone or softphone on your computer screen. Imagine. Just one phone system no matter where your team is working — office, home or branch locations. You can even choose to use your own bandwidth.

**HOSTED PBX SUPPORT...**iPATH's Silver Cloud Service is the difference maker for today's demanding small and medium-size business communications. **iPath Silver Cloud Service** delivers customized attention few others will offer you: factory-certified experts help you customize your Hosted PBX to your specifications, install it, and make sure it all runs smoothly. This Premium Service is standard. Nothing extra to pay. **iPATH Hosted PBX** is a flat-fee subscription service.

**PHONE RENTALS...**Use your own VoIP phones or take advantage of iPATH's exclusive Phone Rental program offering top quality VoIP telephone sets from Aastra and Polycom, even Video and HD Phones. Leasing and purchase options available.
