**May 2018**

**Paul Bunyan Rifle and Sportsman's Club**

**Puyallup, WA**

## **APRIL MEETING NOTES**

Please take time to look at the calendar for upcoming range closures before coming to the range during the spring and summer months. Our general and board meetings will be a week early in May (5/18) due to the Memorial Day holiday and the annual muzzleloaders rendezvous. In June, we will also have several rifle matches that will impact general range use.

At last month's general meeting, club member Kenneth Hill donated a very unique base for our club flag. He made the stand from an artillery shell he fired at Grafenwoehr, Germany back in 1977. Our thanks to Ken for the gift. This stand will serve the club well.

Later this month, the muzzleloaders will hold their 40<sup>th</sup> annual Muzzleloader rendezvous. Participants dress in pre-1840 clothing, cook over an open fire, sleep in tents (some look more like travel trailers!) and hold several shooting, knife and hawk events. If you haven't seen the event, it is worth your time to come out and take a look.

## **BLACK POWDER CARTRIDGE RIFLE MATCH**

John Schauf

A couple of times a year, we hold black powder rifle cartridge (BPRC) matches that are shot from the 600 yd line. There are two classifications, standard black powder rifle classification and a fun classification. The standard class is for anyone shooting a rifle chambered in a caliber that was originally loaded with black powder. The "Fun" class is if you don't have a BPC rifle, you can shoot your smokeless jacketed or cast bullet rifle. You may shoot from any safe position you prefer i.e. prone, sitting or bench. We shoot two relays. The first relay is on the firing line and the second is in the pits pulling and marking targets. After the first relay is done, we trade positions to allow the pit crew to have their chance at the firing line. This is a 40 round match. Shooters will have 15 minutes for sighting in. The first target is 15 minutes for 10 shots for group. The next two targets are 25 minutes each for 15 shots for score. Shooters may shoot from any position they like i.e. prone, sitting or bench.

This year, the matches will be held on May 8<sup>th</sup> and August 21<sup>st</sup>. The match starts at 9AM and the fee is \$10. Contact match director John Schauf at [jvschauf3@comcast.net](mailto:jvschauf3@comcast.net) or phone at 253-389-4774 for more information.

## DESTRUCTION OF CLUB PROPERTY

Larry Wilson reported that club volunteers have repaired or replaced at least 98 target frames in the past four months, a lot of which were shot up in deliberate acts of vandalism. Case in point, below is a target stand deliberately destroyed. Why does this have to happen?? Please see VP Chip Kormas' [article](#) on our website for more information.

Here are the results of a target frame upright when used as a target

Bottom cross member after being shot and destroyed

## JUNIOR MATCH RESULTS

May Patajo

This month we had two Juniors compete at the Junior Olympics Air Rifle & Rifle Championships held at the USA Shooting Center at the Olympic Training Center in Colorado Springs, CO. The Men's were held on April 6 - 11 and the Women's right afterwards April 13 - 18.

Alec Patajo fared well in the Air Rifle event, ending up in the top 20% overall. There were approximately 180 competitors in this event. His first day in Smallbore was very good (top 15 overall). He had a sub-par performance his second day, so overall, he ended in the top half of the group in Smallbore.

Emme Nelson showed a lot of heart at the competition. She had a knee injury just prior to this Championships and could have withdrawn. But she went and, although she didn't put up the scores she was hoping, she showed a lot of courage and character throughout both events.

Congratulations to both Alec and Emme for qualifying/competing and being amongst the best juniors in the nation!

## CARETAKERS REPORT

Doug Shellenberger

With the pleasant spring weather, range usage has picked up considerably, the mornings and evenings being the busiest times. Along with the nice weather, the grass and weeds are growing like crazy, keeping us busy trying to keep the place looking nice. We had a truck load of top soil, of which we may need more, delivered for the south side of the clubhouse. We have planted grass seed in the area which should finish up the landscaping around the clubhouse.

We still have firewood for sale. It is located behind the IPSC bay area, making it difficult to get to on the weekends due to the matches held on the IPSC range. The wood is still in log form, so bring your saw and ax if you would like to purchase some. If you are interested, please contact me at 253-846-6767 or see me at the range.

# CBA MILITARY RIFLE MATCH RESULTS

Mitch Migliaccio  
April 14, 2018

Here are today's match results. Some pretty good - and bad - scores, plus a new shooter. Welcome aboard, Al. No records set, or even threatened, but it went smoothly even with the intermittent rain visits, and the annual visit by the Clark gang.

Next match will be May 12th and will be for Groups. I'll take suggestions as to whether you'd like to do 5 **OR** 10 shot groups.

	Class	100 yd Agg	200 yd Agg	Grand Agg
Mitch Migliaccio	IS	186-4X	148-0X	334-4X
Al Richardson	IS	161-1X	148-1X	309-2X
Ben LoCicero	IS	152-1X	120-2X	272-3X
John Schauf	MI	192-7X	195-4X	387-11X
Ron Yatso	MI	187-5X	188-5X	375-10X
D. Shellenberger	MS	195-9X	189-3X	384-12X
Ron Heilman	MS	192-6X	190-6X	382-12X
Anna Lynn	MS	197-7X	188-5X	385-12X
Alice Gardner	MS	170-1X	171-3X	341-4X
Bill Anderson	MS	198-6X	193-4X	391-10X
Mike Boynton	MS	194-12X	199-6X	393-18X

## MEMBERSHIP

We had 22 new members voted into the club at the general meeting this month. The club would like to welcome Geoffrey Asher, Robert Barlow, David Barnes, Craig Caswell, Ronald Crim, Shon Damron, Brian Dougherty, Gerald Fallen, Francis Ferguson, Tony Garrett Martin Gatica, Brian Johnson, Dennis Lee, Steve Merrill, Frank Mikalonis, Jeremy Padgett, Christian Rohrbach, Gene Seymour, Michael Talley, James Young, Valerie Reilly and Chris Ellsworth. This brings our total membership to 1278 members.

## JUNIORS

Doug Shellenberger

We are now shooting on the rifle range Tuesday evenings. We recently had 6 new kids show up to join the program. Two of them will shoot in their first match April 28<sup>th</sup>. The weather for the match calls for rain, so we will be working to keep the targets dry so we can utilize the [Orion](#) scoring system. At this time, we have 23 shooters signed up for the match, down somewhat from previous years. See match results on page 4.

Emme Nelson and Alec Patajo shot in the National Junior Olympics in Colorado Springs recently. Alec finished in 36<sup>th</sup> place in the event. Emme, hampered by a knee injury hurt in a skiing accident, competed but didn't finish up to her usual level of performance. Both Alec and Emme will be part of the Paul Bunyan team shooting at Camp Perry in June. More information and match results can be found at the USA Shooting website [here](#).

## ATTENTION SPEED STEELS SHOOTERS

For all of you speed steels shooters out there, match director Scott Scheitzach has decided to push the date of the championship match back to July 15<sup>th</sup>. He is making this move in the hopes of having better weather to shoot the match. In order to qualify for prizes at the championship match, participants must have shot in three matches since the last championship match with the gun, or guns, they will be using in the championship match. If you are a handgun shooter and you haven't participated in these matches, you are really missing out. They are lots of fun in a very relaxed and friendly competitive atmosphere. With categories covering almost any handgun one might have, and some rifles too, they are a good way for beginners to get into action type shooting, and for veteran shooters to keep their skills sharp. For those who want to keep track of their scores, results of the matches can be seen on the [Practice Score website](#) under the PB Speed Steels tab. More information can be found on our [website](#). If you have questions, contact Scott at 253-208-4877.

# PISTOL SILHOUETTE

April 7, 2018

Bret Stuntebeck

We put 19 entries across the line this month. Temperature was 51 degrees when I arrived but the outlook said a storm was blowing in. And that it did. It was a day of many changing conditions. It started off with light rain but calm. Then came the wind with harder rain, the sun came out and the wind died down, then more rain, wind, sun, rain wind.....well you get the point. It made for an interesting day of shooting. We did have a visitor this month. Jim Harris, who now has a second house in Aberdeen came out to shoot with us this month. Hopefully he will make it up to shoot with us more often now that he is spending part of his time in Washington. On to the results of the match.

No 40's this month. Jim Harris posted a U-INT, 39 shooting cast bullets. I ended up with an U-INT, 38 missing 2 chickens!! It is not a good idea to shoot chickens with your sights still set on your ram setting. Note to self, check your sights BEFORE you start. Richard Nicol posted a U-AAA, 36 followed by Steve Bishop with an U-AAA, 32. In Production I ended up with a P-INT, 34 followed by Vince Leete with a U-INT, 30. In Revolver Steve Bishop posted a R-AAA, 31 followed by Joe Stumpf with a R-AA, 23 and Eric Davis with a R-A, 19. Steve Bishop posted a UAS-INT 38.

On the half scale side Jim Harris posted a UHS-INT, 35 and Joe Stumpf posted a UHSAS-AA, 32.

In Smallbore, Vince Leete posted a UAS-INT, 38. Ron Craig posted a US-A, 16.

In the Field Pistol Vince Leete posted a PAS-AAA, 26 and Ron Craig Posted a PAS-A, 9. Part way through Ron noticed his scope base was loose. Hmmmm, could that lead to a lower than normal score. Ron, I have some blue Loc-Tite if you want to borrow it.

We had a new target setter this month and he did a fantastic job. Thanks to all who came out to shoot the match and also to those who stayed to help pick up targets after the match. Until next time shoot straight and be safe.

Class	Name	Gun/Caliber	Score	Notes

## IN THE NEWS

There is an upcoming state ballot initiative which would change the definition of an "assault weapon", restrict rifle sales to those under 21 years old, change firearm storage penalties, and impose additional waiting periods for rifle purchases. To read the full story, visit the NRA-ILA website [here](#).

## LATE JUNIOR MATCH RESULTS

The annual Phyllis Cline smallbore junior matches were held April 28<sup>th</sup> at our club. In the 60 shot prone match, Alec Patajo came in at 3<sup>rd</sup> place with a 587-22X, and Andrew Pham was in 9<sup>th</sup> place with a 572-15X. In the 3-position match, Alec was again in second place with a 566-19X, and Andrew was 10<sup>th</sup> with a 536-7X. We will have more information on the matches next month. The full match results can be seen on the Orion website by clicking [here](#).
