Amplifiers							
AG 700 Super Light Head	515-016	824599001473	\$ 1.200	\$ 960	-\$ 240		The AG 700 has the clarity, dynamic range and fast transient response of the legendary AG 500 with a bigger low-end and almost limitless headroom. This solid state amplifier provides 700 continuous watts at 4 ohms while only weighing 4.9 lbs. (2.22 kg)! Boasting an incredibly flexible EQ section, the AG 700 features controls for Treble, Hi Mid, Lo Mid and Bass along with Deep and Bright EQ switches for a broadband boost. The AG 700 also features a series effects loop, XLR balanced output and two rear panel speakon outputs.
Tone Hammer 700 Super Light Head	515-017	824599001497	\$ 1.200	\$ 960	-\$ 240		The Tone Hammer 700 joins the Tone Hammer 350 and 500 as part of the enormously popular Tone Hammer series of amplifiers. The 4.9 lb. (2.22 kg) Tone Hammer 700 delivers 700 continuous watts into 4 ohms (350 watts @ 8 ohm) and features bass, treble and fully sweepable midrange controls. The Drive control utilizes Aguilar's proprietary AGS circuit which adds subtle distortion and midrange punch to the sound.
Tone Hammer 500 Super Light Head	515-014	824599000964	\$ 1.006	\$ 805	-\$ 201		The Tone Hammer 500 features the legendary "Aguilar sound" in a small, lightweight design. Weighing in at only 4 lbs., this powerful bass amp is small enough to fit into the accessory pouch of most gig bags. The Tone Hammer 500 is the perfect choice for bass players on the go.
Tone Hammer 350 Super Light Head	515-015	824599000971	\$ 709	\$ 567	-\$ 142		The "Light Heavyweight Champ"! Weighing in at only 3 lbs., the Tone Hammer 350 is a cost-effective amp that is small and light while also being loud and soulful. Made in our factory in New York City, the Tone Hammer 350 is a real knockout!
DB 751 Bass Head	515-013	824599000780	\$ 3.810	\$ 3.048	-\$ 762		The DB 751 features a hybrid preamp that combines the legendary tube-driven tone of the DB 750 with greater EQ control. A perfect combination of raw power and excellent tone, the DB 751 continues the legacy set by the world-famous DB 750. Delivering 975 Watts at 2 ohms and 750 Watts at 4 ohms this amp has the headroom you need to play any size venue.

DB 115 White Hot 8 Ohm	500-085	824599100565	\$ 1.378	\$ 1.103	-\$ 276		Single 15" driver, no tweeter, 8 Ohm

Aguilar Complete Product Information for Pedals

Item Name	Aguilar Part #	UPC	PRECIO NORMAL	PRECIO PREVENTA	AHORRO 20%	FOTO	
Pedals							
Tone Hammer	510-250	824599001053	\$ 317	\$ 254	-\$ 63		This preamp/direct box is so strong and powerful it could only be called the "Tone Hammer"! Based on the respected OBP-3 preamp, the Tone Hammer features fully sweepable midrange frequencies in addition to bass and treble controls.
Octamizer	510-251	824599001060	\$ 232	\$ 186	-\$ 46		The Octamizer™ is the innovative analog octave pedal from Aguilar. Designed to create a wide range of musical sounds an octave below your original note - you will be "octamized"! The Octamizer™ features independent volume controls for both the "Clean" and "Octave" sounds.
TLC Compressor	510-252	824599001077	\$ 285	\$ 228	-\$ 57		The TLC Compressor™ is designed to give musicians the ability to control their dynamics in a flexible and musical way, making it an invaluable musical tool for both recording and live use. Our proprietary Trans Linear Control (TLC) circuit enables us to achieve unprecedented levels of performance in a small package.
AGRO Pedal	510-253	824599001084	\$ 253	\$ 202	-\$ 51		The AGRO® is based on the saturation channel of Aguilar's celebrated AG 500 bass head. Capable of producing everything from warm, tube-like overdrive to full on distortion, this pedal will give you the grind you need without sucking out your low end.

Filter Twin	510-254	824599001091	\$ 285	\$ 228	-\$ 57		The Filter Twin® uses two identical filters sweeping in opposite directions - one up in frequency, one down in frequency - to give classic 70's-inspired funk sounds or completely new and original filter tones. Two filters sweeping at the same time give you a more organic, vocal quality and allow you to get expressive new sounds that you can't get from other pedals.
Chorusaurus	510-255	824599001367	\$ 285	\$ 228	-\$ 57		Providing the warm, rich tone that Aguilar gear is famous for, the Chorusaurus uses analog, bucket-brigade technology for lush, organic chorusing. The Chorusaurus gives bassists unparalleled control of their tone with an intuitive, four-knob layout. BLEND controls the ratio of dry and wet signals.
Fuzzistor	510-256	824599001398	\$ 232	\$ 186	-\$ 46		crank up the fuzz and 1971 will be in the house! The Fuzzistor™ provides classic silicon transistor distortion with complete control over the BLEND of the clean and Fuzz sound, amount of FUZZ from subtle to crushing, LEVEL for gain matching, and TILT EQ that changes the harmonic structure of the Fuzz from booming to gnarly.
Grape Phaser	510-257	824599001480	\$ 232	\$ 186	-\$ 46		The Grape Phaser provides lush, analog phase shifting courtesy of a simple, two-knob layout. RATE controls the speed of the modulation while COLOR feeds a portion of the signal back through the phase shifting circuit, creating new and super funky bass sounds!
DB 925	512-000	824599001640	\$ 200	\$ 160	-\$ 40		Inspired by its predecessor, the DB 924, this discrete, all-FET preamp delivers powerful broadband boost in a lightweight, space-saving micro housing. It's musically sculpted two-band eq enhances any bass you run through it, adding body and weight to your low-end, while opening your high-end. With its compact design and responsive controls, the DB 925 is a perfect gigging solution for musicians on the go.
Power Supplies							
Universal Power Supply for 18 volt Aguilar Pedals	220-113	824599000773	\$ 30	\$ 24	-\$ 6		Universal Power Supply for 18 volt Aguilar Pedals
Universal Power Supply for 9 volt Aguilar Pedals	220-120	824599000810	\$ 27	\$ 22	-\$ 5		Universal Power Supply for 9 volt Aguilar Pedals
