

STAY COOL

SUPCO International 2023

Sealed Unit Parts Co. Inc, - SUPCO

SUPCO has been a manufacturer of precision electronic Test and Service Instruments and Refrigeration & Air Conditioning components since 1945. We are dedicated to producing high quality, innovative products at affordable prices to a wide range of customers. We have been able to accomplish an excellent growth record in all areas of business through continuous improvements in design, automation, customer service and quality.

SUPCO has two locations in the United States and abroad. We have a network of knowledgeable representatives throughout the world and our Customer Service Department is capable of responding immediately to your needs. USA based in-house engineering and production allow us to address needs of various Original Equipment Manufacturers. We are equipped with the latest Surface Mount Equipment and are able to produce small and large quantities of our products at very competitive prices. Most of our instruments are tested and calibrated according to the US National Institute of Standards and are available with a corresponding certificate of calibration.

Depuis 1945, SUPCO fabrique des instruments de précisions et des composants électroniques pour l'Industrie de l'Air Conditionné et de la Réfrigération. Notre objectif est d'offrir des produits de hautes qualités, novateurs, à des prix abordables pour un large éventail de clients. Aussi grâce à de nombreuses améliorations tant au niveau du design, de la facilité d'utilisation et de la qualité intrinsèque de nos produits mais aussi de par notre orientation dédiée au service de nos clients, connaissons-nous une forte croissance dans divers secteurs de l'industrie.

SUPCO possède deux centres de production dont un aux Etats-Unis. Notre réseau d'agents et de représentants à travers le monde ainsi que notre département client est à même de répondre rapidement à vos besoins. Notre département d'Ingénierie intégré à notre usine aux Etats-Unis nous permet de répondre aussi aux demandes de nombreux fabricants (OEM). Nous sommes équipés des dernières technologies en matière de production intégrée et sommes donc à même de produire notre vaste gamme de produits dans diverses quantités qu'elles soient limitées ou importantes et ce, tout en proposant des prix compétitifs. La plupart de nos instruments sont testés et calibrés selon les normes de l'US National Institut of Standards (N.I.S.) et peuvent recevoir un certificat d'étalonnage correspondant.

SUPCO fabrica desde 1945 instrumentos electrónicos de precisión para prueba y servicio y componentes para equipos de refrigeración y aire acondicionado. Estamos dedicados a la producción de productos novedosos de calidad superior a precios asequibles, para una amplia gama de clientes. Hemos acumulado un excelente historial de crecimiento en todas las áreas empresariales, mediante continuas mejoras en diseño, automatización, servicio al cliente y calidad.

SUPCO dispone de instalaciones en dos sitios en los Estados Unidos y en el extranjero y posee una red de expertos representantes en todo el mundo y su Departamento de atención al cliente puede responder inmediatamente a todas sus necesidades. Las divisiones de ingeniería y producción internas en los Estados Unidos nos permiten satisfacer las necesidades de diversos fabricantes de equipos originales. Disponemos de lo último en equipos de ensamblaje en superficies y podemos producir cantidades grandes y pequeñas de nuestros productos, a precios competitivos. La mayoría de nuestros instrumentos se prueban y calibran conforme a los lineamientos del Instituto Nacional de Normas de los Estados Unidos y se ofrecen con el certificado de calibración correspondiente.

SUPCO International Ltd. – SIL **Supco** INTERNATIONAL LTD

SIL has been operating since 1973 in developing and manufacturing Electrical and Electronic Relays for HVAC Compressors, Protecting devices for Electrical Motors, Appliances, Temperature Monitoring and Logging devices. SIL, together with SUPCO, was the first company in the world introducing the PTC starting relays to the HVAC Industry, which is used today by all compressor manufacturers. SIL is Approved of ISO9001:2015. SIL products are UL and ISA approved and complies with CE and Rohs directives.

Since 1990 SIL operates as the International distributor for the SUPCO and SIL product line for Europe and Asia. SIL is dedicated to obtain the best service and quality to its customers. We are operating a shipping logistic facility and we can ensure prompt delivery for most of the products in our catalog to every location around the world. SIL has its own services and repair laboratories operated by skilled personnel. Among our customers are major OEM, Distributors and service companies In the HVAC industry. SIL and SUPCO employees are dedicated at all times to ensure the best service to our customers around the Globe.

Crée en 1973, SIL développe et fabrique des relais électrique et électronique pour compresseurs hermétiques et semi hermétiques, des protections de moteurs et des enregistreurs / moniteurs de températures. Avec SUPCO, SIL fut le premier à introduire la technologie des thermistances (PTC) pour les relais de démarrage dans l'industrie de l'Air Conditionné / Réfrigération – technologie qui est aujourd'hui utilisé par la majorité des fabricants de compresseurs. SIL est certifié ISO 9001 :2015. Les produits SIL sont approuvés par l'UL et l'ISA et sont conformes aux directives CE et RoHS

Depuis 1990 SIL représente aussi la partie internationale de SUPCO et se focalise principalement sur les marchés d'Europe et d'Asie. SIL a pour but d'offrir le meilleur service et la meilleure qualité à ses clients. Notre service logistique nous permet de proposer un service d'expédition rapide et fiable à destination de notre clientèle internationale et ce, pour la majeure partie des produits de notre gamme. SIL possède ses propres laboratoires et service de réparation dans lequel opère un personnel hautement qualifié. Parmi nos clients se trouvent de nombreux fabricants (OEM), distributeurs et sociétés de services pour la Climatisation et la Réfrigération. Les personnes travaillant au sein de SUPCO et de SIL ont pour but de vous offrir le meilleur service où que vous vous trouviez.

SIL está abocado desde 1973 al desarrollo y la fabricación de relés eléctricos y electrónicos motores y artefactos eléctricos y de dispositivos de medición de temperatura, monitorización y registro. Junto con SUPCO, SIL ha sido la primera empresa del mundo en introducir los relés de arranque PTC en el sector de calefacción, ventilación y aire acondicionado, que actualmente todos los fabricantes de compresores utilizan. SIL posee la certificación ISO9001:2015. Los productos de SIL poseen las certificaciones de UL e ISA y cumplen las directrices de CE y Rohs.

SIL actúa desde 1990 como distribuidor de la línea de productos de SUPCO y SIL en Europa y Asia. SIL está dedicada a brindar el mejor servicio y la mejor calidad a sus clientes. Disponemos de instalaciones de logística de envío, con las que podemos asegurar la entrega inmediata de la mayoría de los productos que figuran en nuestro catálogo en cualquier lugar del mundo.

SIL cuenta con su propio laboratorio de servicio y reparaciones, atendido por personal especializado. Entre nuestros clientes se cuentan fabricantes de equipos originales, distribuidores y empresas de servicio de primera línea de la industria de calefacción, ventilación y aire acondicionado. El personal de SIL y de SUPCO está dedicado en todo momento a asegurar el mejor servicio a sus clientes en todo el mundo.

THE RIGHT CHOICE

PRODUCT
LINE CARD

SUPCO® DIVISIONS

Under the SUPCO® brand, we manufacture HVACR and Refrigeration components, Test Instruments, Tools and Appliance parts. We operate and develop in proprietary state-of-the-art facilities and maintain oversight and control of the quality of the processes and components that go into our parts.

Data View®

Data loggers that monitor real-time measurements for current, voltage, watts, temperature, or humidity. Monitor real time measurements for instant environmental or electrical conditions. When you're ready, download to your computer for further analysis.

As pioneers of "the original" two-wire hard start, our line of SuperBoost® Hard Starts use OEM and NATE recognized technologies to maximize performance. Manufactured in proprietary facilities our SuperBoost® hard starts use only original components, never imitations.

Since 1947, Therm-O-Disc® has been a global leader in the design, innovation and manufacturing of temperature and sensor controls. Our offering of Therm-O-Disc® sequencers and thermostats cover unique configurations and many applications.

The LOGiT Series Data Loggers are designed with the latest technology and will accommodate technological advances for years to come. They are economic, compact and easy to use.

**BULLET®
PIERCING
VALVE**

The ONLY piercing valve with a permanent type, gasket application that provides up to 50 times more sealing area than competitive O-ring types.

Chemicals has manufactured the highest quality chemical products for the maintenance, installation and repair of refrigeration, air conditioning and plumbing systems. SUPCO is proud to be their exclusive Master Distributor.

Siccom® manufactures quiet and strong Condensate Pumps with compact sizes and outstanding quality to price ratios. SUPCO is the Exclusive North American Master Distributor for Siccom®.

The Express Torch is self-lighting and ergonomic. With an integrated igniter and several tips to choose from, Express Torch kits offer power, precision and superior results.

Trusted technology since 1976, our Linebacker® Surge Protectors and Moisturizers are made in the USA and built tough to protect equipment.

A trusted brand in AC and Refrigeration for over 75-years, and known as the "OEMs' Choice", A-1® is now owned by SUPCO® and offers the most complete line of access fittings and service valves at an exceptional value.

With complete viewing through both sides, our Allin Liquid Eye® sight glasses and moisture indicators provide the clearest view of Refrigerant in a system.

INVENTED BY REAL TECHNICIANS

Our technician focused line of innovative products are one-of-a-kind, resourceful solutions that make life in the HVACR field easier.

These unique products have been invented by real trade technicians who've used their ingenuity and resourcefulness to solve common on-the-job problems. Under the TradeFox™ brand, Supco® helped bring their inventions to life through additional engineering and manufacturing.

DO YOU KNOW A TECHNICIAN WITH AN INVENTION OR PRODUCT IDEA?

INVENTOR PROGRAM

Under the SUPCO TradeFox® Inventor Program, we work with technicians to bring their ideas to life and to the market through our years of experience in engineering, manufacturing, marketing and national global distribution.

Visit SUPCOTRADEFox.COM to learn more.

JOSH COOLEY **SUPCO TRADEFOX®** & DIRECTOR OF PRODUCT MANAGEMENT

Josh works directly with HVAC technician-inventors who come to us through our Inventor Program, as well as with our engineering and manufacturing teams to add innovative new products under the SUPCO TradeFox® line.

Josh understands technicians and the trade. Not only does he have extensive hands-on experience in the HVACR field, having owned and operated a fifteen-truck HVAC Company in Phoenix and Nashville, but Josh is a SUPCO TradeFox® in his own right.

He is the inventor behind the SUPCO TradeFox® Magnetic Umbrella that so many

ADJUSTABLE MAGNETIC UMBRELLA KIT **MUKIT**

- Includes umbrella & base
- 60" wide
- Waterproof umbrella with durable and flexible fiberglass ribs
- Base swivels and locks
- Heavy-duty magnet attaches securely to any metal housing

SUPCO TRADEFOX® LANYARD | **MULNYD**

Place over hex nut at assembly of MUKIT to help secure umbrella.

NEW

TUGBOAT COMPRESSOR TOTE

TB100

- Heavy-duty steel construction
- Can accommodate all types of compressors
- Adjustable grips
- Quick setup
- Breaks down for easy storage

JACOB CELIS

SUPCO TRADEFOX®

Jacob and his business partner Thaddeus started building the Tugboat at home focusing on quality materials for heavy and safe lifts, including an adjustable height. Thaddeus helped to raise awareness of the Tugboat on social media and Mike Mayberry (@hvac_refer_guy) received the product. Mike recommended Jacob inquire into the SUPCO® TradeFox®. Inventor Program for help getting the Tugboat produced on a mass scale and exposed to supply houses on a wide-scale national basis.

NEW

CHRIS PRANTL

SUPCO TRADEFOX®

TIGHT TAPER® FOIL & MASTIC TAPE APPLICATOR

TT100

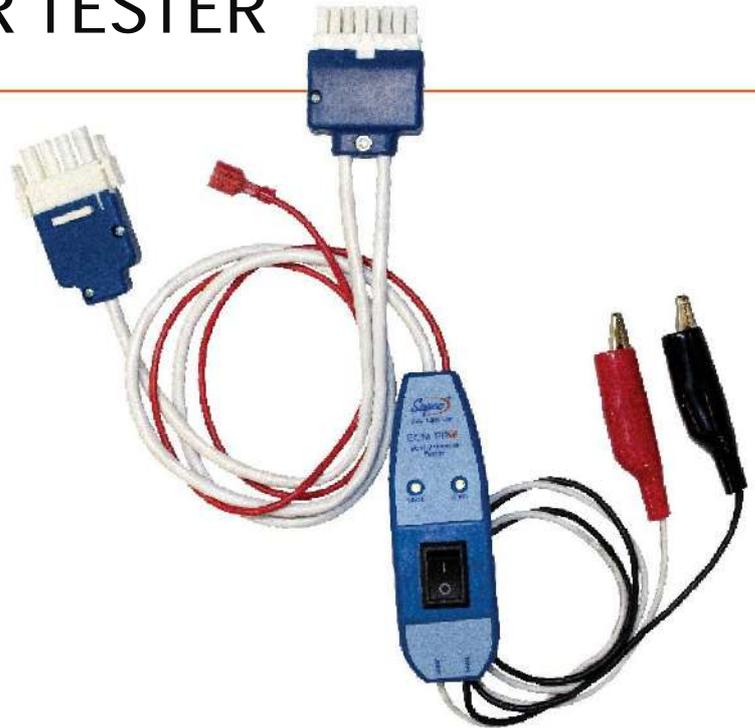

- Lightweight and durable applicator presses tape onto seams in tight spaces
- Non slip silicone ends help to easily release tape and smooth it evenly without tears or snags
- Applicator has both inches and cm for measuring tape length required

UNIVERSAL EC MOTOR TESTER

ECMPRO

- 24" wire length
- Short circuit protection
- 24 VAC operating voltage & indicating light
- Convenient magnet on back of unit

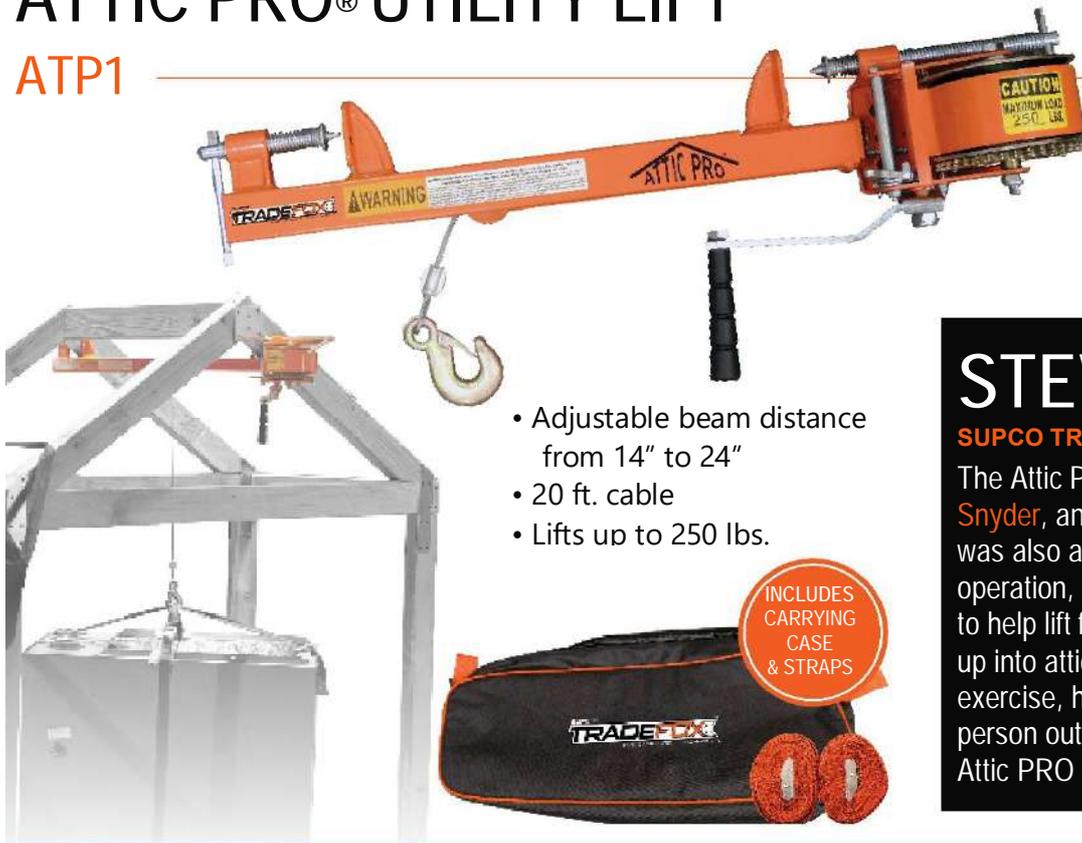

TECHNICIAN INVENTED. TECHNICIAN PROVEN.

The ECMPRO was invented by an HVAC technician who was looking for a simple way to check if an Electronically Commutated Motor was good or bad in order to make a quicker diagnosis for the necessary repair.

ATTIC PRO® UTILITY LIFT

ATP1

- Adjustable beam distance from 14" to 24"
- 20 ft. cable
- Lifts up to 250 lbs.

INCLUDES CARRYING CASE & STRAPS

STEVE SNYDER

SUPCO TRADEFOX®

The Attic PRO® was invented by Steve Snyder, an HVAC technician who was also a fireman. As a one-man operation, he was looking for a way to help lift furnaces and air handlers up into attics. One day on a training exercise, he used a winch to pull a person out of a man-hole - and the Attic PRO idea was born.

NEW REFRIGERANT LINE CLEANING KIT

RLC100

PAUL LEGGETT

SUPCO TRADEFOX

Paul designed a kit that contains everything needed to remove oil from residential and commercial refrigerant lines without messy flushing. The foam cleaners are launched into the line set using a nitrogen tank and literally "wipe" them clean.

30 Foam Line Cleaners:
 (5) 1 3/8"
 (5) 1 1/8"
 (5) 7/8"
 (5) 3/4"
 (5) 5/8"
 (5) 1/2"

3 Launchers:
 (1) 1 3/8"
 (1) 7/8"
 (1) 5/8"

4 Adapters:
 (1) 1 3/8" - 1 1/8"
 (1) 7/8" - 3/4"
 (1) 5/8" - 1/2"
 (1) 5/8" - 3/8"

+ CONVENIENT CARRYING CASE!

(1) Catch Net

COOLPRESSOR

CPPRO

HIGH-POWERED MAGNETIC COMPRESSOR COOLER

- Uses high powered magnet
- Hands free
- Saves time
- Creates a powerful cascade of water
- No messy backsplash
- Attaches to garden hose

RAY VALDEZ

SUPCO TRADEFOX

The Coolpressor was designed by Ray Valdez, a real HVAC technician who was looking for a more efficient way to quickly cool compressors on the job.

RETRACTABLE MAGNETIC JUMPER

MAGTRACT

- 20" leads
- For use up to 30V / 5A
- For diagnostic use only

HYB1YL

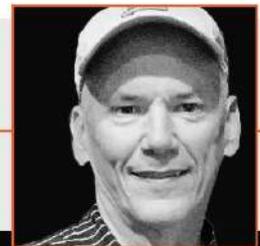

- 20" leads
- Used for low voltage troubleshooting
- For use up to 30V / 5A
- Magnetic tips & alligator clips

COIL CLEANING BRUSH

CCB100

- Adjustable brush head pivots up to 120°
- Patented stiffness adjustment slide
- Two tempered stainless steel cleaning heads built into a single unit
- Handles extends to 4 ft

EDDIE

SUPCO TRADEFOX

CAP DISCHARGE PEN

CAPDIS

- LED Indicator When Capacitor is Charged
- Standard Magnetic Connector or Alligator Clip Adapter

CAPACITOR SHELF WITH MAGNET

CSWM1

Capacitor Shelf With High Strength Magnet

4-PACK CAPACITOR SHELF

CSX4

Capacitor Shelf (4 Pack)
Includes Cable Ties & Mounting Screws

JONES VALVE® CONDENSATE CLEANOUT

JVI

ANDY JONES

SUPCO TRADEFOX®

The Jones Valve® was invented by **Andy Jones**, an HVAC technician who was looking for a way to permanently mount a multi-directional cleanout device on a condensate line so cleanouts would be faster and easier on service and maintenance calls.

- Most compact size on the market
- No cutting or repairing drain line
- Single Schrader allows for one hose hook-up
- 1/4" hose connection, 3/4" condensate line

REFRIGERANT SAFETY LOCKING CAPS

- USES A STANDARD 3/16" HEX KEY FOR REMOVAL
- RESISTS FAT, GREASE, OILS AND SOLVENTS
- COMPATIBLE WITH R717, R12, R22, R134A, R404A, R410A AND OTHER REFRIGERANTS.
- CODE COMPLIANT FOR TAMPER RESISTANCE
- UV RESISTANT THERMOPLASTIC
- PATENTED CAM ACTION CAP THAT EASILY TIGHTENS BY HAND
- NO SPECIAL TOOLS REQUIRED

Supco® Part No.	Description	
SFL1402	2 Pack	1/4"
SFL1410	10 Pack	1/4"
SFL1450	50 Pack	1/4"
SFL51602	2 Pack	5/16"
SFL51610	10 Pack	5/16"
SFL51650	50 Pack	5/16"

MATTHEW GROSS

SUPCO® TRADEFOX®

The plastic Safety Locking Caps were invented by **Matthew Gross**, a real HVAC technician who was looking for a more cost efficient way to comply with tamper resistance codes and make them easier for service techs to install, remove and carry.

FLEXIBLE VALVE CORE TOOL
FVCT4

- 4 1/2 inches in length
- Flexible to over 120° angle
- CNC finished

FLEXIBLE VALVE CORE TOOL W/ STORAGE
FVCT4PLUS

- 4 7/8 inches in length
- Flexible to over 120° angle
- CNC finished
- Comes with 3 valve cores

VALVE CORE GRIPPER TOOL W/ GASKET INSTALLER
VCGT3

- 3.5 inches in length
- Integrated key ring

FURNACE PRO
(6 PACK)
FPRO100

- Holds in door switch for troubleshooting furnaces, air handlers, etc.
- Hands-free

FLAME SENSOR CLEANER
FSC10

- Easily cleans sensor
- Prevents false starts
- Convenient key ring

MANIFOLD GAUGE HANGER

- Decreases work time - put gauges where you want them
- Safe - keeps high voltage away from gauges
- Vinyl coated magnet will not scratch or damage unit
- Increases readability and convenience

BEARING BUSTER

- Reduces bearing replacement time
- Slide hammer action
- Breaks bearing loose from shaft and bracket

JEFF & MIKE

SUPCO TRADEFOXES®

The Bearing Busters were invented by father and son team **Jeff & Mike Durbin** who sought an easier way to replace bearings in blower assemblies by developing a tool that acts like a slide hammer to fit behind the bearing where there is little space to work.

Part No.	Description
BB34	For 3/4" Shafts
BB10	For 1" Shafts
BB114	For 1-1/4" Shafts

SHABBATPRO1

Dispositif de protection contre les surtensions pour réfrigérateurs et Système anti-profanation du Shabbat. Leds de signalisation de fluctuation imminente de l'alimentation électrique.

Surge Protector for refrigerators & Shabbat Desecration Prevention device. Indicating Leds for Imminent changes in current supply.

Protector de sobrecarga de tensión para refrigeradores y dispositivo de prevención contra la profanación del sábado. Diodos electroluminiscentes (DEL) indicadores de cambios inminentes en el suministro de corriente.

UNPROTECTED EQUIPMENT IS A THING OF THE PAST...
With the LBK10 Surge Protector's self-monitoring
The protection is always there.

Voltage monitoring for:
Overvoltage • Undervoltage • Lost Neutral or Ground

www.lbk10.com

TPMP U

UNIVERSAL THREE PHASE MOTOR PROTECTOR

- ▶ Phase Loss
- ▶ Phase Reversal
- ▶ Phase Imbalance

Specifications

- Line Voltage: 180 - 600 VAC. 3-phase.
- Frequency: 50/60 Hz., Cut Wire for: 50 Hz.
- Imbalance: Adjustable +/- 4 to 20%.
- Power consumption: 3VA Max.
- Contact Rating: SPDT
Resistive: 10A-240Vac, 12A-120Vac\24Vdc
Inductive: 4.5Amp. 230V~ Cos. Ø 0.6
- Installation: Din Rail, Screws.
- LED's indicates: Operation and Fault
- Response Time: 80 ms Max.
- Operating Temp.: -40°C to +75°C
- Short cycle Delay: 10 Sec. to 5 minutes.
- Enclosure: PC UL-94 V0 Flame retardant.
- Dimension: 75 x 90 x 40mm
- Weight: 108 gr. (3.8 oz)

Mode of Operation

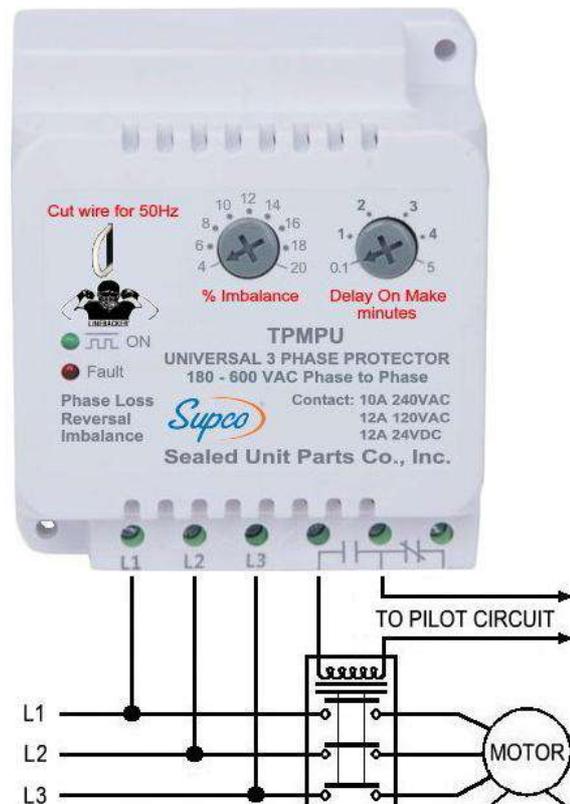

- Connect 3 Phases to the TPMPU
 - Connect N.O. contact in series to the pilot Circuit. (See diagram)
 - Set delay time 10Sec. to 5 Min.
 - Set Phase Imbalance %
- Phase Loss
 - Phase Reverse
 - Phase Voltage Imbalance

The TPMPU will disconnect the motor when one of the above occurs.

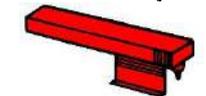

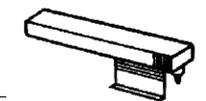

And protect the motor from:

- Motor overheats
- Motor burnout
- Change Rotation Direction
- Damaging Scroll Compressors

- Protect all Electric 3 Phase Motors
- Protect Air condition Compressors
- Fits all 3 phase motors up to 600V
- Installs on DIN Rail
- Simple wiring

Etalonnage et alarme disponibles	Temp. & Humidity logger with Display for text or graph USB port. 43,344 Data Memory Points, Multi Language software included -40° to +85°C. Calibration & alarm	Registador de temperatura y humedad con pantalla para texto o gráficos, puerto USB port. 43.344 puntos de memoria de datos, software multilingüe incluido, -40° a +85°C. Calibración y alarma a petición	
DVT4 Enregistreur Temp. avec Ecran Connexion USB, 4 capteurs: 1 interne -10°/+65°C, 3 externe -40°/+70°C, Logiciel Multi-langues incluses, 21.760 données enregistrables chaque capteur	Temp. logger with Display for text or graph, USB port, 4 Sensors: 1 Internal -10°/+65°C, 3 External -40°/+70°C, Multi language software included 21,760 Data Memory Points each Sensor	Registador de temperatura con pantalla para texto o gráficos, puerto USB port, 4 sensores: 1 interno -10°/+65°C, 3 externo -40°/+70°C, software multilingüe incluido, 21.760 puntos de memoria de datos cada sensor	

DataView Data Logger Series

INSTANTLY record and view critical performance parameters with the DataView data logger series.

Three models to choose from:

- DVTH for Temperature, Humidity and Dew Point,
- DVT4 for one internal and three external Temperatures
- DVCV for Current, Voltage and Watts.

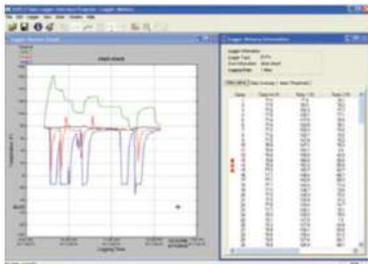

Monitor real time measurements for instant environment or electrical conditions; when you're ready, download to your PC for further analysis.

DVTH
Temperatures, Humidity
And Dew Point

DVT4
One Internal and
3 External Temperatures

PC Software & USB cable
Included with each Data Logger

DVCV
True rms Current, Voltage and Watts

Features/Benefits

- Text display: Real time measurements, logging summary, sample rate, memory used and memory left.
- Graph Display: Shows measurement trends with scrolling feature
- Visual over and under alarm indicators
- USB connection (cable included)
- Compatible with Windows™, 32 and 64 bit systems. (Software included)

Applications for DVTH & DVT4

- Refrigerators/ Freezers
- Commercial refrigeration systems
- Wine storage
- Greenhouses
- Florists
- Museums
- Laboratories

Applications for DVCV

- MRO
- Industrial processes
- Variable speed drives
- Intermittent electrical problems

SL100

Enregistreur Température 8.192 données enregistrables, de -30° à +70°C. USB, jetable. alarme a conduit. rapports PDF

Disposable Temperature Logger, 8,192 data stored. from -30° to +70°C, USB, Alarm led, PDF reports

USB Registrador de temperatura 8.192 datos almacenados, de -30/+70°C. desechable. led de alarma. informes en formato PDF

LT2

Enregistreur Température Bi sondes (sonde int. & Ext.) 21.500 données enregistrables de -40° à +65°C

Dual Temperature Logger (Internal & External probe) 21,500 data stored, from -40°C to +65°C

Registrador doble de temperatura (Sonda interna y externa), 21.500 datos almacenados, de -40° a +65°C

LTT

Enregistreur Températures double sondes externes 21.500 données enregistrables

Dual Temperature Logger 21,500 data stored, from -40°C to +65°C

Registrador doble de temperatura, 21.500 datos almacenados, de -40° a +65°C

LPT

Enregistreur Température & Pression 21.500 données enregistrables de -40° à +65° et de 0 à 500 PSI (0 à 34 Bar)

Pressure & Temperature Logger 21,500 data stored, from -40°C to +65°C, 0 to 500 PSI (0 to 34 Bar)

Registrador presión y temperatura, 21.500 datos almacenados, de -40° a +65°C de 0 a 500 PSI (0 a 34 Bar)

LCV

Enregistreur Courant et Tension. 10.750 données enregistrables. 500Vac 300Aac

Current and Voltage Logger 10,750 Data Memory Points 500Vac, 300Aac.

Registrador de corriente y voltaje. 10.750 puntos de memoria de datos. 500Vac, 300Aac.

LLSU

Interface USB et Logiciel de transfert de données pour la gamme Logit Series

USB Interface and Software for data transfer for Logit Series

Interfaz USB y software de transferencia de datos para la serie Logit

*** Note:** LOGIT data Logger needs the **LLSU** Software package to program data logger and download data for analysis. It is not included with any LOGIT data logger.

LOGEt8

Temperature Data Logger for freeze down to -196°C
Designed to monitor temperature in storing and shipping sensitive products. IP65, 16,000 Memory samples. Special for deep freeze refrigeration. Used in hospitals, pharmacies, laboratories. Built-in USB port for settings and data export to reports. Extremely wide temperature Temp. Range: -196C upto +150°C
Lithium battery 3.6V.
Battery life 2 years.

RC51

USB temperature Logger Stick, IP67
Range: -30°/+70°C ±0.5°C
32,000 Memory samples.
Indicates Min., Max., average, high & low Alarm and Battery status.
Circular recording.
Build-in playback and viewing software.
2-years replaceable battery
Automatically prepares PDF reports.
Standards: EN12830, FDA approved, COC approval for 5 calibration points.

VLTS – Multi Function Data Logger Series

Temperature, Humidity, Power, Switch & 4-20mA

1. Data Logging: 1 year @15Min., 35,040 data points for each channel
2. Multi Channel: up to 4 Inputs
3. Printing: 2" Thermal Printer
4. Monitoring: 4 Channels LCD Display
5. Data Transfer: USB stick, micro-SD & Web portal*
6. Alarm: Buzzer, External Contact & SMS*
7. Communication*: Web portal interface & backup*
8. Location*: Real time GPS

Temp.

Humid.

Power

Pressure

Switch

4-20mA

*Available on VLTS model only

Features/Benefits

- 4 probe input ports, sensors up to 100m (300')
- Printed Reports: Text, Graphic, Summary, Daily min\max and Delivery Ticket
- Auto Printing or Printing on demand
- Alarms: High, Low, No Paper, Low Power, Low Bat., Error Sensor & External Memory Full
- Alarm outputs: Internal Buzzer, dry Contacts 0.5A, SMS* & E-mail messages*
- Alarm delay: up to 9,999 Min.
- Sampling intervals: 30 sec. up to 120 min.
- Menu setting: Password protected
- Export reports to PDF* and to EXCEL* at the Web portal
- Temperature range: -40° to +130°C ±0.5°C (-40° to +266°F ±1.0°F)
- Humidity range: 10 to 90% ±2%RH, Other (0.1-9.9% and 90-100%) ±4%RH
- Operating voltage: 230V power adaptor\ 10-30Vdc and 9V backup battery
- Size: W232 x D168 x H65mm
- EN12830

VT10

Digital Thermometer and alarm
 Especial for freezing medical refrigerators
 Two sensors:
 1) build-in sensor for environment Temperature
 2) 3 meters long in Liquid tube for external accurate measurement. Illuminated LCD display.
 Magnetic quick mount. Min.\Max. indication.
 Setting Upper and lower alarm boundaries
 Temp. range: $-20/+40\text{C} \pm 0.5$, $-50/+70\text{C} \pm 1^{\circ}\text{C}$

PT100C

Digital touch Thermometer
 Temperature range:
 $-40^{\circ}\text{C} / +93^{\circ}\text{C} \pm 1^{\circ}\text{C}$
 Resolution: 0.1°C
 Rapid and accurate measurement
 Hold switch

EM02

Digital Spike Thermometer
 Large Display
 Temperature range:
 range: $-50^{\circ}\text{C} / +300^{\circ}\text{C}$

LOGEt8

Temperature Data Logger
 for freeze down to -196°C
 Designed to monitor temperature in storing and shipping sensitive products
 Special for deep refrigeration. Used in hospitals, pharmacies, laboratories.
 Built-in USB port for settings and data export to reports
 Extremely wide temperature range -196°C (minus) up to $+150^{\circ}\text{C}$
 Lithium battery 3.6V. battery life.2 yea

WT1B

Digital Thermometer
 Suitable for Professional kitchen
 use for dipping spike to liquid or food to ensure proper cooking.
 Stainless steel 10.5 cm waterproof sensor
 10 minutes Automatic shutdown
 Temperature range:
 $-50^{\circ}\text{C} / +300^{\circ}\text{C} \pm 1^{\circ}\text{C}$
 Battery included LR44 1.5DCV

RC51

USB temperature Logger Stick

Suitable to Measure Temperature in cooling, freezing, refrigeration, storage, transportation, pharmaceutical, food, and agriculture industries.
 Digital display
 Build in USB Connection
 Temp. Range: $-30^{\circ}\text{C} / +70^{\circ}\text{C} \pm 0.5^{\circ}\text{C}$
 32,000 Memory samples
 Indicates Min., Max., average, high & low Alarm and Battery status.
 Circular recording
 Build-in playback and viewing software
 Two-year replaceable battery
 Automatically prepares PDF reports
 IP67 water protected
 Standards: EN12830 and FDA approved
 COC approval for 5 calibration points

IDVM510

Wireless Digital Multimeter AC

Has all the essential modules for convenient and safe troubleshooting and data logging. It provides manual & auto-ranging, measures AC/DC voltages up to 1000V, AC/DC 10A~, 10Aac, 1000V~, 6mVdc to 1000Vdc, 60MΩ, 600mfd, 60Hz.

- True RMS
- Bluetooth via BTLE(v4.0)
- Auto/manual ranging
- Hold function
- Relative (Zero) function
- Type K thermocouple

IDVM550

Wireless Digital Clamp Meter

Professional grade Clamp Meter by measuring AC Volts, AC Amps, system kW and the power factor. Use App-captured data on the free Supco® TechLink™ App to discuss system operating costs on jobs.

- True RMS
- Bluetooth via BTLE(v4.0)
- Hold function
- Relative (Zero) function
- Min / Max Function
- CE® & ETL® certified

TECHICIAN-FOCUSED. SUPCO® ORIGINAL INNOVATIONS.

**M500
LED MEGOHMMETER**

The M500 provides fast and accurate measurements

to verify the condition of the insulation.

- Zone scale to indicate insulation condition
- Measure insulation values up to 1000 megohms @ 500VAC
- Hand held
- Test leads store in case
- Operates on 2 C batteries (not included)
- Impact resistant
- Soft carrying case included

**MFD10
CAPACITOR TESTER**

- Rubber grips & 12" magnetic leads
- Range: 0.001µF to 9999 µF
- Auto-ranging
- Includes rugged carrying case and alligator clips

PATENTED VALVE GASKET APPLICATION PROVIDES 50 TIMES MORE SEALING AREA THAN COMPETITIVE "O" RING.

Indicador de barras analógico
Calibración de software
Indicación de pila baja
Pantalla SUPERIOR o INFERIOR, Apagado automático
con caja y tapa de bolsa
Rango de HZ: 31,5 Hz~8 KHz
Rango de dB: 30~120 dB

KYP120

Wall Electrical detector: wire, metal, wood

Maximum scanning depth:

Ferrous metals	120mm ±10mm
Non-ferrous metals(Copper)	80mm ±10mm
"Live" Wire**	50mm ±10mm
Wood	20mm ±10mm

Automatic switch off after approx. 5min.

Protection Rate: IP 54

Display: 2.4 inch

Operating temperature -10°C+50°C

Storage temperature -20°C+70°C

Battery 1x9V

Size: 200*83*28mm

*Depends on operating mode, material and size of the objects, as well as material and condition of the base material

**Less scanning depth for wires/conductors that are not "live".

AFFORDABLE ELECTRONIC VACUUM GAUGES

VG64 DIGITAL VACUUM GAUGE

- Ultra Fine Resolution
- Easy-to-Clean LIFETIME Sensor Never Needs Replacing
- Reads Vacuum in 7 International Units
- Display Updates Every 1/2 Second
- Convenient Built in Hanger
- Low Battery Indicator
- Power Source: 3 AA Batteries (not included)
- Auto Shutoff

VG60 ELECTRONIC VACUUM GAUGE

10 Segment Color Coded LED Readout Provides Fast Response of Vacuum Measurements

- Pocket Size - Only 5 1/2" x 1 3/4" x 1 1/2"
- Cleanable Sensor
- Single Switch Operation
- Built-in Hanger
- Soft Case Included

VG640TL SUPCO® WIRELESS VACUUM GAUGE

- Remote Bluetooth® monitoring from up to 200 ft. away
- Revolutionary contaminant and oil resistant Lifetime Sensor
- Record and export the evacuation process to PDF/Excel/CSV
- Includes vacuum coupler and convenient magnetic holding strap

VGC VACUUM GAUGE COUPLER FOR ALL VACUUM GAUGES

- 1/4" Female flare connections
- Brass construction

Commercial Refrigeration Condensate Evaporator Pans

For condensate applications where no drain is available, choose from eight popular, large capacity sized pans. SUPCO commercial refrigeration condensate evaporator pans are made from top quality materials for durable, long life.

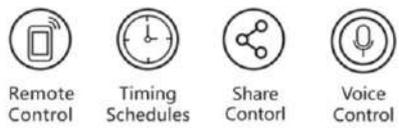

FEATURES/ BENEFITS

- Corrosion resistant stainless-steel construction.
- Made from top quality materials and components for longer and more durable use.
- Positive evaporation
- Space saving
- High limit safety and float switch operation
- Available in 120 volts and 240 volts
- Warranty-One year from date of installation
- UL approved
- NSF approved

CONDENSATE DRAIN BLOW OUT VALVE

JV1

The Valve is a simple condensate drain line blow out valve that is inexpensive and easy to use. No more water buckets, no more looking for the other end of the line to install your plug. No more cutting and repairing the drain line.

- 1/4" Hose connection, male flare w/ Schrader
- 3/4" Condensate line
- Durable, Schedule 40 PVC Material
- Attaches to CO2 or Nitrogen tanks
- Smallest, and easiest to use of all available drain line valves
- Patent Pending, 1 Year Warranty

HVAC AIR-TRAP™

PLP051

Will never dry out or freeze because it does not depend on water to seal or preventing air leakage

- A solution for lower pressures, 0-5" (0-112cm)
- 3/4" Connections, Max. Positive pressures 40"
- Length 14cm (5.6"), Height 5cm only (2")

Pressostat

Pressostat unipolaire à contact simple
Pouvoir résistif (RLA) 6 Amps - Pouvoir
Inductif (LRA) 36 Amps - Pression
d'éclatement 5000PSI - raccord 1/4"

Drain valve, CONDENSATE LINE TRAP

FW3225H

Horizontal water drain valve, up to 10 liters/minute
 Sterilizing draining valve, Prevent back flow of outdoor germs and odor. Independent discharge outlet.
 For condensate line with negative pressure (-1Kpa), can be operated at maximum 10Kpa pressure differences.
 Can be used together or without any built-in drain pump system. For 25 to 32 mm (1" to 1-1/4") tubes
 Working temperature: 1 to 50°C
 Made of PC double-layer insulation

Allin Liquid Eye® - Sight Glass

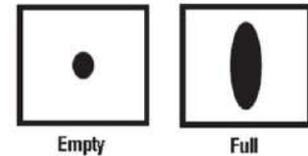

The Allin Liquid Eye® has a unique "See-Thru" feature that is more readable than other sight glasses.
 The dot on the tube is magnified when the tube is full of refrigerant to give a quick, easy indication.

Made in USA

- Solid brass body
- Shock resistant glass
- Available in flare or solder
- HFC refrigerants easy indication

Allin Liquid Eye® - Moisture Indicators

The Allin Liquid Eye® moisture reactor is easy to read in minimal light. It provides a quick indication of refrigerant in the tube, as well as the pressure of the moisture. When moisture is present, the color bars on the band within the tube change color.

Made in USA

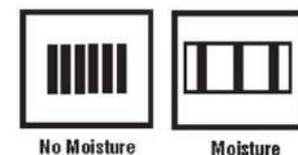

- Solid brass body
- Shock resistant glass
- Available in flare or solder
- Color bar designed for HFC refrigerants

Conversion Chart
 1.) Locate the recommended capillary I.D. in the left hand column
 2.) Reading across find the standard stock capillary tube.
 3.) Multiply the recommended length by the conversion factor.
 4.) As a general rule you should use a capillary tube that is between 5 feet and 16 feet long

EXAMPLE:
 The recommended capillary tube is .046 X 120" Find 0.046 in the left column read across to 0.595 [BC42] or 0.783 [BC44] or 1.410 [BC49].
 Multiply 0.595 X 120" = 71.4" Good Choice
 Multiply 0.783 X 120" = 93.96" Best Choice
 Multiply 1.410 X 120" = 169.2" Okay choice, too long for service pack.

Specifically Designed for Reopened Systems. Each Strainer Contains an Oversized Screen Area for Filtering Large Quantities of burnt out Foreign Matter from System.

VIBRATION ABSORBER

Vibration absorbers are designed for installation in the suction and discharge lines of air conditioning, heat pump and refrigeration systems to dampen the transmission of compressor induced vibration through the system piping.

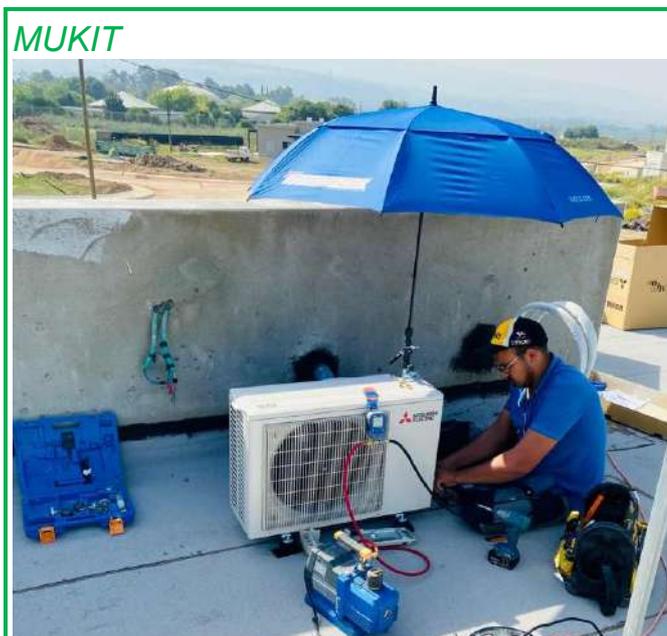

- Compatible with all refrigerants
- Maximum working pressures range 340-500 PSI depending upon the size
- Deep pitch stainless steel hose and high tensile wire braid
- Design includes a piston stopper that provides a more positive seal and reduces leaks
- 100 % helium and hydrogen leak tested

RSTO1Y

A/C Coil Wash Cover
 Hanged frame model (Yellow)
 For A/C up 9 thru 24K BTU
 Rigid plastic, Adjustable frame
 fit 2 sizes: 120X62 cm
 or 120X120 cm
 with 1.8m drainpipe
 Includes Carrying bag

RSTO2T

Circular Folded A/C Coil Wash Cover Model (Light blue)
 For A/C up 9 thru 18K BTU
 Covers batteries up 2.4 M round
 Includes Carrying bag

RSTO3B

Circular Folded A/C Coil Wash Cover Model (Blue)
 For A/C up 9 thru 36K BTU
 Covers batteries up 3.2 M round
 Includes Carrying bag

UW48

8 in 1 universal wrench 8"
 form, 8 to 19 mm, 3/4" to 5/16"
 360 degrees head rotation

Concrete Core Drills

for Drilling with water
 40 Cm length
 Connects with 1/2" BSP
 Thread

LCB62MM - 62 mm dia.

LCB67MM - 67 mm dia.

LCB72MM - 72 mm dia.

Outils Innovants

Innovative Tools

Herramientas Novedosas

ACS50

AC Sling

- Makes carrying gear safer & easier
- Holds up to 50 lbs.
- Integrated clasp hooks

- Pockets for storing parts or hardware
- 4" D-shaped gate hooks
- Adjustable length, up to 5 ft.

FVCT4

Flexible Valve Core Tool

- 4.5 inches in length
- Flexible to over 120° angle
- CNC finished

FVCT4PLUS

Flexible Valve Core Tool w/ Storage

- 4- 7/8 inches in length
- Flexible to over 120° angle
- CNC finished
- Comes with 3 valve cores

VCCT3

Valve Core Gripper Tool w/ Gasket Installer

- 3.5 inches in length
- Integrated key ring
- CNC finished

EL10 - Easy Leveler Furnace Legs

Four sturdy bolt-adjusted leg extensions supplied with mounting materials. Simply turn the lag bolted insert to raise or lower each corner of the unit.

- Kit includes 4 Sturdy Bolt-adjusted Leg Extensions
- Mounting Hardware Included

HVAC STRAP

Manifold Gauge Magnet Hanger

Constructed from heavy-duty woven material, with a vinyl coated magnet.

- Decreases work time - put gauges where YOU want them
- Safe - keeps high voltage away from gauges
- Vinyl coated magnet will not scratch or damage unit
- Increases readability and convenience
- Professional appearance

MAGJUMPER

- 30 VAC/VDC, 5 Amps Max.
- Ideal for Low Voltage Troubleshooting for Recessed Terminals
- Thermostats
- Control Boards
- Sensors, Switches

Available in 5 Colors

Part No.	Color
MAG1YL	Yellow
MAG1GR	Green
MAG1BL	Blue
MAG1BK	Black
MAG1RD	Red

Magnetic test leads, 50cm

REFRIGERANT SAFETY LOCKING CAPS

- Meets IRC M1411.6 and IMC 1101.10 for tamper resistance
- Compatible with R717, R12, R22, R134a, R404A, R410A and other refrigerants.
- No special tools required. Simply tighten by hand.

La Colle et à Souder

Glue & Soldering

Pegamento y Soldadura

HS10001

Pâte à base de résine assurant l'étanchéité des raccords filetés métal & plastique. Réfrigérants CFC / HFC & HCFC – Temp. D'utilisation de -93° à +204°C Etanchéité permanente garantie

LEAK-LOCK

A resin based soft setting brushable paste pipe for joining all metals and plastics fittings. Temp range -93° to +204°C. Permanent Seal guaranteed.

Pasta blanda unttable a base de resina para pegar para sellado de accesorios metálicos y de plástico. Margen de temperaturas de -93° a +204°C. Sellado permanente garantizado.

HS11001

Identique à la Leak Lock mais contenant du Téflon pour des caractéristiques étendues.

LEAK-LOCK GOLD

Same as Leak Lock but with Teflon inside for higher efficiency.

Similar al Leak Lock, pero con contenido de Teflón, para mayor eficacia.

HS12001

Pâtes Epoxy – change de couleur (dorée) lors du séchage. Résistance à la traction (6000 PSI) Résistance à la pression (3000 PSI) – Utilisable sur tous les métaux et plastiques durs.

RED EPOXY

Epoxy paste. Changes colors when cured (turn gold) Tensile strength (6000 PSI) Working Pressure (3000 PSI) – Use on all metals and rigid plastics. 70 gr.

Pasta epoxi. Cambia de color al secarse (se vuelve dorado). Resistente a la tracción (6000 PSI). Presión de trabajo (3000 PSI). Utilizable con todo tipo de metal y plástico rígido.

HS13001

Résistant à tout usage Bande de verrouillage Empêche le détachement des écrous, vis, raccordages etc.

THREADLOCKER

All purpose heavy duty Locking bond Prevents loosening of Nuts, Bolts, Fittings etc. 14.8 ml.

Adhesivo de cierre multiuso para servicio pesado Evita el aflojamiento de tuercas, pernos, acoples, etc.

HS30004 – 114gr

HS30016 – 454gr

Flux à braser non-acide. Qualité industrielle, basse et haute température, brasage tendre, efficace sur tous les métaux sauf l'aluminium et le magnésium.

SOLDERLENE

Non-Acid Soldering Flux. Industrial Strength, Low and Mid temperature, Soft Solders, Effective on all metals except aluminum and magnesium.

Fundente no ácido para soldar. Calidad industrial, temperaturas medias y bajas, soldaduras blandas, efectivo con todos los metales excepto aluminio y magnesio.

HS32098 – 50 gr

HVAC SUPER PRO

Keep your torch in your truck with this money and time saver! HVAC Super Pro is the perfect solution for bonding copper, aluminum and brass.

Set Up Time: 20sec. to 3min. fully Curing Time: 2 hours Shelf life: 12 months after open Temp. Range: -54°C to 176°C

Bonding Copper, Aluminum and Brass

- Non-toxic
- Vibration tested for HVAC & Refrigeration applications
- Formulated to exceed the requirements for R-410A refrigerant & POE oil
- Compatible with ALL refrigerants
- Bonds dissimilar metals
- Ideal for bonding copper, aluminum and brass in any combination

Scan for a product demonstration

HS32032

A space-age bonding system that seals holes, cracks and leaks. The right patch for leaks in all HVAC/R tubing and equipment. No toolbox is complete without it.

Temp. Range: -51°C to 93°C Pressure Range: 350PSI Max

HVAC/R INSTANT PATCH A + B + A

- for copper, aluminum, steel & PVC
- Non-toxic
- Should only be used on the low pressure side of systems
- Safe to use with all refrigerants
- Repairs in a minute

Scan for a product demonstration

De l'acide

Acid

El ácido

HS16001

Test d'acidité de l'huile des circuits frigorifiques. Simple d'utilisation, économique, biodégradable, ininflammable et utilisable avec tous les types d'huiles et de fluides frigorigènes. Bleu ou Violet : Pas d'acide en présence – Vert : modérément acide – Jaune : Acide

ACID TEST

For detecting the presence and formation of acid in air conditioning and refrigeration systems. Friendly use, economic, biodegradable, non flammable, for use with any refrigerant. Blue or violet: No acid present – Green: moderately acidic – Yellow: Acidic

Para detectar la presencia y la formación de ácidos en sistemas de aire acondicionado y de refrigeración. Fácil de usar, económico, biodegradable, no inflamable, se puede utilizar con cualquier tipo de refrigerante. Azul o violeta: sin presencia de ácido. Verde: Moderadamente ácido. Amarillo: ácido

HS18004 – 118 ml.

La cure pour les problèmes d'acidité et lorsqu'un compresseur grille. Simple d'utilisation, action rapide et n'affectant pas les composants du système. Pas de résidus solides – compatible avec tous types d'huiles et de réfrigérants.

ACID NEUTRALIZER

The cure for acid problems when compressors burnout. Easy to use, fast action, does not harm system components. No solids or solid residuals. Compatible with ALL lubricants and refrigerants. 118 ml.

El remedio para problemas con ácidos al quemarse compresores. Fácil de usar, de rápida acción, no daña los componentes del sistema. Sin residuos sólidos o no sólidos. Compatible con todo tipo de lubricante y refrigerante.

HS18002 – 59 ml. of ACID NEUTRALIZER in 1 Container with 1 hose 1/4", 30cm include ball valve.

HS18022 – 118 ml. of ACID NEUTRALIZER in 2 Containers, 59 ml each.

The Best ACID Treatment Available Now is this: Introducing the liquid into the system low side ... To prevent, Use 1 part of neutralizer for every 64 parts of oil in the compressor In moderately acidic use ratio of 1/48 After compressor burnout, use ratio of 1/24

HS17001 – 30 ml.

THAWZONE

HS17004 – 118 ml.

Liquide neutralisant les acides, l'humidité, les boues et les cires dans les systèmes de réfrigération. Sèche chimiquement les réfrigérants CFC, HFC & HCFC. Biodégradable.

Liquid dehydrant that frees your frozen system. It seeks out moisture and chemically bonds to it. Biodegradable.

Líquido deshidratante que elimina el hielo del sistema de refrigeración. Busca la humedad y se une químicamente a ella y es biodegradable.

HS17002 – 59 ml. of THAWZONE in 1 Container with 1 hose 1/4", 30cm include ball valve.

HS17022 – 118 ml. of THAWZONE in 2 Containers, 59 ml each.

Frees a Frozen System in Minutes with this: Introducing the liquid into the system low side... Use 8.3ml of THAWZONE for every 1kg of refrigerant in the system. 1 container (59ml) is suitable for systems with 7kg of refrigerant.

Détecteurs de Fuites

HS21004 – 118 ml.
HS21016 – 475 ml.

Trace 2 est un détecteur de fuite à base polyol ester (POE) qui laisse une tâche de couleur rouge pour signaler les fuites des systèmes de réfrigérations. Compatible avec tous les types de réfrigérants. Fluorescent avec lampe U.V.

HS20004 – 118 ml.
Identique à Trace 2 – Base huile minérale.

HS21002 – 59 ml. of TRACE 2 in 1 Container with 1 hose 1/4", 30cm include ball valve.

HS21022 – 118 ml. of TRACE 2 in 2 Containers of 59 ml each.

Works under all conditions:

- Bright Red under normal light.
- Bright Purplish Blue under UV light.

Charg the liquid into the system low side..., 1 container (59ml) is suitable for Refrigeration Systems 1 to 6 Tons.

Leak Detectors

TRACE 2

Trace 2 is polyolester based, used to locate the hardest to find leaks by leaving a bright red stain. For all refrigerants and hydraulic systems. Fluorescent with any U.V. source.

TRACE
Same as TRACE 2 – Mineral Oil Based

Detectores de Fugas

Trace 2 es un material basado en poliolester, que deja una mancha roja brillante que facilita la detección de fugas de difícil localización. Para todos los sistemas de refrigeración y sistemas hidráulicos. Fluorescente con cualquier fuente de luz ultravioleta.

Lo mismo que arriba: basado en aceite mineral

HS22008 – 236 ml.

Détecteur de fuites de gaz non dangereux et ne contenant pas d'éthylène glycol. Détecteur de fuites à bulles, de consistance visqueuse et fluorescente qui ne gèle pas. Il peut être utilisé sur des substances chaudes ou froides. La fuite de gaz est signalée par l'apparition de bulles qui deviennent fluorescente dans l'obscurité. Ce produit peut être utilisé en présence de n'importe quel type de gaz ou de réfrigérants, ammoniac, SO2, Etc

GAS LEAK DETECTOR

Low & Mid Temp. Leaks appear as large strong bubbles which cling to the surface and are fluorescent under a black light. Non-freezing – Non toxic – Non Hazardous – Hot & cold piping – Most gas and all refrigerants.

Detector de fugas de gas (temp. baja y media) Las fugas aparecen como burbujas de gran tamaño que se adhieren a la superficie y que son fluorescentes en la oscuridad. No se congela, no es tóxico ni peligroso. Para tuberías frías y calientes y para la mayoría de los tipos de gas y todo tipo de refrigerante.

Détecteurs de Fuites et réparation

HS60002 – 59 ml. of R3 in 1 Container with 1 hose 1/4", 30cm include ball valve.

HS60022 – 118 ml of R3 in 2 Containers of 59ml each

Seal Existing Leaks in Condensers, Evaporators, Hoses, Gaskets & O-Rings • Prevent Future Leaks
• Renew O-Ring and Seal Elasticity, Polymer-free,
• Lubricate Moving Metal Parts, Compatible with all refrigeration lubricants. Tested to be non-clogging to the A/C compressor and recovery equipment. Permanent fix for Refrigeration systems. 1 container (59ml) is suitable for refrigeration systems 1- 6 tons.

Leak Detectors and Repair

Detectores de Fugas y Reparación

Nettoyeurs Cleaners Limpiadores

HS50004 – 130 ml.

Poudre nettoyante pour machine à glaçons. Empêche la corrosion – pas de résidu acide. Sûre Nickel.

ICE MAX

Ice machine cleaner in powder. Prevents corrosion – No acidic residue, Nickel safe.

Producto de limpieza en polvo para máquinas de cubitos de hielo. Evita la corrosión. Sin residuos ácidos, Nickel seguro

HS55032 – 947 ml.

Neutralise les acides d'un circuit frigorifiques causés par une surchauffe du compresseur. Bio dégradable, compatible avec tous types de réfrigérants, ininflammable, ne contient solvants halogénés.

SUPER FLUSH

Super Flush AC/R Internal System Cleaner Neutralizes and removed acid caused by compressor burnout. Biodegradable – Compatible with all refrigerants, Non flammable. Does not contain Halogenated solvents.

Limpiador de sistema interno para refrigeradores y aire acondicionado Neutraliza y elimina ácidos producidos por el recalentamiento de compresores. Biodegradable, compatible con todo tipo de refrigerante, no inflamable. No contiene solventes halogenados.

HS56008 – 460gr

Puissante poudre de nettoyage de bobines, sans odeur, utilisation et nettoyage faciles, sans résidu acide.

COIL MAX

Powerful Powder Coil Cleaner, odorless, Easy to use and Clean, No Acidic Residue.

Poderoso polvo limpiador de serpentinas, inodoro, fácil de usar y limpiar, sin residuos ácidos.

HS57014 – 400gr

Usage intensif, à base d'acide, puissante poudre de nettoyage de bobines, avec action moussante contrôlée. Utilisation et nettoyage faciles.

COIL BRITE

Heavy Duty, Acid Based, Powerful Powder Coil Cleaner, With Controlled Foaming Action, Easy to use and Clean.

Alto rendimiento, con base ácida, poderoso polvo limpiador de serpentinas, con acción de espuma controlada, fácil de usar y limpiar.

HS58128 – 3.78 Liters

Concentré liquide de mousse nettoyante pour batteries à base acide. Ininflammable – Biodégradable.

PINK STUFF –

Acid based concentrated liquid coil cleaner foaming. Non flammable – biodegradable.

Liquid Spray

Concentrado líquido de espuma de limpieza de base ácida para bobinas. No inflamable, biodegradable.

HS59128 – 3.78 Liters

Liquide nettoyant pour batteries à base alcaline. Inflammable. Biodégradable.

GREEN STUFF –

Concentrated alkaline based liquid coil cleaner. Non flammable – Biodegradable

Liquid Spray

Concentrado líquido de limpieza de base alcalina para bobinas. No inflamable, biodegradable.

HS31032 - Heat Shield Gel

Heat shield all - temperatue barrier spray. Prevents heat damage to nearby components during soldering, brazing or welding. 948 grams.

- Protects heat-sensitive components
- Prevents heat damage with:
 - no drip
 - non toxic
 - no clean up
 - non staining
 - non corrosive

- Evaporates within 24 to 48 hours
- For use on all surfaces, including:
 - wood
 - piping
 - insulation
 - drywall
 - valves

Exterminateurs Bactéries	Bacteria Exterminators	Bacterias Exterminadores	
CLEANAIR Spray pour l'air conditionné – Elimine bactéries et moisissures en laissant un agréable parfum.	Air conditioner Spray – kills bacteria and mold.. Leaves a pleasant smell. + CDC Anti- clog + 2 Slimout tablets	Spray para el aire acondicionado. Elimina bacterias y moho. Deja un aroma agradable.	
HS52105 / HS52115 Il a été constaté que dans 99% des cas, ce détergent tue la bactérie responsable de la légionellose et qu'il est également efficace pour combattre un large éventail de bactéries dont celles généralement responsables des infections respiratoires. Grâce à ses composants neutralisants le pH, le lavage n'attaque pas les parties métalliques du système.	CDC Anti-Clog Laboratory proven to kill 99% of Legionnaire's disease bacteria and a broad spectrum of harmful bacteria including those causing the common cold and other respiratory ailments. pH neutralizers help protect drain pan against corrosion.	En ensayos de laboratorio se ha demostrado que en el 99% de los casos mata la bacteria que causa la enfermedad del legionario o legionelosis. Es también eficaz para combatir una vasta gama de bacterias entre las cuales, las que causan el resfrío común y otras enfermedades de las vías respiratorias. Componentes neutralizadores de pH ayudan a proteger el depósito de drenaje contra la corrosión.

SUPCO, The industry Trusted Choice for replacement appliance parts

EXPANSION

Since 2017, we've grown our appliance parts selection by 36%. Supco is committed to sustained investment in this market in order to better provide you with alternative options to OEM purchases.

VALUE

We believe in simple, fair pricing tiers. We make every effort to stay aligned to competitive markets by constantly and carefully monitoring material costs, manufacturing costs and pricing trends in order to provide you with the best value for your dollar.

SERVICE

Service is at the heart of what we do. We value our customer relationships by providing the responsiveness and the flexibility you deserve. This includes a 1-year warranty on all of our appliance replacement parts and flexible return options.

QUALITY CONTROL

We take quality seriously. We oversee both our engineering and manufacturing processes and quality control our appliance parts with rigorous comparative testing for precise fits and finishes, making our products the best possible alternative to the OEM.

SELECTION

Our varied selection of parts includes Supco manufactured replacement parts, original parts manufacturer (OPM) parts and those that we master distribute. All come with our promise to perform.

When it comes to replacement parts, our philosophy is to make buying choice easy.

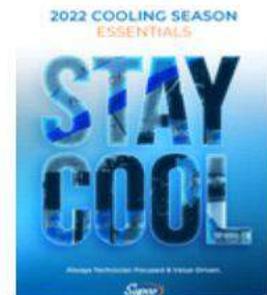

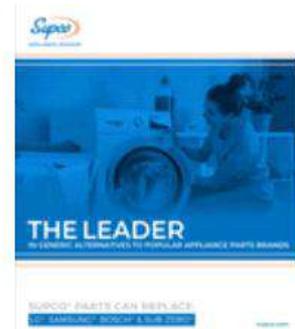

Our Promise:

In expansive selection of innovative, OEM-alternative Products Trusted engineering and quality control practices Flexible, dependable service.

Three Phase Surge Protector

Home protection – Appliances - Electronic equipment – Other electrical apparatus

- Installed on the electric box – on DIN Rail
- Dual protection, voltage & current surges
- Routs the power surges to the ground
- Fast replacement of protection Module no tools needed

	SUP1404P275	SUP1)275
Phases	3 Phases	Single phase
Protection Level B,C,D Grade	C	
Rated Operating Voltage Un(V~)	220/380v	220V
Maximum Continuous Operating Voltage Uc (V~)	275vac	
Voltage Protection Level Up(V~) kV	1.3	
Nominal Discharge Current In(8/20ns)kA	10	
Maximum Discharge Current Imax(8/20ns)kA	20	
Response time(ns)	25	
Operating Environment (centigrade)	-40°C~+85°C	
Test Standard	IEC61643.1-31 GB18802.1	
Protection Poles	3 Phases and 1 Neutral = 4	1 Pole
Max Connection Line	35mm2 solid wire/35mm2 stranded wire	
Recommended Connection Line	16mm2 solid wire/25mm2 stranded wire	
Installation	Standard DIN Rail 35mm	
Enclosure Material	fire-proof Nylon	

SUP1P275 – 1 Phase replacement module

Professional Surge Protector (PIP 230G)

Protects From: Voltage interruptions & Power surges

Recommend by the power companies

- Yellow Led - Detect whether there is a ground connection to eliminate the surges through and if the Line and Earth are in the right position
- Green Led - Active & constant protection from power surges and power interruptions
- Red Led - 4 minutes delay – actual phase disconnects (16A relay)
Restart delay after power interruptions to allow network to stabilize
Protect & delay in over voltage flickering situations
Protect & delay from motor starting in under voltage situations
Protect & delay when line voltage under 180V

- Operating voltage: 180 - 250VAC
- Switching capacity: IL 16A, 3,600 joules/sec.
- Time delay: 3 - 5 Minutes
- Current absorption: 24,000 Amps (without burning)
- Voltage protection level: Up = 1.3kV
- Power consumption: 10 mA
- Safety short test - in 1000 Amps
- Voltage protections: Line-Neutral, Neutral-Ground, Ground-Line
- Uc 250V, Uoc 10kV, Indoor, 2 ports
- SPD, IP2X, Class III, TN, T3
- Operating temperature: -10 / +70°C
- Size: 29x67x117 Cm.

SUPCO - Sealed Unit Parts Co., Inc. – History

Founded in 1945 in the Bronx, NY by two naval engineers, Sealed Unit Parts Co., Inc. (SUPCO) originated as a service company for refrigeration systems. These systems were “sealed”, so that, when service was needed, the repair was done invasively. The desire to overcome this method was the impetus for the development of the patented “Bullet” valve in the 1950’s.

As demand for the “Bullet” valve grew, Supco’s burgeoning manufacturing operation moved to Monmouth County, NJ.

SUPCO set its roots deep in Monmouth County, NJ during the decade of the 1960’s. Another important development during that decade was a patent for utilizing “PTC” components as switches for control devices.

During the 1970’s, the utilization of PTC devices as switches led to the development of “The Original” two wire refrigeration and air conditioning hard starts. “Super Boosts” and “3 N 1” hard starts revolutionized the aftermarket’s method for installing hard starts on air conditioning and refrigeration systems.

The 1980’s brought with it an expansion into the test instrument market, with the addition of simple testing devices for critical parameters in refrigeration and cooling systems. The MFD10 capacitor tester and M500 compressor insulation tester laid the foundation for development of test instruments designed to make service professional’s tasks simple, with reliable results.

SUPCO developed the first electronic vacuum gauge in 1990. The VG60 removed the uncertainty of analog technology for the growing need to measure this key system characteristic. During the latter part of the decade, master distributor partnerships for product lines, such as Therm-O-Disc components, bolstered SUPCO’s position as a key supplier to HVAC and Appliance wholesale distributors.

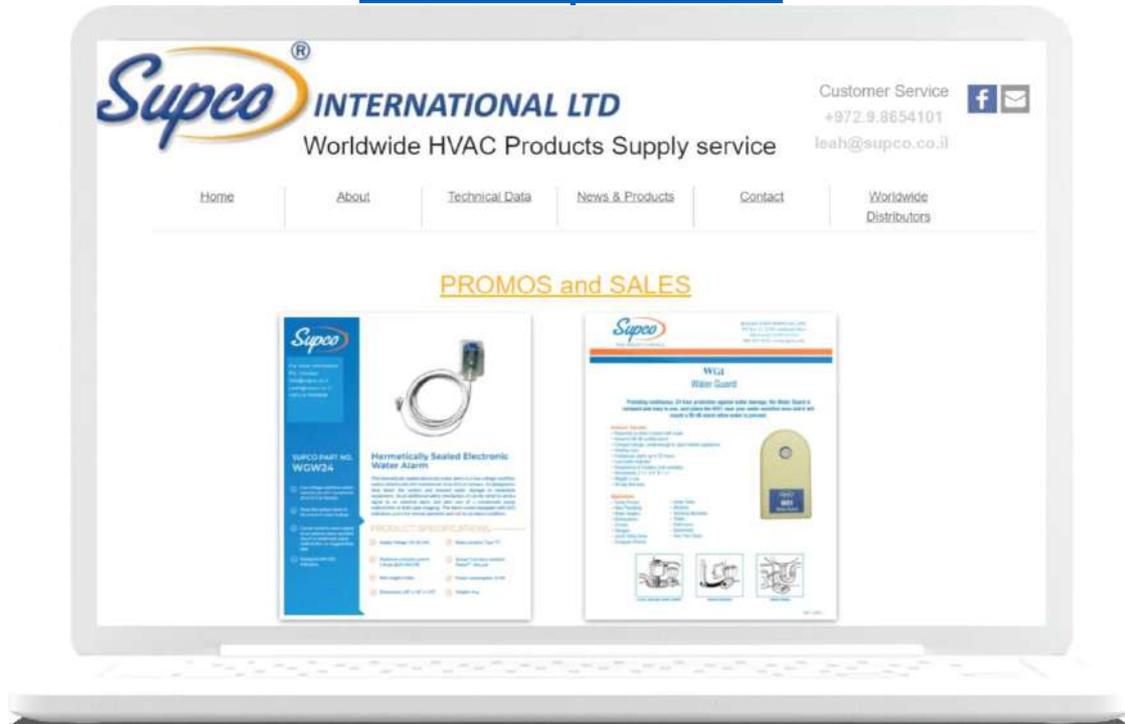

As we entered a new millennium, continued strategic growth resulted in a need to expand existing facilities in NJ, and later, the establishment of manufacturing facilities abroad. Additional product development in hard starts and vacuum gauges was the catalyst for that growth. In 2007, SUPCO acquired Climate Technology Corporation (CTC), adding thermostats to a broadening product line.

Another decade brings continued product line expansion through in-house development, master distributor relationships and acquisition. This strengthens Supco’s position as a leader in the HVAC, Refrigeration and Appliance industries.

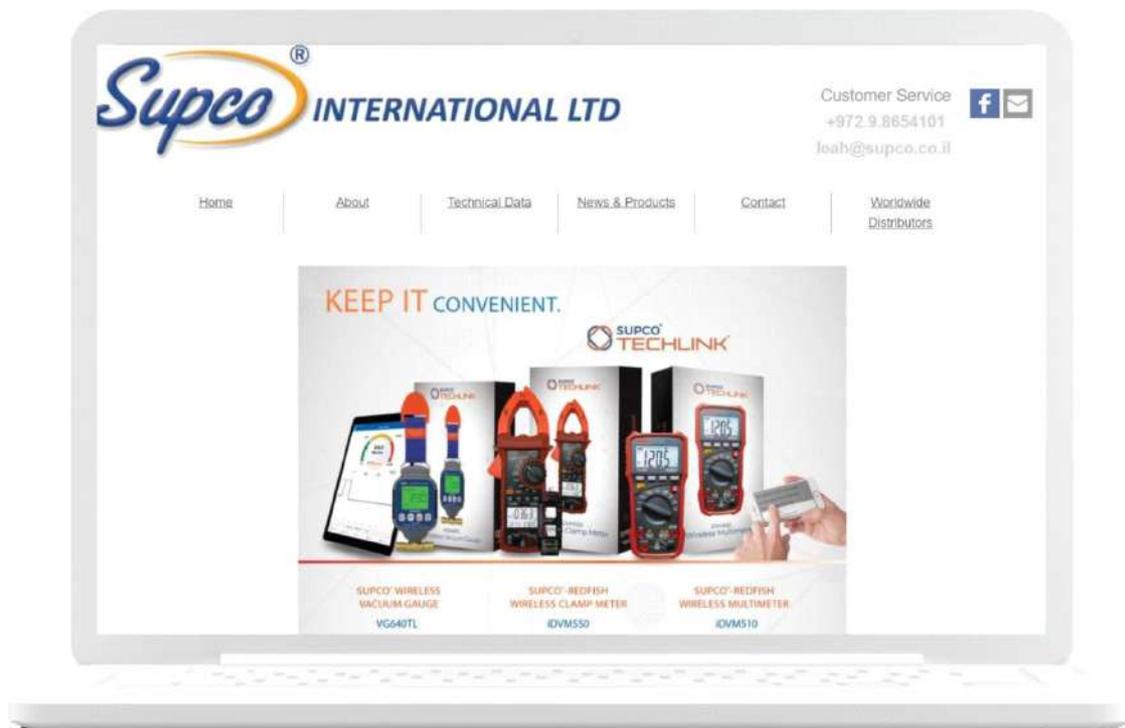

SUPCO International Website

www.supco.co.il

Our website is basically a Technical Information website
 You can learn more about SUPCO group companies. you can logon all
 SUPCO's Technical literature like: catalogs, Data Sheets, Products pictures
 new product publications and more. You will also have access to other SUPCO's websites.
 You can view all SUPCO distributors and reps world-wide.
