## ULTRA RUST-SOLV

The Worlds Greatest  
Penetrating Fluid

- ★ **Non-Acidic Dielectric**
- ★ **Ultra Rust-Solv Dries Residue Free**
- ★ **Environmentally Sound**
- ★ **Ultra Rust-Solv Is Absorbed By Rust Or Corrosion**
- ★ **It Reacts To Rust Or Corrosion As Water To A Sponge**
- ★ **Rust Or Corrosion Then Collapses**
- ★ **Available in 5 Oz. AV Or 14 Oz. AV**

### ULTRA RUST-SOLV "AEROSOL"

- Do not confuse **ULTRA RUST-SOLV** with the ordinary penetrating spring oil. **ULTRA RUST-SOLV** is not a lubricating oil. Lubricating oil has no rust dissolving properties.  
**TO SPEED UP ACTION** - After first applying **ULTRA RUST-SOLV**, give the affected parts several sharp raps. This helps to splash out the first layer of softened rust and aids the second application of **ULTRA RUST-SOLV** to more readily penetrate.
- **ULTRA RUST-SOLV WORKS BY CAPILLARY ACTION** - it is pulled into the corroded parts. **ULTRA RUST-SOLV** makes a paste out of the holding corrosion and this pasty corrosion is the lubricant by which corroded frozen parts are removed.
- **TO REMOVE RUST-FROZEN TIRES** - Feed **ULTRA RUST-SOLV** around tire bead where it contacts wheel rim.

**SPECIAL NOTE** - Our 5 ounce can is a great tool for hard to service areas and can be carried on your person.

A NEW MEXICO WELDING ALLOYS COMPANY

- **ULTRA RUST-SOLV IS DIELECTRIC** - a non-conductor of electricity - it therefore may be used to clean Commutators and Brush Holders - on Generators, Starters, and Electric Motors - without injury to insulations. It may be used for freeing and cleaning all types of Electrical Equipment.
- **ULTRA RUST-SOLV ACTS ON CORROSION** - formed by alkali, chlorine, electrolysis, fruit acids, water rust, etc.
- **ULTRA RUST-SOLV ACTS ON ALL KINDS OF OXIDES** - Copper, Iron, Zinc, Brass, Aluminum, Bronze, etc.
- **USE ULTRA RUST-SOLV TO FREE UP RUSTED** Nuts, Pipe, Locks, Pumps, Hinges, Valves, Screws, Clocks, Springs, Pulleys, Shafting, Mufflers, Stud Bolts, Brake Linkage, Manifold Bolts, Battery Cable Terminals, All Farm & Industrial Machinery, etc.

*ULTRA RUST-SOLV is not effective where pipe threads have been wiped with paint, lead, litharge, or other pipe thread sealing compounds.*
