

HOPE YOU ARE ALL HAVING FUN

We would like to extend a huge THANK YOU! to our amazing guests who are continuing to practice safe social distancing, and are following the COVID-19 restrictions and guidelines. We understand that for some, these times are frustrating, and we ask that you remember that we are all in the same situation, and to treat others with respect. Not being able to do some of our favourite summer activities yet this year is unfortunate for everyone and we hope that we can get back to normal soon. We encourage our guests to take advantage of the things we can do. Go fishing! Go to the beach! Participate in the golf tournament! Take a walk! Play a game of soccer in the sports field! Play Radio Bingo on Thursdays! Have a bonfire! Let's not get caught up in the things we can't do, and be thankful for the things that we can do! We have extended our business hours to better serve our guests. Our store, reception, and pool are now open 7 days per week! We hope everyone had a safe and happy Canada Day, and look forward to all of the fun still ahead!

A MESSAGE FROM SPARKEY DOWN AT THE LANARK HIGHLANDS FIRE HALL

FIRE SAFETY

Sparkey the Fire Dog would like to say that he missed seeing all his friends on the May 24th weekend at Pine Tree Corners and would like all you kids to remind your parents to replace the batteries in the two alarm systems in your trailers that were there all winter long. Sparkey has given his good friend, Volunteer Firefighter Jim (also know as Bingo Jim), three booklets that might be interesting to read.

"Fire Hazards", "Safe Campfires" and "The Firesmart Manual".

They can be picked up at H09 whenever you have a chance. Sparkey would also like to have all you kids and parents to sit down on a rainy afternoon and think out a fire plan to get out of your trailer and where to meet in case of a fire.

Have a great Canada Birthday weekend and be SAFE!

Sparkey

CAN YOU SOLVE THIS RIDDLE?

Can you name three consecutive days without using the words Monday, Tuesday, Wednesday, Thursday, Friday, Saturday, or Sunday?

7th Annual Cedar Cove Mixed Golf Tournament

July 11th, 2020 at 10:30 am. Mountain Creek Golf Course on White Lake Road.

Last year's tournament was a huge success, with 40 golfers participating.

Format is 4 ball best ball, so you don't have to be a regular golfer to have fun!

Once again we have room for 40 golfers. Please contact organizers Mike & Debbie Leger at site G23 to register your teams, or to be signed up as a golfer to be placed on a team. Tournament organizers reserve the right to change members of teams to make this tournament as fun and fair as possible. This

year due to COVID-19 concerns, we will not have a gathering after the tournament for appetizers and awards. However Cedar Cove will still be donating prizes for the winning teams (Men & Mixed), Ladies & Men's longest drive and Ladies and Men's closest to the pin. Cost is \$40.00 for shared cart, \$45.00 for single rider cart (Note-due to cart shortages, Mountain Creek prefers that carts be shared). Or \$35.00 if walking.

Camping During COVID-19

Go Outside!

Fresh air, sunshine, and exercise, are crucial to both our physical, and mental well being

Be Safe!

Avoid gatherings of groups larger than 10
wash your hands often,
and practice social distancing

Be flexible, and respectful!

If an area is crowded, choose another activity or area.
Be mindful of your fellow campers, and stay home if unwell.

Let's Do This!

We are thrilled to have been able to open to our seasonal campers! We do understand that this has been a terribly difficult time for many families. We here at Cedar Cove Resort hope that you and all of your loved ones have been able to stay safe and happy during these difficult weeks. We would like to give a HUGE shoutout to everyone working hard in healthcare, first response, essential retail and all other amazing people on the front lines! We need to make ensure that we are all continuing to be safe while here as we do not want to see a spike in cases, as it may effect the future viability of the camping season. Make sure that you are washing your hands frequently and keeping a safe distance from your much missed neighbors. We understand that this may be difficult, but the safety of our guests and employees is our primary concern always. Let's be thankful that we have this beautiful place to take a chance to relax and enjoy nature!

COVID-19 and Camping

Who is at Risk of Coronavirus?

In short, during a global pandemic, everyone is at risk. Those who are more vulnerable are more at risk of serious symptoms. The people who are most at risk are people with underlying illnesses and diseases that make them more vulnerable to respiratory problems, this includes people with diabetes, lung diseases, kidney failure, individuals with suppressed immune systems due to medications that they are taking or undergoing Chemotherapy. People over 50 are also at a higher risk of having serious symptoms.

How is it spread?

Just like the common cold the 2019 Novel Coronavirus is spread by:

Contact with individuals that currently have the virus from exposure to infectious droplets from sneezes and coughing.

If you touch surfaces that have been contaminated by the infectious droplets and then touching, your nose, mouth or eyes.

What are the Symptoms?

The symptoms below can start anywhere from 2 to 14 days after exposure to the 2019 Novel Coronavirus.

- Cough
- Fever
- Shortness of breath or difficulty breathing

Steps to take to prevent getting the virus

1. Wash your hand Thoroughly, and often with soap and water, or use alcohol based hand sanitizers.
2. Disinfect frequently touched items and surfaces
3. Avoid gathering in groups, and continue to social distance
4. Only go out when it is essential. Keeping the public out of grocery stores, and public areas as much as possible, will help to keep everyone safe.
5. Always keep a safe distance from other people and remember to only be in contact with people in “your bubble”

City Residents need to be cautious when entering campgrounds.

Beyond the regular safety precautions necessary, dwellers of large cities need to be mindful of the risk they pose when going to Campgrounds.

People who are travelling outside their cities who may develop symptoms are at a disadvantage when it comes to finding appropriate medical attention, and may be forced to visit smaller community hospitals and clinics. These smaller areas may not have had any cases and putting this stress on smaller healthcare facilities is something to be very cautious of.

Be careful on your way.

Campers travelling from the city should remember that restaurants, rest rooms, and gas stations are some of the highest risk areas to contract the virus, and should be avoided. Remember to come prepared, and shop at your regular neighborhood grocery store before leaving the city to ensure you have everything you may need.

What do the experts say?

A lot of experts are in agreement, that campgrounds can be one of the most practical areas to re open is all visitors are taking every possible precaution to ensure they are being safe.

What great news! So keep up the hard work and safe social distancing campers! If we continue to do so, we can continue to camp, and even begin to help the problem by staying safely at our trailers!

IMPORTANT INFORMATION PAGE

FIRE BAN IS...

While a Fire Ban is **ON** or **IN EFFECT**, you are **NOT** permitted to have any type of fire, at any time.

This includes fires used for cooking and camp fires. The only exception to this fire ban is the use of a propane fireplace. If any of our guests violate this rule, Cedar Cove Resort will be fined, and in turn the guest who refused to comply with this rule will be fined the same amount by Cedar Cove Resort. **There is zero tolerance for fires during a fire ban.**

Be sure to make yourself aware of any fire ban that is in effect. Cedar Cove Resort is located in Lanark County, and has this information available to you! www.lanarkhighlands.ca When a Fire Ban is in effect we post signs on you way into the parking lot, on the front door of the Lodge, in Reception, in the Store, and at the Gate. This information is also posted on our website www.cedarcove.ca, and to our Facebook page!

WHAT DO I DO IN A POWER OUTAGE?

In the event of a power outage, there are a few things we would like our guests to be aware of!

- 1 - When the power goes out, Reception / The Lakeside Grill / The Store all have access to the generator beside the Lodge. This means that you are able to purchase ice and necessities from the Store, and come in for a meal at The Lakeside Grill!
- 2 - During a power outage, our internet, and debit/credit machines usually go down. If this is the case, we will only be able to accept CASH.
- 3 - **Please use water sparingly!!** This one is very important! Our water system is run by electricity, so please do not be putting a lot of water down your drains or toilets. The water will run into our system, but will not be able to run through the system. This has the potential to cause back ups, and nobody wants that!
- 4 - During a power outage, please do not use **THE WASH HOUSE!** This facility is not connected to the generator at the Lodge, meaning there are no lights, no water and no ability to flush the toilet! **During a power outage, the POOL WASHROOMS will be available during business hour only, until the power returns.**
- 5 - During a power outage, our phone at Reception (613-623-3133) may become unavailable, so you will be unable to reach us at the Lodge by phone. The Emergency number for Cedar Cove is 613-859-COVE(2683), but in extreme emergencies call 911!
- 6 - You may choose to make a "72hr Emergency Preparedness Kit" for your trailer!
 - Water (2L / per person /per day)
 - Hygienic products (face/hands/body)
 - Unscented candles
 - Cash
 - Manual can opener
 - First Aid Kit
 - Non Perishables (canned or other)
 - Flash lights and Batteries
 - Matches
 - Portable External Battery for small devices
 - Blankets
 - Medications (Advil, Tylenol etc)

When a FIRE BAN IS IN EFFECT and the power goes out, you are still NOT PERMITTED to have a fire for any reason, even for cooking. This is very dangerous, as we would have no running water if the worst should happen. We hope that the power stays on all summer long!! However, Mother Nature is in control and you can never be too prepared!!

This \$5.00 deposit will be returned to the visitor when the Key Fob is returned to Reception during office hours. Seasonal Guests will not be permitted to pay this \$5.00 deposit, as this is the way we keep track of who is in the park. The only way that the visitor would not receive this deposit back, is if they left after Reception closes. In these cases you will have to let your guests or service people in yourself. **THIS IS THE ONLY TIME YOU CAN DO THIS!**
