Class Information Sheet

Classes will be held at 1220 Weil Street, Suite #4, Billings MT. There will be a maximum of six dogs in the class.

Dogs are masters at discovering the world through their noses, we are teaching them we want them to indicate a specific odor that has no other meaningful distinction to them. We are the student of the dog while learning to read the subtle changes in body language indicating he has located the odor source we want him to find. Handlers learn through practice and watching to become efficient, effective partners of the dog.

It is understood that your team (dog and handler) has the basic idea of this search game through attendance in an Intro to Nose Work class. If the team has not attended the class then acceptance to this class is only through discussion with and approval by the instructor.
