At New Horizon Living Centers, we dedicate our hearts, time and energy to help children and adults with special needs lead more fulfilling lives. Our organization works to help people with mental disabilities, physical disabilities, and those recovering from drug and/or alcohol addiction. According to the U.S. Census Bureau, there are over 56.7 million people in the United States who are disabled, which is 19 percent of our population, or one out of five people. Many of these people are indigent and need help with basic necessities of life such as housing. Your support helps to ensure we can provide a clean and healthy environment to these individuals, along with the basic necessities to help them to transition into mainstream life. There are many ways to support our mission. We accept monetary donations of any amount, as well as in-kind donations of food, clothes, diapers, backpacks, school supplies and holiday toys for children. We distribute these items at our Food Pantry and Clothing Center as well as at special distribution events we hold throughout the year.
