

November 17, 2021

Dear Baycrest Homeowners,

Starting Monday, December 13 through December 17 D&G Pavement Solutions will be on property to reseal Galashields Circle. Traffic will be blocked from December 14th through the 17th. Please note that you will have to move your car from the garage on the evening of 13th and park on the opposite side of the areas scheduled to be closed if you need to go out during the seal coating on the 14th. The evening of the 15th will be when you have to move your vehicle from one side to the other as well.

The vendor will be on site by 7am the day of sealing. The parking areas and roadways will be reopened approximately 36 hours after initial closure. If vehicle is not moved, there will be a chance that it will be towed.

Please do not move traffic control devices, be aware of wet sealer and be cautious where you step.

Irrigation will be shutoff the entire week (12/13 through 12/17) please hand water if you are concerned about your turf and plants not getting enough water. Greenscapes will not be on property at all during this time.

This schedule is dependent on the weather as well. If work is delayed due to rain, it will proceed the following day and the schedule will correlate.

Patience is desired while D&G does their work in the community.

Please see attached for further information.

Regards,

Cathy Avenatti, CAM

BAYCREST PARKING LOT SEALING

Attention Residents:

Please ensure all vehicles are removed from the construction areas by 7am the day of sealing. These parking areas and roadways will be re-opened approx. 36 hours after initial closure. If your vehicle is not removed from the area, there is a chance it will be towed, at the owner's expense. Please make arrangements for your vehicle on the designated days.

Please do not move any traffic control devices. Be aware of wet sealer and cautious where you step. The schedule is weather dependent. If work is delayed due to rain, it will proceed the following day and the schedule will correlate. We appreciate your patience with us while we work on your community.

Thank you,

DG Management
