NEW YORK, NEW YORK 10021

Jan. 25, 1974.

Dear Mrs. Eckstein and Mr. Usterwil,

My husband and I
were deeply touched at the unanimous decision
of the M. R. A. to extend to us honorary membership
in your idealistic organization. We accept the
honorary membership with gratitude and
appreciation. We too hope that the tireless efforts
of the original dreamers will begin to be fulfilled
and that there will be increasing cooperation
by all of us to keep the Ecological Center (the 72 acres)
in its natural state and that the total area
will become a flourishing American Ethical Union
Center.

most sincerely yours,

Mary + Walter M. Weis. -
