<ul style="list-style-type: none"> • I like how Professor Sun provides the lecture slides online and that he has a lot of ways to earn grades. I wish he would explain certain projects better and more in detail • Excellent course taught by an exceptional professor! • I had little knowledge of East Asia coming into this course and now feel very informed. Dr. Sun was an excellent professor. He incorporates a wide assortment of assignments which appeal to different types of students very well. The workload could get excessive at times compared to other classes, however it was manageable. The lectures were very informative and interesting, and Dr. Sun did an exceptional job of incorporating personal experiences into the material. My only real complaint would be that he does not post grades to scholar. • Great class and was lots of fun!!! • Moving the quizzes away from Kahoot! toward a paper copy or other format would be appreciated. Despite time not being a technical factor, it does play a part in these quizzes as you can't skip questions and return or spend extra time on something.
