

AMAZON MISSIONS

JULY 2014

CANADIANS ARRIVE AND WALTER

Praise God, I am back in South America, Peru, with Walter Canayo, my ethnic counterpart and friend, brother and missionary in the Lord from the Yine Tribe and 5 Canadians from Lake Eerie who have joined me. We will soon fly over the Andes Mountains down to the Amazon Jungle, near 3 frontiers, Bolivia, Brazil and Peru, from where we are targeting to reach the Amazon Indian groups mentioned and pictured in my previous newsletter not yet reached with the Gospel.

There are lots of logistic preparations to be made as we want to be the most effective for God that we can be. Walter as well experienced ethnic pastor and missionary is of the greatest help as this is a superior expedition. We are going into more unreached territory than before and therefore different preparations are

being made.

Through my phase in Canada I have spent some quality time with the 5 Canadians and we are spiritually prepared. Our Amazon trips are very important as it brings light into the darkness of the jungle which remains one of the most unreached areas, all respects calculated, and your involvement is of great importance making it possible for us to continue and reach these tribes who desperately need JESUS CHRIST, just as much as you and I needed Him! The more you support these trips, at all levels, the more we will accomplish. Vice versa, you can go and take our place in the wilds or we can stay back home and support you for this task. Which position do you actually prefer? ☺

Walter Canayo has escaped ambushes and flying arrows by the Mashco Piro Indians and has been delivered miraculously from a false death sentence which was conspired against him in which God used an unknown man in white clothes and a red tie to cancel all the accusations against him on paper.

MISSIONS COURSE - MOSSELBAY - SOUTH AFRICA

In May I did a right around the country tour, following the coastal side of South African from Johannesburg through Uppington, down the west coast through Clanwilliam, across the Cape to Mosselbay, George, Willowmore in the Klein Karoo up through Durban and back to Johannesburg. God opened many doors where I could just share on the great work in the Amazon at various churches, schools, fellowships, groups etc.

It was during this tour of sharing country wide that I experienced the Lord challenge me to start a Missions Training Centre in Mosselbay, sometime, which I deem as a strategic place for training people, who feel called by God so that they can take up their challenges in becoming missionaries. This course is a very practical course of one month and will focus on how you practically start and kick off being a missionary surviving anywhere on the globe living by faith economically and being secularly and Biblically accurate as also being one of the many subjects and topics being taught.

I have discovered in the more than 21 years of officially being a missionary that more than 90% of Christians who could be called to GO into the mission fields are being held back because of two fears:

1. The possibility of having to end up without money on the mission field and coming back as a failure and feeling one.
2. The possibility of having a pre-mature death because of negligence or unfamiliar danger zones, not feeling prepared for that.

We deal thoroughly with these and other issues on this course.

Please write to me or call if you are interested. How the funds will work is simple. Being a course that will teach you how to live by faith we practice what we preach ourselves and would only require from you that you sow your tithe for that month for the training plus encourage you strongly to sow a strong offering (the larger your offering the more you reap in all respects – 2 Cor 9:6).

I will still have to confirm the inauguration of this course officially as it depends on how many students will enroll on a first possible course.

NEW ZEALAND - CANADA - FEEDBACK

The feedback is great. I addressed miscellaneous groups of people in the North - and South Island, NZ. My one cousin arranges men's camps in the far north of New Zealand and it was wonderful to partake therein challenging men to become active partakers in all areas of life being full of the powerful Spirit of God and hereby risking to live the Word of God out raw and bluntly. I also

addressed groups in the South Island in Dunedin with the students.

In Canada I got invited across the breadth of the country to testify, share and preach in and at many venues reaching many people challenging them with the Gospel of JESUS CHRIST to become active partakers in taking the Gospel out themselves to people around them as many will not hear if you and I do not go out. Hell is real and that's why JESUS so ardently said that we need to go out and tell them about this Good News to the ends of the earth. Become involved by taking it out yourself, giving towards it by praying for it and for those who take it out or financially contributing to them which enables them to cover at least transport cost and get there.

AMAZON JUNGLE - PRESENT GOALS

In the more than 21 years that I have been reaching out to the Indians of the Amazon Jungle this is the first time that I will be dealing with this specific group which have only been effectively reached last year. This is our aim to start sharing the Gospel effectively with them through our related ethnic missionaries who speak their language.
