MARKETING

We still have openings in some classrooms. We need to fill seats in those rooms with new students. We cannot “hold” spaces for families who did not receive transfers. Marketing Flyers have been printed up and will be made available to families at the home school association meeting if you could help by placing them at your churches or other places of worship, stores or friends etc.

“A Blue Ribbon School”- we continue our mission as a Citadel of Hope in the city and are setting our sites on being recognized by the federal government with this prestigious honor (you can find out more here <https://www2.ed.gov/programs/nclbbrs/index.html>). We have capable, bright and well-adjusted children so I know we can do it! We are Middle States Accredited and participate in the Peaceable School Program.

We are a Google Apps for Education School and our technology lab will now house HP Chrome books to support our efforts to prepare our children for high school and beyond .

Beginning Next Week 8th grades will be expected to stay afterschool for test prep.
