

2023 School Safety Conference

June 13-15, 2023

Basha High School
Chandler, AZ

Arizona School Resource Officers Association School Safety Conference

The 2023 ASROA Board of Directors would like to welcome you to the 2023 School Safety Conference.

We brought together a diverse collection of subject matter experts from a variety of backgrounds and professions to speak on relevant topics such as school safety policies and procedures, risk and protective factors, drug trends, police tactics and strategies, mental health, adolescent brain development, mentoring, emergency response management, and other school related matters.

Attendees at this year's conference include School Resource Officers, Juvenile Probation Officers, Security personnel at the school and district levels, as well as Administrators from all levels. We hope all attendees learn from the speakers and bring policies, procedures, or ideals back to their home schools, departments, and districts.

We encourage all to network with other attendees, presenters, vendors, resources, and professionals from around the state.

Thank you to all who have taken time to contribute to this year's conference by attending, presenting, or facilitating.

ASROA 2023 Conference was made possible, in part, by the following partners:
