Cedar Key School

Tuesday, June 26, 2018

Yankeetown School

Thursday, June 28, 2018

The Community Relations Division of the Levy County Sheriff's Office is offering a Teen Driver Improvement Program to all Levy County students who have a current Operators License, Learners Permit or who are about to apply for their Learners Permit. Students must be between the ages of 15-19 or turning age 15 by August 1st of this year.

The Program goal is to educate the teenage drivers of Levy County about the dangers of aggressive driving, distracted driving, impaired driving, and to reinforce the benefits of seatbelt use. These four issues have been found to be major causes of teen involved crashes, injuries and fatalities. This program consists of classroom instruction, videos, power point presentations and hands-on time during which the students will drive golf carts through a course to learn first-hand the dangers of choices they make while driving. This program is FREE of cost and is 4 hours in duration. The program includes a graphic presentation that will show students the human consequences of their driving choices. Parental waivers are required due to the graphic nature of the presentation. Waivers are available at your school front office or online at www.levyso.com. From the Divisions drop down tab, click on Law Enforcement Bureau, scroll toward bottom of page to Teen Driver Improvement Icon.

Students will be required to pre-register for the class by calling Sergeant Max Long at (352) 486-5111 ext. 256 or via e-mail at mlong@levyso.com. The class has a minimum requirement of 4 students per each class; therefore, the dates are tentative.

9150 NE 80th Avenue
